Report for January 10, 2018 to January 10, 2019

Dear anju jayesh,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 34th year you are building strongly on firm foundations, and making concrete progress on your path, acquiring useful communication and educational skills and building a solid network. Your initiatives are beginning to pay off, and there is a sense that what you are building now will stand you in good stead for the future. A sense of restlessness may also inspire you to make some adjustments at this time; on the one hand you don't want to rock the boat, whilst on the other you would like to distinguish yourself from the norm. For you and your generation there is a willingness to experiment with philosophical concepts, and you are inclined to embrace controversial views, and travel far in the search for insight.. Your particular way of expressing your uniqueness in this respect is through surrendering yourself to the maelstrom of thoughts and feelings that take place in an unstructured cosmos where humans are trying to gain a foothold.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you

are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 34. Three very important issues that make this year special are:

- You engage in an uncompromising period of identity change which at times threatens to overwhelm you. Only by abandoning aspects of your character and life that no longer serve any purpose, and making a leap of faith towards a new future, can you reclaim a sense of authenticity about your existence.
- Unpredictable events raise your adrenal levels and bring out the fighting spirit in the coming months, making you more inclined to take considerable risks. Whilst the samurai spirit is awakened, you may provoke others unnecessarily.
- You embark on a process of mental experimentation, gaining familiarity with new communication technologies or mental developments methods. This is a time when you encounter new languages and travel considerable distances to ensure that you

are where it is all happening.
