Report for June 08, 2017 to June 08, 2018

Dear Joana,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your thirties and a new decade, it is important to harness the lessons you have learned from your twenties, whilst letting go of the parental and social conditioning that could, if not re-examined, lead you along a path that is not uniquely yours. During the course of this year, you will lay the foundation stones for a new life structure on which you can build your life, especially professionally, over the next 10 years. Challenges now have a lot to do with your opinions and views about overall issues in life, which tend to get rigid or dogmatic with age. Learning to be open to new ideas from other people is the key to intellectual flexibility, and you would be wise to avoid ideological confrontation, instead training yourself to express powerful ideas in a convincing manner. These challenges have a lot to do with a latent insecurity that you feel in relationships, that inclines you to cement bonds to people who you ultimately feel dominate and restrict you. With time you learn to assume more responsibility yourself and stop projecting authoritarianism on others. Commitment to mature partners turns out to be a valid route for personal growth. It is now you need to apply all your energy and willpower into achieving what you really want for yourself - not what others want for you. By nature your protective instincts are easily aroused, which can cloud your emotions, but you work unstintingly for family interests. Protecting your assets is a strong motivating factor, but you are willing to take risks and face dangers to add to your gains. By mobilizing your resources for battle, setting your sights, and investing all your energy, you embark on the first steps towards creating your own unique and independent future.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and

festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 30. Three very important issues that make this year special are:

- A time that awakens a longing to use your time on projects that concur with your dreams and spiritual goals. A sense that you can get more out of your work and sexual life inspires you to discover new ways of working and new forms of physical expression.
- There are excellent conditions for growth, both in your personal status in society and professionally in your career. Established organizations look kindly on you and give timely support. A suitable framework is supplied for you to build your visions on.
- An exceedingly optimistic period begins when you gain insight into the meaning and direction of your life, expand your boundaries of knowledge and learning and widen your horizons through travel. This is a time when you develop a humorous attitude to life.
