HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Libra

PROFESSIONAL - LIFE-PATH: Relating

You have a talent for dealing with people. Your social nature combined with a fine aesthetic judgement gives you the opportunity to excel professionally in areas where good taste and an ability to weigh things in the balance are needed. This can vary from creative pursuits dealing with music or objects of beauty, to consultancy or dealing with personnel. You are strongly motivated to create peace and harmony around you, and will often find yourself taking the middle position between warring parties. As a natural diplomat, you will be appreciated by those you come into contact with. Some may feel you are manipulative, but most people benefit from your genuine concern for their well-being. At crucial times in your life, you may appear to be indecisive. You can agonise about taking a decision, and no amount of information gathering will help you. Ultimately you take decisions on an intuitive level.

PERSONAL - LIFE-PATH: Relating

Basically you are a friendly type of person, and you have a genuine and natural interest in other people. You probably come across as a sociable and charming person, and you have a special talent for creating an atmosphere of peace and harmony. Partnerships are alpha and omega for you, and you will seldom be alone in your life. You are willing to make many compromises to ensure that a relationship functions smoothly. Using your ability to see matters from another person's point of view, you can defuse conflict before it begins. However this tendency may be construed by others as a reluctance to confront important matters when they arise, and this in turn evokes a confrontational attitude in those who are close to you. You have a fine discriminating judgement - use this to discern when you should compromise, and when you should make a stand.

Ascendant Opposition Sun

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: I, myself, me

Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very

best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me

You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Opposition Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Ascendant Square Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised

harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The hard school

You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

PERSONAL - LIFE PATH: The hard school

You can be rather an inhibited person - at least in the early stages of your life. Experience has made you wary in your dealings with others, and rather taciturn in style. You may feel uncomfortable about your personal appearance, and you have low expectations as regards your potential in life. Nevertheless you can inspire trust in others because of your considered, serious nature. The older you get, the more you lighten up.

Ascendant Sextile Neptune

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The spiritual path

You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path

It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Ascendant Conjunction Pluto

This aspect is extremely powerful in your horoscope; every

action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Venus In Taurus

PROFESSIONAL - VALUES: Protect your values

You have a strong sense of values, and will tend to become powerfully attached to the things which are dear to you. With your fine appreciation of quality, and your determination to get value-for-money, you have a professional talent for dealing with banking, finances, material items and perhaps matters concerning houses and land. You are basically a reliable type with excellent judgement and you expect to be paid generously for these qualities. Being quite materialistic, you have a strong need for a solid income. Material possessions become a showcase for self-worth. You are however a careful investor, capable of saving up for the things you want.

PERSONAL - VALUES: Protect your values

A woman with this position will be physical and sensual. There is a strong need for a stable relationship with physical and material expressions of love. Gifts work wonders here, and body contact is important. Men with this position will seek a reliable and very feminine partner, and a good sex life will be an important ingredient in the relationship. Other things being equal there is a tendency to enjoy long and stable relationships. Material needs can be a point of contention, and economic upheavals strongly test the relationship. Both sexes will tend to have a gentle and loving

nature with a great capacity for enjoying the good things in life. You have a true appreciation of nature and of the beauty inherent in things, and you feel a deep satisfaction connected with the things you acquire during the course of your life.

Venus In 8th House

PROFESSIONAL - VALUES: Giving, not receiving

You have a deep appreciation of the importance of financial and emotional security and a talent for dealing with resources. Other people are inclined to invest their trust in you, and as such you may find employment in the financial sector. Early in life you tend to allow your judgement to be swayed by material concerns, and you may even sell out your principles in life just to attain financial security. A transformation at some point in your life teaches you that material values are illusory and transient. At this time you will acquire deeper values. You gain an understanding of the emotional bonds people form and of the crises people experience when they lose what they value most. You have the capacity to give heartfelt support in times of emotional trouble.

PERSONAL - VALUES: Giving, not receiving

Love has deep meaning for you, but your search for emotional security is so intense that relationships become something of a battlefield. You strive to attain the love, confirmation and attention which you did not receive in your early childhood years. There is a sense of emptiness in the place love should fill, or an anxiety connected with loss of a loved one. You may try to fill this emptiness with erotic passion, or material comforts, but the more you absorb, the emptier you will feel. Paradoxically you discover love when you seek within and develop your own self-worth. At this time you will discover how deep your own emotional resources are, and how much pleasure it gives you to share them with others. Your relationships improve dramatically when you maintain the passion and intimacy you are so good at showing, but cease asking for demonstrations of commitment from your partner.

Identity

Sun In Aries

PROFESSIONAL - IDENTITY: Discover your individuality

Other things being equal, you would prefer to be a leader. Many of your personal challenges are concerned with your ability to take an initiative and get things going before other people do. It is not in your nature to take orders, so if you

can't give them, you might prefer to go it alone. Your need for independence must be respected, if you are to thrive professionally. At best you are a fearless innovator, who is willing to take a risk to achieve short-term goals. At worst you are impulsive and headstrong.

Strive to attain self-satisfaction through pioneering achievement. It is often quite all right for you to put yourself first. People need someone to follow. Some of the greatest tests of your life arise when your sense of individuality is threatened. At these times you will mature by replacing a youthful self-centredness with the spirit of leadership.

PERSONAL - IDENTITY: Discover your individuality.

In relation to others you expect to be respected and hate to be told what to do. You function best when your leadership is undisputed. You prefer excitement in a relationship, and thrive in a partnership which gives you freedom and independence. At the same time you can be rather naive and romantic. You enjoy competition in relationships, and hate being fawned upon. Perhaps you like to see yourself as a knight in shining armour, or a pioneer on some way. You have a direct nature and youthful charm, though you may be somewhat self-absorbed. Harmony usually depends on your learning to see things from the point of view of other people. Women with this influence may project it and thus be attracted to men with the qualities described. Men will tend to stand on their masculine dignity in a rather adolescent way. The greatest transformations in your life come when you learn to assert your individual nature.

Sun In 6th House

PROFESSIONAL - IDENTITY: Service

You invest a great deal of your creative energy in your work. Recognition and appreciation of your efforts by colleagues is important for your self-esteem, and people will generally look up to you at work. Having a talent for delegating work you thrive when you have a position of authority and are best suited in middle-management with people both above and below you. You are strongly motivated to be helpful and are quite willing to put the interests of co-workers before your own - top managers do not do this. You would work well in service industry, or in any field in which your expertise is at the disposal of others. Problems at work arise when you do not get recognition and respect, and it is important for you to know when to assert yourself and set limits in the demands of others, and when to serve others wholeheartedly. You are a conscientious and hard-working person with a talent for improving efficiency in your working environment.

PERSONAL - IDENTITY: Service

In your search for self-expression you will find great meaning in the concept of service. As such you are a very unselfish person, and your greatest satisfaction comes from helping others or being useful. You can find meaning in daily rituals and small acts of devotion. By watching and improving the way things function you find a place for your identity in the larger scheme of things. Your partner will appreciate your helpful nature, but you have to know when to draw the line - otherwise you may end up with all the work. You have a talent for matters concerning health and diet, and you can gain insight into your identity through developing your consciousness of the interdependence of mind, emotions and body.

Sun Conjunction Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During

the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

Sun Square Saturn

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Winning self-esteem

You are a hard-working and ambitious person with a strong drive to prove yourself in society. There may however be difficulties with authorities, despite your desire to live up to the expectations of society. The first 30 years of your life will bring a great deal of obstacles to success, but you will learn important lessons and ultimately develop a self-sufficiency and discipline which lays the foundation for success later in life. It is important for you to overcome negativity or pessimism concerning the future. Not all success is won by hard work alone. You are often more motivated by the fear of failure than the promise of reward, and this can hold you back from realising your full potential. If all goes well you will acquire more and more responsibility during the course of your life - and you deserve it. You are conscientious and take your responsibilities seriously. You are the kind of person other people can rely on. You would rather be the power behind the throne, than have a high profile yourself. Remember to take time to enjoy the fruits of your efforts, instead of continuously driving yourself onwards.

PERSONAL - IDENTITY: Winning self-esteem

You are a rather formal person who takes life seriously. Childhood experiences - especially the relationship with your father - has undermined your self-confidence and made you reluctant to stick your neck out. You are more

likely to bury your "talent" than gamble with it. You have a strong need for approval, but as a child love and approval was always conditional on your performance. You have been more appreciated for what you did, than for who you are. Later in life you tend to judge yourself harshly, and you have a bad conscience about enjoying life and relaxing. You tend to be too dismissive when offered love and affection, and rather severe when giving it. There may be authoritarian tendencies and a lack of flexibility as regards rules. Nevertheless, you are a person who can be trusted. You have high principles, and as you do not indulge expectations of the easy life, you work hard to build up a secure structure in life for those you hold dear.

Sun Trine Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would

definitely benefit from meditative practice.

Sun Opposition Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Saturn transiting Square Sun

29-01-2018 -> 24-12-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Emotions

Moon In Libra

PROFESSIONAL - EMOTIONS: Smooth out differences

You are an extremely socially-oriented person, and you get a lot of pleasure out of your personal relationships. In career

matters you have a natural diplomatic talent, and this can mean that you work well in a profession where personal relationships are important - for example working with personnel or with the public. Matters of taste are important, and you will not feel at all comfortable in an inharmonious environment; conversely you are very good at creating harmony in your surroundings. You often shy away from confrontation, and your tendency to be aware of many sides of an issue can make it difficult for you to take a decision.

PERSONAL - EMOTIONS: Smooth out differences

You are most content when you are firmly ensconced with friends, or in a secure partnership. And you are willing to make considerable compromises to ensure that things function smoothly in this area. Injustice can make you lose your poise, and you are very concerned about fairness and equality. However you are eager to please, and unwilling to take a controversial role. On the other hand you are rather romantic and easily led astray by matters of the heart. On the road to maturity there will be radical developments in partnership matters which force you to re-evaluate your dependence on others. You will often bring an atmosphere of peace and harmony to your home and family life.

Moon In 1st House

PROFESSIONAL - EMOTIONS: Showing care and concern

As a person for whom emotions and attachments are central to your view of life, you tend to show your feelings openly. You are deeply moved by emotional issues and this may manifest on a professional level as a caring job which utilises your ability to tune in to the needs of others. You form very strong bonds to the people to whom you are close. As trust and intimacy are primary concerns you may choose to work in a family business. There is a talent for working with food, property and the sea, or you may be involved with the public in some way. You are extremely good at tuning in to the moods of others, and have a natural instinct for catering for their needs.

PERSONAL - EMOTIONS: Showing care and concern

The bond to your mother and family has a powerful influence on your development for good or ill, and some of the major developments in your life will arise in connection with the family. You instinctively know how important feelings are to your personal development. Some people may see you as over-emotional or sentimental, but you know how to provide a truly nurturing environment for others to grow in. You have a powerful impact on your surroundings through your moods; indeed there may be a childish immaturity in this area. You may exhibit too much

dependence on others, and are too attached to the past. Nevertheless other people will experience you as caring and giving.

Moon Conjunction Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

Jupiter transiting Conjunction Moon

17-01-2017 -> 03-10-2017

Major changes will occur in the area of your life described

here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Uranus transiting Opposition Moon

09-03-2017 -> 17-04-2018

Very strong tensions will occur in your life in the following

area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of career involvement with groups and with collective ventures now.

PERSONAL - EMOTIONS: Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while.

If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an important attachment to an untraditional group now, and you will be attracted to people who live on the fringe of society.

Mentality

Mercury In Pisces

PROFESSIONAL - MENTALITY: Realise your visions

You are an extremely imaginative person and have a talent for creative work and thinking. Your ideas and opinions tend to coalesce from a variety of impressions and indefinable sensations. Actually you tend to make inner representations of your ideas on an inner film strip, and translate these pictures into words. Naturally this gives considerable creative talent which is useful in many professional areas - for example the advertising industry, the world of graphics etc. On the other hand you may not be so expert at expressing yourself in a factual and coherent way. You are easily influenced by other people and their ideas, and need peace and quiet to function optimally. You are easily distracted and need to feel inspired, if you are to do good work.

PERSONAL - MENTALITY: Realise your visions

You are a visionary type, probably quite soft-spoken, and moved to communicate by your dreams and inner feelings. You have considerable fantasy, and if the real world becomes too boring (- it often does), you may daydream. Often you will feel misunderstood, but it is up to you to make the effort to clarify your ideas. Actually you hate to be pinned down, and you may be reluctant to express your dreams and ideas for fear that they will lose their allure in the cold light of day. Experience shows that when you try to initiate others into your dreams, they become sceptical. You prefer to keep your illusions. By combining your imaginative power with a practical talent, you will be able to make your dreams real.

Mercury In 6th House

PROFESSIONAL - MENTALITY: Expertise

On one level or another you are an excellent organiser and full of ideas about how to make things function efficiently at work. You have secretarial talents, and function best when dealing with communications or improving the efficiency of a network of business connections. You need constant mental stimulation and a variety of tasks so that you do not get bored. One weakness can be a tendency to be too influenced by gossip amongst colleagues, or to criticise too much, or to be easily distracted. You may also be somewhat restless, and this will probably result in a number of significant job changes as you advance in life. You may be able to function in two jobs at the same time. You have a talent for health matters.

PERSONAL - MENTALITY: Expertise

You are a busy person and like to use your energy on a variety of household tasks. You may be an expert in a number of fields - cookery, gardening, home-improvements

etc. - and generally speaking you are good at keeping the home functioning smoothly. Your partner will appreciate your ability to get things done; however you may be a little too busy, a little too critical or a little too organised. You have many talents - and these may include an interest in the functions of the body and the importance of nutrition. You will become an expert in several different fields.

Jupiter transiting Square Mercury

19-01-2019 -> 21-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the

mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Neptune transiting Conjunction Mercury

14-04-2018 -> 31-12-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Mental sensitivity

This is a time when you should be able to realise your creative mental potential. If you have ambitions in connection with film, poetry, writing or any unusual forms of communication, you should do what you can to encourage the flow. You are capable of channelling subtle information and ideas now. If you are considering any kind of intellectual training, ensure that it inspires you. If you embark on some long-term study which does not interest you sufficiently, you will regret it later. You need intuitive and spiritual inspiration, so avoid business or secretarial courses which require hours of learning by rote.

Although this period is excellent for creativity, you cannot trust all the signals you receive at this time. This is partly connected with your uncritical acceptance of information you want to be true - which means you can easily be confused by a smokescreen - and partly because of a tendency to meet people who can't exactly be relied on at this time. Bear this in mind if you are considering signing contracts or making binding agreements. In many ways it is a good period to give material ambitions a rest and seek to enrich yourself mentally.

PERSONAL - MENTALITY: Mental sensitivity

During this period of enhanced mental sensitivity, you can learn many things about the way the mind functions and the nature of reality. The phrase "It's all in the mind" takes on an entirely new meaning at this time. By learning to channel your thoughts, you can alter the way you experience reality. However this period is characterised by a feeling of pronounced mental dissatisfaction - a sense that you cannot express exactly what you think and feel, and a feeling that you are not truly being listened to.

A sense of being misunderstood can increase the feeling of loneliness and isolation in your relationships. Avoid expressing disappointment in connection with this, as this will only increase the confusion of others. In reality you are being challenged to find new ways of reaching people. Bearing in mind that scientific studies have shown that communication is 55% body language, 38% voice tone and

only 7% words, strive to tune in to the factors in communication which really have a deep influence. You would benefit through attending courses connected with communication at this time.

Values

Venus In Taurus

Venus In 8th House

Please read page 3 : Venus In 8th House

Venus Sextile Saturn

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - VALUES: Formality

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

PERSONAL - VALUES: Formality

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only

makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

Jupiter transiting Opposition Venus

16-11-2017 -> 25-07-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a

partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Drives

Mars In Aquarius

PROFESSIONAL - DRIVES: Create tomorrow today

You are a visionary type with many strong and sometimes provocative views. There is a willingness to find new solutions to old problems and this may manifest as considerable inventiveness. You are inspired by social issues and often shocked by what you consider to be social injustice. There is a sense of being on the periphery of conventional social life. Paradoxically, even though you may fight for a cause, and have many friends and comrades, you can experience a sense of alienation from others. Perhaps it is your fate to be an outsider. If you wish to experience more social harmony, it will pay for you to be less controversial or provocative. Although your views may be about tolerance, you can have a tendency to express them in an intolerant way. You work well in unconventional areas which require an experimental attitude. There can be talent for social or political involvement on a smaller or larger scale, and perhaps New Age activities.

PERSONAL - DRIVES: Create tomorrow today

You have an extremely strong sense of individuality, and this may have set you at cross-purposes with your family or society at a very early age. You do not like being told what to do, and neither should you be, because it is your job to find unconventional solutions in life. Although you enjoy company, you also feel alone - partly because you have difficulty accepting bourgeois values. You would thrive dealing with people who come from a completely foreign environment. Men with this position may put menfriends and social interests before commitment to a relationship, and they are demonstrative against being smothered by conventional romance. They do however like the excitement of an unpredictable relationship, and can be rather experimental from a sexual point of view. Women with this placement often find themselves getting electrically attracted to the unconventional type of man - perhaps an outsider in society, perhaps a foreigner. Both sexes will experience sudden and unexpected change during the course of

relationships.

Mars In 5th House

PROFESSIONAL - DRIVE: Creative enthusiasm

You are a dynamic person, willing to take a risk and happy to have a high personal profile. Other things being equal you love competition and are inspired by a good challenge. Sport may attract you or anything connected with gambling. Diplomacy is not your style, you prefer to be honest and direct in your dealings. It is important for you to express your identity in a spontaneous and hearty way. Your rough and ready charm makes you an attractive companion. You are courageous and very active and like to make things happen around you. In business you are often willing to make the first move and have a good instinct for quick profit.

PERSONAL - DRIVE: Creative enthusiasm

You may be something of a Don Juan - or if you are a woman you will be attracted to the Don Juan type. You set about conquering the heart of your loved one with determination and enthusiasm. You are not deterred by resistance - quite the opposite in fact, for you love a challenge. You probably have strong sexual appetites...perhaps they are just a part of your general healthy vitality. However troubles will come through love affairs because your lack of sexual discipline undermines relationships. At first you may see children as restrictive, but actually being a parent can be very fulfilling to you because you can have someone to play with. Your partner will appreciate your childish enthusiasm and physical lust, but anger can arise if you are not faithful.

Jupiter transiting Square Mars

29-12-2017 -> 02-10-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and

expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Wisdom

Jupiter In Aries

PROFESSIONAL - WISDOM: Faith in a positive outcome

You have the ability to achieve short-term goals at considerable speed, and luck will often be on your side. You have leadership abilities. Self-confidence and a naive faith in your abilities bring you a long way. To make the most of the your natural blessings in this area, it is important for you to formulate your future goals. Thereafter the simple act of taking the initiative, coupled with a strong faith in the outcome, will almost certainly ensure success. Some people may consider this style rather impulsive, yet a positive attitude coupled with action - the surprise attack - brings untold benefits. The benefits you can achieve - both in your professional and personal life - never arise when you are

passive. Do something!

PERSONAL - WISDOM: Faith in a positive outcome

You were born in a year of tremendous dynamism and pioneer activity. This gives you personally the potential and courage to initiate dramatic new circumstances in your life when necessary. This may manifest itself as an impatience with the status quo and a constant need to explore new horizons. Independence and challenge will be important values for you because you can feel more yourself, and more in connection with something greater than yourself, when you overcome obstacles and embark on daring projects. You like learning by doing, and you need to taste the spirit of adventure to feel truly alive. When expressing your opinions you tend to be forceful and impatient, and you will rarely admit that you can be wrong. Old ideas bore you - truth for you is based on your own experience.

Jupiter In 6th House

PROFESSIONAL - WISDOM: Daily significance

You have good judgement and executive ability, and have the ability to create a well-functioning working environment. This is probably because you spread an atmosphere of tolerance and optimism about the future around you. Colleagues will appreciate your buoyant disposition and considerable insight at work, and you will be well-loved in a managerial position. Your ability to grasp the main issues suits you for a position in middle-management in which you delegate work. You can function independently but it is also important for you to feel that you are of service to, or in, a larger enterprise. Career developments will often take a fortunate turn and may bring travel or an international environment. You may have a talent for working with judicial matters - your superior judgement should at least be put to good use in one form or another.

PERSONAL - WISDOM: Daily significance

Other things being equal, you are a kind and helpful person, and you know how to get the best out of everyday life in a relationship. You are efficient when working but at the same time you know how to create time to relax and enjoy life. Where other people often get weighed down by daily tasks, you find enjoyment in them and even gain insight into larger issues through daily rituals. You are magnanimous in offering help and caring when you encounter people in need. You may have a special talent for health matters, and you are specifically good at harnessing the power of positive thinking to benefit the mind and body.

Jupiter Opposition Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - WISDOM: Transformation of beliefs

This influence is often felt more collectively than personally. This is a combination that shows power in one form or another: big money, the power of ideology, the law. You will have very strong convictions and a intense sense of justice, and as such will often find yourself getting involved in issues connected with beliefs, righteousness, power and the misuse of power - especially as far as large organisations are concerned. Success comes when you encourage tolerance in yourself, and flexibility concerning your views, thereby overcome a tendency to be unreceptive to the opinions of others. Systems of positive thinking can transform your life.

PERSONAL - WISDOM: Transformation of beliefs

Your beliefs will undergo a profound transformation during the course of your life. It is important for you to bear this in mind, as you often defend your convictions with an compulsive persuasiveness which can be dominating in personal relationships. You may be aware of an obsessive need to be right, or a consuming hunger to acquire insight, and this can be rather exhausting for those closely involved with you. By resisting the temptation to impose your beliefs on your partner, and by being open and curious about other people's opinions, you can attain harmony. You will certainly develop considerable psychological insight in your life, and this may benefit you both privately and professionally.

Jupiter Trine N.Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Wisdom in emptiness

Your counsel may be sought on a wide range of issues, and you may be able to attain an influential position in large groups or organisations, because of your judgement and visions of the future. You may get involved in social projects on a grand scale, though there is a danger of being seduced by magnificent mirages because of a faulty ideology. You will grow to understand the hollowness of prestige and

adulation, and will perhaps later seek refuge in a place of retreat.

PERSONAL - DESTINY: Wisdom in emptiness

You may seem a larger than life character in the circles which you frequent. You gravitate towards people who have influence and power, whether financially, socially or intellectually. Meeting people who you respect for their views and opinions is an important formative process during your life. You tend to go overboard when propagating your own philosophical ideas, but later in life you may develop a more meditative attitude to the nature of truth, perhaps through some religious experience.

Jupiter transiting Square Jupiter

01-12-2019 -> 26-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in

touch with the ground under your feet, you lose out in the long run.

Saturn transiting Square Jupiter

16-12-2017 -> 06-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Opportunity knocks

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

PERSONAL - WISDOM: Opportunity knocks

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future.

You are challenged to overcome negative thinking now, and to work on your personal capacity to believe in yourself and have faith in the future. It can help for you to redefine your spiritual values and make a concrete effort to build up a more solid spiritual base. This is the time to make your opinions clear and to take a firm standpoint.

Jupiter transiting Conjunction 2nd House

07-10-2017 -> 03-11-2017

PROFESSIONAL - WISDOM: The Universe will provide

You are generally fortunate in economic matters, and one of your greatest resources is your ability to expect the best of the future. Your capacity to have faith in the principle of abundance will be directly reflected in your material success. You are willing to spend money to make money,

and many people can benefit from your generosity. You may have a talent for advising others on economic issues, especially as you have considerable financial foresight. You may earn money in connection with abroad. Financial security is a natural expectation for you. It is unlikely that there will be any anxiety as regards economic matters, but should there be, you are a fast learner and gain insight into major issues when in financial trouble.

PERSONAL - WISDOM: The Universe will provide

Unless other compelling factors prevent this, you will enjoy a very good standard of living. Paradoxically material luxuries will not be of primary importance for you, they just follow in the wake of your generous disposition. You place greater value on self-development and understanding than on material gain, and it is the resultant expertise which brings you rewards. You have remarkably strong moral values and convictions which will manifest in philosophical or political opinions which you stick to through thick and thin. You have a strong sense of ethics, and other factors in your horoscope will indicate whether this is expressed in a tolerant or moralising way.

Jupiter transiting Conjunction 3rd House

10-11-2018 -> 06-12-2018

PROFESSIONAL - WISDOM: Spread your opinions

You are probably a widely-travelled person - at least you have wide interests and constantly seek to expand your mental horizons. You have a natural wisdom and the talent to discern the main issues and true meaning behind everyday events. You have natural abilities as an advisor or teacher, particularly at higher levels of education. You could be a skilled negotiator, perhaps on an international level. Your unquenchable thirst for knowledge and understanding inclines you towards a profession in which you are asked to draw conclusions after studying a wide variety of material. You may be involved in the further education system.

PERSONAL - WISDOM: Spread your opinions

You experienced considerable mental stimulation as a child, and a family member or teacher will have played an important role - perhaps as a mentor - encouraging you to learn and ask questions about life. Mental Ping-Pong at an early age will have evoked extremely strong mental convictions in you, making you a very persuasive person. You are probably knowledgeable and interesting to listen to, but you may be opinionated and dominating in an innocent kind of way. To be truly wise, one must also be receptive to other people's ideas. In relationships you respect

intelligence and demand mental equality. You have little time for superficiality and are always seeking profundity. You find meaning in the small things in life.

Challenges

Saturn In Cancer

PROFESSIONAL - SELF-RELIANCE: Building security
Saturn was in the sign of Cancer in the years 1944-1946 and 1973-75. This was a time of focus on the difficulties of rebuilding family and national values. There was a sombre mood during this period. Security and safety were major issues during these years, and all efforts were concentrated upon providing support. Insofar as you express this collective influence in your own career, you will be concerned with conventional values as regards loyalty, nurturing and security. You are strongly motivated by the needs of your family in your professional pursuits, and work hard to create a secure domestic foundation for your life, though the security you are striving for proves to be elusive. You may seek professional security through the extended family of some kind of corporation.

PERSONAL - SELF-RELIANCE: Building security
Your childhood was affected by a pervasive mood of struggle and difficulty which may make it difficult for you to express emotions in a natural or spontaneous way. You have the capacity to control and hide your feelings - this was probably the dominant trend in society as regards upbringing during your early years. In many ways you were probably asked to take too much responsibility at an early age, and though this gives you an aura of maturity, you may feel emotionally blocked. During the course of your life you will be challenged to come to terms with repressed emotions. You need to take the risk of showing what you really feel, without being afraid of being rejected. By building up a strong sense of emotional self-reliance, you will realise that you can afford to show that you are emotionally vulnerable. When you soften up emotionally, people will reach out to support you.

Saturn In 10th House

PROFESSIONAL - SELF-RELIANCE: Assume authority
Achieving professional success and a respectable status will be a lifelong goal for which you will strive in your life. You would achieve success quicker by working a bit smarter instead of working a bit harder. On your way up the ladder of achievement you will meet many obstacles - particularly from older people in positions of power. Instead of being

frustrated, see these obstacles as important tests which subtly strengthen you so that you will be able to meet future challenges. It is unlikely that you will experience success in the first 30 years of your life, but the decisions you make around the age of 30 will change your professional destiny. Important career restructuring will take place around the age of 44 and 52. At the age of 59 it is wise to replace professional goals with existential considerations. You may never notice the success you have already achieved, because you constantly set higher goals for yourself. As a long-term planner, you must be able to see how this kind of motivation eventually will lead to frustration.

PERSONAL - SELF-RELIANCE: Assume authority.
You make high demands on yourself, and this is probably due to early parental expectations which are not easy to live up to. If you strive to fulfil other people's expectations, you may never be satisfied, and you may forget to relax and enjoy the results for which you have worked so hard. Relationships suffer from too much emphasis on ambitions. Success can also be measured by your ability to cater for and respect the needs of a partner. However, you have a certain destiny to fulfil, and your personal drive and sense of responsibility means that you can have considerable impact on the society you live in. People will automatically respect you and invest you with authority.

Saturn Square Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power
Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

PERSONAL - SELF-RELIANCE: Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

Saturn transiting Opposition Saturn

14-12-2018 -> 27-10-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

PERSONAL - SELF-RELIANCE: Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to

define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong decision now can mean years wasted on unfulfilling work.

Originality

Uranus In Scorpio Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Uranus In 1st House

PROFESSIONAL - ORIGINALITY: Be unique

You have many unusual and original character traits, and you take pride the elements of your life which are unique. You have a provocative style and a desire to bring renewal in your personal environment. Professionally you are not suited to a job which cramps your style, and you may prefer to strike out on your own. You have inventive talents, global interests and a need for unpredictability in you day-to-day life. There may be talent for untraditional or futuristic interests. There may be technical talents or be interest in New Age matters - but whatever you do you need to feel that you have a special role, perhaps a little bit on the periphery of society. Sudden and radical changes in your professional direction are to be expected. The lure of exotic climes may bring travel.

PERSONAL - ORIGINALITY: Be unique

You were probably born under unusual circumstances which in some way created an outsider mentality in you. You have not taken kindly to parental influence, preferring to make your own rules as you go along. You tend to prove your point by doing the opposite of what is expected of you. You have a slightly disturbing influence on others, as you like to provoke changes in your environment. The more extreme your life-style and opinions, however, the more you are likely to feel alienated. You walk the delicate tightrope between creating much-needed renewal or just upsetting

others. Nevertheless you can be well-liked, and probably enjoy a wide spectrum of friends. As you do not believe in favouritism in any shape or form, you can attract very unusual people into your sphere of influence. In partnership matters you insist on personal freedom.

Jupiter transiting Conjunction Uranus

04-10-2017 -> 31-10-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Uranus transiting Opposition Uranus

18-07-2017 -> 17-03-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - ORIGINALITY: Self-renewal

Everybody experiences this influence at similar ages, each time Uranus aspects itself during its 84 year orbit around the Sun. The ages of 21, 42 and 63 are the most significant times of change and reorientation. At these times you are

challenged to make some form of renewal in your career. Unpredictable events upset plans and force you to keep up with the rapid pace of change going on in the modern world. It is favourable to broaden your horizons through travel and self-development course, and unfavourable to plod on in the same old direction. Self-realisation should take priority over status and ambitions now.

PERSONAL - ORIGINALITY: Self-renewal

Uranus makes major stressful aspects to its birth position every 21 years, and major positive aspects every 16 years. These should be times of exciting change and experimentation. Don't let yourself be restricted by the establishment - particularly in the form of parents and partners - during these periods. It is your job to challenge the status quo and preach the doctrine of renewal and change. Travel and change of environment can serve to bring you in contact with the electric energy of life. Be inspired and take a few risks.

Transcendence

Neptune In Sagittarius Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Neptune In 3rd House

PROFESSIONAL - TRANSCENDENCE: Develop intuitive knowledge

You have a great imagination and many visionary ideas. Your intellectual interests probably centre around mystical, artistic or musical subjects. Professionally this could express itself in a communication form connected with pictures, emotions or fantasy...for example in the advertising industry or connected with art in some way. In communication matters you are often disappointed that colleagues seem unable to grasp your ideas. Express yourself in a language they can understand. Concentration is not your strong side, so in educational matters you need to be inspired, otherwise you go off into a dream. You can captivate others with your visions and ideals.

PERSONAL - TRANSCENDENCE: Develop intuitive knowledge

It is unlikely that you thrived in school unless you had a connection with a teacher who you could idealise. Dry facts and information seem meaningless to you, so you direct

your interests towards subjects that capture your imagination - especially if they have a spiritual side. You tend to express yourself rather vaguely, perhaps because you don't like to be pinned down to any particular point of view, but the result is that you are often misunderstood, and this adds to your sense of isolation. When pressed you hide behind a smokescreen. In your relationships to brothers or sisters, there may be some peculiar unhappiness or loneliness which has a profound affect on your sense of what is meaningful in life.

Neptune Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Conjunction Neptune

19-12-2018 -> 24-08-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Neptune transiting Square Neptune

01-01-2017 -> 26-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Spiritual readjustment

This influence is experienced by everyone around the age of 41, and as such its effect is rather general. It is however important to consider to what extent your career lives up to your dreams and ideals, because this is the time when you can adjust working rhythms to incorporate some of your dreams. If you have a predisposition for escapism or lack of organisation, you can expect to be confronted by a general sense of dissolution. It can pay to take some time off to tune

in to Nature and spiritual or creative interests. At the same time you may wish to review the influence of alcohol or drugs on your life and make some changes.

PERSONAL - TRANSCENDENCE: Spiritual readjustment
Everyone aged 41 will experience this influence, though those with Pisces on their Ascendant may react more strongly than others. This is a good period for spending time on spiritual, creative, musical and artistic interests, and in general you should pay more attention to inner rather than outer needs now. You may expect some spiritual reorientation as you consider the basic meaning of your life. If you feel any inner despair or meaninglessness, then this is a signal for you to take steps to nurture your soul life. Be particularly aware of the negative affects of alcohol and medicine misuse.

Transformation

Pluto In Libra Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Pluto In 12th House

PROFESSIONAL - TRANSFORMATION: Exorcism

You may be able to use a talent for helping people on a psychological level in your career. You have the ability to keep cool when everything around you is in chaos, making decisions and cutting through to the essential issues when there is nothing firm to hold on to. You can deal with people who have gone over the abyss into total mental confusion, psychosis and self-destruction. You can orientate yourself in a psychic landscape populated by the demons of irrational fear and trauma. Perhaps at some point of your life you will work in a secret environment totally removed from the rest of society. You may also choose to throw in your resources into fighting evil forces in society. Having said this, you may be pathologically secretive yourself and afflicted by exaggerated fears of conspiracy, or that people go behind your back, or with the idea that everything is being manipulated by powerful and shadowy forces behind the scenes.

PERSONAL - TRANSFORMATION: Exorcism

During the course of your life you are going to have to face and purge inner psychological demons which defy the boundaries of rationality. Early in your life your behaviour

will be subtly influenced by repressed fears such as the fear of the dark, or fear of nightmares, or fear of being locked away. You are more aware than anybody of the influence of the shadowy world of the unconscious, and this can give rise to a certain paranoia because of the idea that unseen forces are more powerful than you. At its worst you may be obsessed by unprovable conspiracy theories regarding large organisations. However, where there is evil you have the resources to combat it, and where there are people in psychic need you can step into their personal hellworld. You can develop powerful spiritual and psychological insights during the course of your life, and through a process of inner transformation and purgation you purify your soul.

Saturn transiting Square Pluto

02-02-2018 -> 28-12-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power
This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Sagittarius, S.Node In Gemini

PROFESSIONAL - DESTINY: The inner guru

You enter professional life with a number of good cards in your hand. You have the ability to communicate and a good grasp of facts. On top of this you may have specific talents concerning the nature of the mind and the way it functions. Yet there is a tremendous restlessness and lack of staying power which means that you tend to change direction repeatedly, so that you have difficulty consolidating your achievements. As you mature you develop a strong need to weave all these threads into something more meaningful, and it becomes important for you to develop a life philosophy which puts your ambitions into perspective. An intellectual hunger may bring travel which widens your horizons and opens your mind. Adult education opportunities give you new understanding. International dealings and cultural exchange can also form the backbone of changed career goals.

PERSONAL - DESTINY: The inner guru

Major issues in your life centre around knowledge, communication and understanding. Early on you are very strongly influenced by the ideas of others, and you spend a lot of time passing on knowledge which comes from intellectual authorities. In general you are drawn in to a world of gossip which seems to dissipate your mental energy. You meet too many people, are always on your way from one place to another, and generally have difficulty formulating precisely what you stand for. As you get older there is a greater need to allow your own ideas to germinate. Mentor figures - especially from foreign countries - can play an important role in inspiring your new-found intellectual independence. By withdrawing from the enervating energy of the crowd, and by developing latent talents of reflection, you can enrich your life with a meaningful philosophy. It is important for you to expand your spiritual horizons as a counterbalance to the distractions of the world.

N.Node In 3rd House, S.Node In 9th House

PROFESSIONAL - DESTINY: Enlighten others

Although you start life very involved in developing personal understanding isolated in an intellectual ivory tower, as you get older you will get more and more satisfaction from your everyday contacts with other people. By availing yourself of the opportunity to disseminate your wisdom through some

kind of teaching or communicative activity, you discover how intellectually nourishing other people can be. Social activities which you may have considered trivial early in your life, may form the basis for your life goals later on - particularly after the age of 37. You become powerfully motivated to replace theories with practical experimentation, and to see other people put your ideas into practice.

PERSONAL - DESTINY: Enlighten others

The dichotomy between overall ideologies and everyday application of ideas is very apparent in your life. You discover that intellectual development is no end in itself, and that knowledge is really useful when it is shared and applied. Early in life your personal freedom will be highly prized. There will be considerable travel and deep philosophical flirtations. Later in life, there will be a greater tendency to form bonds and get involved in relationships. By getting to know people, and by relating to the facts of everyday life, you find a new sense of meaningfulness.

Jupiter transiting Conjunction N.Node

14-11-2018 -> 10-12-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.
