Birth Report

Dear CARLA RAINERO,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Opposition Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

How this influence affects your professional life:

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight.

Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games. Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Sextile Sun". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is the major time in your life in which you undergo a deep, transformative purging of your identity. The image of yourself you have cultivated in the past, and the ideas you have had about yourself, will now be cast off - you have simply outgrown your previous self. You may feel exhaustion, with a strong sense that old goals are dead. So now it is just a question of burying them and discovering what you really want to do, no matter what it costs. Crises will lead to self-examination. Layer after layer is peeled off, until you come to the core of your being. This

can be a very trying psychological process. You may feel that you are in a dark tunnel, with no hope of light at the other end. Your trials may seem to go on for ever, but within a year you will have experienced a profound transformation and developed a profound insight into yourself. Therapy or psychological interests are favoured at this time. You will discover your personal power. Women who have lived out their identity through their father or partner will cast off the chains of their projection. Powerful men are eliminated from the consciousness, as you assert your own identity.

How this influence affects your professional life:

This is an intense period in which you are under considerable personal pressure. You will radically redefine your identity at this time, so if you identify strongly with your career, you can expect fundamental restructuring of your goals. This is the time to sort out basic issues, as you do not want to waste valuable time on work that does not interest you. If you are dissatisfied with your job, you will now feel that it has no future whatsoever. However you will also feel that there is no alternative but to continue. But there is. You have to take a jump in the dark without expecting any guarantees whatsoever. When you jump, you will land in one piece, but old structures must be destroyed and a new foundation cleared, before you can start anew. Leadership issues will be paramount. If you have an executive position, you will want to totally change your role. Leaders around you may fall from power. After this exhaustive process is over, you will have discovered new depths to your being, and buried talents will have risen to the surface.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
