Dear Trudy,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 59th year you appreciate the significance of your age on the threshold to the sixties, with the realization that your greatest achievements may well lie behind you, whilst the future both professionally, economically and in terms of relationships is dependant on the structures you have already created. Yet this very realization has a settling affect; you are too wise to struggle against the inevitable, and fully aware that any decisions you make now will have effects that can last the rest of your life. It is at this age that you really can plan how you would like your future to be, using your knowledge and experience of the society of which you are a part, to maximize the benefits that the future can bring, and minimize the limitations. Your diplomatic abilities are excellent and you have a natural sense of what is right and fair, which means that you go a long way in the cause of justice. A natural ease with relationships makes rewarding partnership a constant blessing in your life. You love to learn, and this is expressed in aesthetic and cultural interests and talents. This is expressed in the way you project a larger than life personality, and celebrate love, children and creativity with great gusto; you enter a period when there will be confidence-enhancing experiences in these areas. Radical experimentation can be left to those who follow in your footsteps, but if your economy is strong, and your professional foundations firm, you can easily build further on what you have achieved.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of

your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 59. Three very important issues that make this year special are:

- A period that brings intense experiences in relationships on an erotic and psychological level, perhaps because your tastes and values are undergoing a deep transformation. Economic and emotional bonds that have outlived their relevance are dropped and replaced by new.
- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.
- Challenges arise which at first powerfully affect your self confidence, as successes are few and far between and recognition and respect lacking. By working on building your character and patiently shouldering responsibility, you establish a position of confidence.
