HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from AstroWOW are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The AstroWOW birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Virgo

PROFESSIONAL - LIFE-PATH: Efficiency

Your professional life means a lot to you, and you work hard and conscientiously to become well-integrated in your whatever field of interest you choose. You are more concerned with efficiency and service than with getting personal recognition, and this makes you an asset in any working team. You labour industriously behind the scenes to make things function, and still find time to look after the needs of your colleagues. You have special abilities as regards service functions, organisation and analysis, and health matters, and are especially concerned about cleanliness and purity. You do however have a tendency to underestimate yourself, never being quite satisfied with your efforts - or for that matter the efforts of others. As you are strongly motivated to create order, you tend to focus on disorderliness in others. Learning to relax and be content with your efforts takes the pressure off you.

PERSONAL - LIFE-PATH: Efficiency

One of your better qualities is your self-deprecating nature. You are often willing to put others first and are generally quite content to take on a low-profile role, in which you concentrate on getting everyday life to function smoothly for all concerned. You are both critical and self-critical, and may often feel that life is hard work - a never-ending stream of tasks waiting to be done. In contrast your partners seem to let things just flow along in a disorganised, even lazy manner. This is of course a natural consequence of your own over-diligent manner, in which you tend to take on the duties of others. You can learn a lot from partners by being content with, and accepting, things as they are. It can be a great satisfaction for you to develop greater health consciousness during the course of your life, as you have natural abilities as regards nutrition and the influence of thoughts and emotions on physical health.

Ascendant Sextile Venus

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Aesthetic comportment

You have the ability to create a pleasing impression, and generally you comport yourself diplomatically and with all

the social graces. As the ability to win the affections and confidence of others is one of your greatest talents, you would do well dealing with people in one form or another in your professional life. Aesthetic issues are also of great importance to you, and this may be reflected in your work.

PERSONAL - LIFE PATH: Aesthetic comportment

You exude an aura of grace and good taste, and this can win you many friends and admirers. Your dress, and taste in personal adornment, creates a very harmonious and pleasing atmosphere. You are easily seduced by beauty, and often led astray by affairs of the heart. Stable relationships can be threatened by your need for romance. Love is the spice of life. You have a weakness for sensory stimulation and luxury.

Ascendant Square Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Mercury In Virgo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - MENTALITY: Create order

Few people possess your capacity to study and analyse information and present things in such an understandable and factual matter. You can develop considerable expertise in several different mental areas, and you will tend to cultivate a perfectionism in these areas. Your love of detail may mean that you get bogged down, and this can perhaps prevent you implementing your ideas. You are strongly motivated to be of service to others. This can however mean that people will dump tasks on top of you, so it is essential for you to discriminate between what you really want to occupy your mind with, and to curb over-helpful tendencies. You function well in an administrative position, where you have to make concrete judgements about what is useful, and what isn't. Natural secretarial skills are a resource you derive benefit from.

PERSONAL - MENTALITY: Create order

You are something of a perfectionist and have a helpful - if somewhat critical - manner. You have an eye for details and it pains you to see something out of place or done inefficiently. As such you tend to involve yourself in many daily tasks, smoothing out the rough edges and getting things to function. You can exhaust yourself with having too much to do. You are businesslike in the way you express yourself, and you may have a rather chiding tone of voice. At best you are very supportive and a great helper, at worst you tend to undermine others with negative comments. Generally however, you prefer to keep a low profile, both as regards your opinions, and your many good deeds.

Mercury In 2nd House

PROFESSIONAL - MENTALITY: Develop mental resources

Your ability to communicate and inform, and perhaps a certain talent for wheeling and dealing, are great economic assets to you. You have an appreciation of the value of material things, desire to learn how money makes the world go round, and are quick to make contacts and reap financial benefits from them. You would thrive in a job in which your knowledge and handling of information, and your ability to build up a network of contacts are utilised. You may have a particular talent for the banking world as you are quick to assimilate news and information which is relevant for the constant changes in this area. You earn money through your intelligence, through teaching or through travel.

PERSONAL - MENTALITY: Develop mental resources

You have strong convictions, which are often based on the solid truths of the market. You are rarely motivated to show interest in insights which cannot be converted to practical

advantage. However major economic changes in your life can lead to reinvestment of your values in the resources of the mind, psychological interests etc. Financial complications can arise in connection with brothers, sisters and neighbours, and early experiences in these areas will already have proved formative as regards your values in life today. You tend to worry a lot about the material aspects of life, and are constantly coming up with new ideas about how to manage your economy.

Identity

Sun In Libra

PROFESSIONAL - IDENTITY: Create balance

It is in the complex inter-reaction with others that you learn to develop a sense of self. You can be an expert in social relationships, and skilled in initiating social contact. You are powerfully motivated by a natural sense of aesthetics, justice and harmony, and in your dealings with other people you are skilled at the art of diplomacy. You dislike taking sides and have the ability to see things from several different points of view. To others you may appear to be indecisive; but actually you need time to consider all the issues. Your natural talent to put yourself in other people's shoes can mean that you play down your own needs. By cultivating an inner firmness which gives you the courage to take on a confrontation when necessary, you will be able to make the most of your ability to relate harmoniously to others.

PERSONAL - IDENTITY: Create balance

The major formative experiences in your life are connected with relationships. In these key periods changes connected with your intimate bonds to another will lead to a revaluation of who you are and what your role is in life. You learn at these times that being true to yourself means not always compromising your needs for the sake of a relationship. Indeed this kind of compromise often involves an element of manipulation - if only through your natural charm. Nevertheless, you feel a sense of self most strongly when in a harmonious relationship and it is here that your talents lie. Your appreciation of beauty and your good taste brings an atmosphere of peace. You show a natural concern for others, but you demand that this concern goes both ways - you cannot accept a relationship, if the romance has gone out of it, and you are skilled at recreating conditions for love.

Sun In 2nd House

PROFESSIONAL - IDENTITY: Creating personal values

Much of your energy and attention is focused on building up a solid sense of self-esteem. Inasmuch as you interpret your experiences as reflecting your personal esteem, you will strive hard to build a solid economic framework for your life. Other things being equal, security will be very important to you - both as far as your finances and your family life is concerned. You tend to gravitate towards, and stick to, a stable job, in which your expertise and personal character are your greatest assets. You have a talent for dealing with finances and quality items. In business matters you are a person of honour, and you are willing to put your reputation at stake for the sake of those for whom you work.

PERSONAL - IDENTITY: Creating personal values

Material values and status are seen by you as a testimonial to your self-worth. Therefore you build up strong attachments to things and have a keen sense of values. Some people may see you as materialistic, but for you material acquisitions can be a strong foundation for continued growth, and success in this area means you are often in a position to be quite generous. You need to feel that you are respected in all areas of your life; therefore you embrace conventional values and stick to them. It takes a lot to get you to shift your view or perspective. However periods which bring economic changes can lead to a profound revaluation of your values.

Sun Conjunction Mercury

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Subjectivity

As Mercury is never more than 28 degrees from the Sun, the only aspect possible between them is the conjunction - the closer they are together, the stronger this aspect will be. There is a great mental talent and a restless desire to learn more and gain experience. You would thrive in a job which gave you the opportunity to be on the move and meet people, as communication is definitely one of your strong points. You hate to be stuck in any job, and you need constant mental stimulation. This can of course lead to a number of radical job changes. Alternatively you can satisfy your need for stimulation by going on courses or undertaking study projects. You have good teaching abilities and would prosper in any position in which you had to get a message across. Your strong points are your versatility, curiosity and a youthful enthusiasm. Your weaknesses are

connected with restlessness and lack of concentration - and a tendency to be very subjective in your evaluations. You are overconcerned with making an impression and like to have the last word. You hate being wrong, and have difficulty admitting it when you are.

PERSONAL - IDENTITY: Subjectivity

Intelligence and communication are important issues for you in your personal relationships. You identify strongly with what you say, and it can be a blow to your personal pride if you are ignored or misunderstood. As a result you tend to be forceful in your opinions and at times unreceptive to what other people say and think. You are overly subjective, and you can spend a great deal of time running an inner dialogue in which you talk to yourself. By nature you exude a youthful spirit and a certain naiveté.

Sun Trine Jupiter

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

Sun Conjunction Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Jupiter transiting Square Sun

04-12-2019 -> 29-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and

spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Saturn transiting Square Sun

01-01-2018 -> 14-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after

yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Emotions

Moon In Scorpio

PROFESSIONAL - EMOTIONS: Give emotional strength

You are a person with intense emotions, likes and dislikes. On a professional level, you give yourself heart and soul, and you have a special talent for tuning in to the emotional wavelength of others. It is difficult to keep a secret from you. You have the power to influence other people through your emotions. At its most negative level, this manifests as a tendency to manipulate others by creating an icy emotional atmosphere until they do what is necessary for you to feel more secure. It is a relief for all parties when you give up this exhausting habit which can negatively affect both professional and private relationships. You have very accurate intuitions about other people, and can be very forthright in expressing your feelings.

PERSONAL - EMOTIONS: Give emotional strength

Deep inside you are very vulnerable, but few people are admitted to the inner chamber where your emotions dwell. You are driven unconsciously to fiercely protect the things which are dear to you, and any hint of insecurity in this area evokes strong defensive emotions, jealousy and anxiety. Trust is an essential ingredient in emotional relationships, and it is only when you feel completely secure, that you can finally commit yourself in this area. When this happens, you consider that the bonds that are created are made for life. In the process of maturing you will learn a more relaxed attitude to relationships. This will only come after a deep sense of loss, which leads you to transform your emotional values in the sense that you learn not to invest all your emotional security in another person.

Moon In 3rd House

PROFESSIONAL - EMOTIONS: Caring communication

Family upbringing will have stimulated considerable interest in the outside world, and this probably means you have travelled a lot and perhaps lived in several different locations. Professionally you can succeed in a job where close professional contacts need to be nurtured. You have a compelling persuasive talent and you would be suited to a

profession, where communication was essential. When you communicate, you do so with feeling and conviction. There is also a talent for teaching - especially children - so you may wish to work in the field of education. Travel and new environments would be stimulating job-factors. There may be an interest in, or talent for writing, art, or music.

PERSONAL - EMOTIONS: Caring communication

You have a tendency to cement very powerful emotional bonds to a sibling or sister-figure in your life, or perhaps to a schoolmistress. Your mother, too, will have had a powerful effect on your mental development, and she may well have been strongly involved in your education. Trying emotional experiences in your life result from strong differences of opinion, perhaps in sibling relationships. You have a tendency to attach yourself uncritically to a set of ideas more through loyalty than conviction, and when you argue your case you are easily swayed by irrational arguments and emotions. You are however an extremely communicative person, and enjoy building up a warm network of contacts in your local environment.

Moon Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

Moon Conjunction Uranus

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive

antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

Moon Conjunction N.Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DESTINY: Mother Earth

You can play an important role channelling the hopes and dreams of on the one hand large numbers of people, and on the other more intimate groups - especially females. You may feel a strong identification with your country - or a pull away from it. Your unusual intuitive power can give you certain talents as regards tuning in to changes that happen on a collective plane - especially in connection with the world of Nature. You are the channel through which group feeling is manifested.

PERSONAL - DESTINY: Mother Earth

Negotiating the twists and turns of your emotional relationships is a full-time occupation for you. As a woman you will be moved by the primitive archetypal urges of the female energy in Nature; as a man you will be attracted to earth divas because you need to feel the full force of emotional power flowing through you. You will lose your footing more than once because of the universal power of emotional attraction or dependence, and plunge into the emotional maelstrom. Sudden changes can take you far

from home, and growth in life finally comes when you learn to orientate yourself in the world of your feelings and your unconscious mind.

Uranus transiting Opposition Moon

09-07-2018 -> 15-03-2021

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of career involvement with groups and with collective ventures now.

PERSONAL - EMOTIONS: Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while.

If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an

important attachment to an untraditional group now, and you will be attracted to people who live on the fringe of society.

Mercury Trine Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Disseminating information
One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

PERSONAL - MENTALITY: Disseminating information
Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others.

You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

Jupiter transiting Square Mercury

05-03-2019 -> 24-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact
The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact
This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the

mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Values

Venus In Libra

PROFESSIONAL - VALUES: Taste and diplomacy

You have a strong perception of balance around you and are extremely good at evaluating projects. You also have a remarkable talent for dealing with people, being able to meet them on their own level. A job that requires diplomatic talents might suit you - for example dealing with personnel. You work best in interesting social environments in which you can apply your excellent judgement. You have a pronounced aesthetic sensitivity, which can be expressed as a love of culture, art, music etc. You thrive in a position where you can express your taste and enrich human relationships, but you do not function well in positions which require you to be harsh to others. Even though you can be quite ambitious and dynamic, you do not like to jeopardise friendly relationships.

PERSONAL - VALUES: Taste and diplomacy

Love relationships are extremely important for you, and you will seldom be without a partner. You are excellent at reading your partner's needs, and quite willing to compromise on most issues, with the exception of clothes and interior decoration! You abhor bad taste and an unrefined manner, and are attracted to good-looking people, with cultural sensitivity and refinement. The man with this position will be attracted to graceful women, with good taste and a very feminine manner. Women will emanate an air of refinement and style, and desire a partner who treats her as an equal while maintaining his masculinity. For both sexes partnership is a holy principle and central to the enjoyment of life. You cannot tolerate a partnership without the magic of romance. It is important for you that your partner shares your taste, and that you can talk together about matters of personal judgement.

Venus In 3rd House

PROFESSIONAL - VALUES: Express your good taste

You have a gentle and diplomatic manner when you express yourself. Polite to a fault you win people over to your point of view through charm and the art of reason. Professionally you would succeed in a job which makes use of your diplomatic talent and refined way of expressing yourself. You have a talent for communicating values, and a genuine appreciation of culture in all its forms. There are

secretarial talents, but these are overshadowed by artistic interests and your superior way of dealing with people on a personal level. People enjoy meeting you, and vice-versa. In work you may be efficient, but above all you have style - if a solution is not aesthetically pleasing, it is not appealing to you.

PERSONAL - VALUES: Express your good taste

You may have been profoundly influenced by a close bond to a sister, or perhaps a particular girlfriend or teacher at school. In education matters you are more inclined to the arts than the sciences, and you have a fine aesthetic appreciation. If you have a sister, her fate as regards intimate relationships will have a profound effect on you. In your own intimate relationships you travel to find love, and the relationship itself may involve travel. You may meet your loved one at a place of education. You have a passion for love stories and romantic tales. Mentally you have talents for the fine arts or music, and these interests are probably stimulated by a warm relationship. You may have a remarkably pleasant voice and even singing talent.

Venus Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Enjoyment

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

PERSONAL - VALUES: Enjoyment

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

Venus Conjunction Uranus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with

political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

Jupiter transiting Square Venus

01-05-2020 -> 01-01-2021

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can

be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Saturn transiting Square Venus

19-02-2020 -> 12-01-2021

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer

points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

Uranus transiting Opposition Venus

22-03-2018 -> 05-02-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: New social environment

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated.

You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

PERSONAL - VALUES: New social environment

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you

can cement love affairs started at this time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness.

If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is a excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

Drives

Mars In Libra

PROFESSIONAL - DRIVES: Manifest your judgement.

You have a strong sense of justice and are strongly motivated to create balance in your working environment. Your greatest asset is your aesthetic sense, and this can manifest in employment where matters of taste are important - for example fashion, decoration and other areas where a good judgement is required. Your manners are most probably rather refined.

There can be an element of indecisiveness as far as decision-making is concerned. First of all you are not comfortable offending others, and secondly you have a true ability to see both sides of an issue. By coming down on one side or another imbalance is created, and this brings a sense of discomfort. So you will tend to make compromises and generally get by on your charm. This can be a disadvantage in situations where a firm stance is required. People feel nervous when they don't know what position you take - this can give an untrustworthy impression. It can be an advantage for you to jump sometimes, instead of staying on the fence.

PERSONAL - DRIVES: Manifest your judgement.

Other things being equal, you will have a gentle manner and controlled temperament, except in situations where you feel

an injustice is being done. In these circumstances you fight hard to get a fair hearing for yourself and others. You have a natural flair for handling public relations, and this can certainly give you success when dealing with the opposite sex. Men with this position of Mars have a tendency to flirt, and may take advantage of women through being manipulative. Women are attracted to men with good taste, poise and style, though there is a tendency to be deceived by appearances and smooth talk. Conflicts in relationships can arise over unfaithfulness or differences in opinions as regards taste and judgement. Though you are strongly motivated to enjoy partnership, contention often arises in one area or another. You are on the one hand reluctant to get into conflict, yet on the other quite sharp in your judgement of others.

Mars In 3rd House

PROFESSIONAL - DRIVE: Focus mental activity

You are a person who likes to be on the move and explore new territory. Your dynamic attitude towards expanding your mental horizons will bring success in a career where you have to travel, meet people and perhaps bring them round to your point of view. You are a forceful negotiator, and you make up for in enthusiasm what you lack in diplomatic talent. If you can overcome a tendency to squabble and browbeat other people, you will surely achieve success by dint of mental effort alone. You are powerfully motivated to constantly educate yourself and also to communicate your ideas. Education, travel and information will be central to your career.

PERSONAL - DRIVE: Focus mental activity

Brothers - or perhaps a youthful father figure or teacher - may have had considerable influence on your mental development. At best there was a competitive environment in your home, and at worst constant argument and provocation. You were forced to learn to defend yourself verbally, hence your argumentativeness today. You may even have developed a sharp voice - all the better to be heard - and provocative opinions. Problems can arise in your local environment with neighbours and the like, partly because you have a defensive attitude to your territory. You would be a formidable spokesman in community matters, but you can easily get distracted by peripheral issues. Many problems can be overcome if you are more willing to give others a hearing, and if you avoid the tendency to be provocative, sarcastic or aggressive. Your mind can be developed to a fine tool.

Jupiter transiting Square Mars

25-02-2020 -> 22-11-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Saturn transiting Square Mars

10-03-2019 -> 27-01-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Pluto transiting Square Mars

01-01-2018 -> 31-10-2021

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Redevelop your strength

This is a time of great personal pressure both on a professional and private level. In this testing time there will be a feeling that the odds are against you, perhaps in an unfair way. Power battles are often unavoidable... and it seems as if there is some kind of conspiracy. Trade union issues often come to the fore at this time, for good or ill. Authoritarian and dominating people (mostly male) will seem to put you in a vice. The time demands great perseverance, but you have to know when to draw the line - when to fight and when to give up. It is no use continuing an impossible battle. There is a tendency to overwork - often late at night - because you can be gripped by a fanatical desire to accomplish something. There tends to be a fascination with computers and secret things.

Undercover issues surface now - anything you want to keep hidden will surely come up. You will be strongly motivated to act secretly. Any work situation you cannot tolerate will change. Either you will seek new work in which you can feel 100% absorbed, or you will make radical changes in your working environment. There can be interest in social or political work under extreme situations, as well as the discovery of psychological or occult talents. There are good opportunities now to eliminate corruption or pollution problems. This is a ruthless time which requires strength in the face of crisis, the ability to cut through, fire people, to seek a new job, or to give up exhausting power struggles.

PERSONAL - DRIVES: Redevelop your strength

This can be a time of crisis in relationships because a shift in the balance of power occurs. Women with this influence will no longer accept subservience in connection with men. A woman in an inferior position will now fight to establish her own power. This is the time that a new decisiveness comes up to the surface under the greatest psychological pressure. Paradoxically there is a tendency at this time to meet men with unusual power and sexual magnetism, and to encounter one's own powerlessness in the face of strong desires and jealousies. Men who experience this influence will also encounter power struggles and strong desires, and will often find themselves under the influence of emotions they cannot control.

On a sexual level there is fatal attraction towards tabu issues and the urge to live out desires which have been

under control for too long. On the positive side this leads to the discovery and release of new sexual potential, though the costs can be high.

There is no astrological influence which gives has a stronger psychological effect. This is because forgotten anger and repressions now rise to the surface to be dealt with by the conscious mind. Therapy is often advisable during the duration of this transit, and it is a great period for enhancing psychological insight. As anxiety on a deep level is dealt with at this time it is a good idea to eliminate fears by developing a stronger body-consciousness, for example through learning the art of self-defence, or through embarking on a gruelling physical fitness programme.

Wisdom

Jupiter In Gemini Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

PROFESSIONAL - WISDOM: Positive thoughts - positive outcomes

You were born in a year in which there was renewal and expansion in the world of education, travel and communication. As such you can be an agent for these changes - and this will manifest in your nature as an insatiable desire to acquire knowledge and create contact with people. Interest in languages, schooling and all forms of mental activities can be a major part of your professional life. There may be talent for writing or working in the media, and you have the ability to maintain your perspective when working with a mass of information. By harnessing the power of your thoughts, you can shape your future the way you want it. Defining how you want it may be more difficult, and this requires mental discipline and planning which is something you have to consciously train, as it may not come naturally.

PERSONAL - WISDOM: Collective ideas

Because you have a wide spread of interests you may lack the capacity to concentrate on one subject for any length of time. You get easily distracted and seem to want to occupy your mind all the time and have an opinion about everything. Perhaps you need to discriminate between what is useful to know, and what isn't. Your talents lie more in understanding the actual workings of the mind, and you can contribute to personal success by learning and applying mental

techniques. When you harness this influence positively you can be a veritable encyclopaedia of information. What is more, you may have a particular talent for humour, and can be at your best when exchanging pleasantries socially.

Jupiter In 10th House

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

Jupiter transiting Opposition Jupiter

01-11-2018 -> 27-11-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth,

then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 4th House

05-01-2018 -> 08-10-2018

PROFESSIONAL - WISDOM: Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

PERSONAL - WISDOM: Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found

family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

Challenges

Saturn In Leo

PROFESSIONAL - SELF-RELIANCE: Establishing self-esteem

Saturn was in the sign of Leo in the years 1946-48 and 1976-78, and this was reflected in leadership challenges in society, and new systems of child-rearing as well as in a period of emphasis on creativity and entertainment. Inasmuch as you channel this influence in your career, you will feel a strong need to manifest your identity, yet have great doubts as to your ability to live up to a leadership or creative role. You may find that you are subordinated to rather autocratic authority figures, and will feel a strong need to overcome a lack of self-confidence to assume more personal power yourself. You have to lay your identity on the line, take a gamble and risk being creative, overcoming fears of being subjected to the scrutiny and judgement of others. To become prominent, you need to manifest yourself and take centre stage.

PERSONAL - SELF-RELIANCE: Establishing self-esteem

A major area of challenge in your life is concerned with building up a strong sense of identity and overcoming a lack of confidence. You were born at a time of autocratic trends in child-rearing which may have stifled a sense of play and spontaneity, and this means that you tend to take yourself too seriously today. You are oversensitive as regards the impact you make on others, are over-concerned with standing on your dignity, and tend to be hung up on status symbols and gestures of respect or recognition. It is important for you to overcome creative blockages, and you can learn a lot from having children. A little self-irony will go a long way to making you more popular with other people, and it is also important for you to cut loose a little and risk being immature. As you mature you gain greater self-acceptance.

Saturn In 12th House

PROFESSIONAL - SELF-RELIANCE: Spiritual discipline

It is not easy for you to define, let alone realise, your ambitions. You can have difficulty making sense of the expectations the world demands of you, and even when you

achieve your goals they tend to dissolve after a short period of time. You cannot create a solid professional foundation by imitating the success or ambitions of others because it is your fate to give up false goals and redefine your life's purpose. You may work in a field in which you are isolated from the rest of society - perhaps in an institution of some sort, perhaps with the old or deprived. Success comes when you turn your back on status and prestige and dedicate yourself unselfishly to others.

PERSONAL - SELF-RELIANCE: Spiritual discipline

Isolation can play an important role in your life because you need to spend a lot of time speculating about the nature of existence and your role in the world. You are on a reluctant search for a spiritual foundation in your life. Perhaps as a child you had unhappy experiences connected with religion or the concept of suffering so that now you have an instinctive mistrust of moral rules and religious injunctions. You do not want to reside in some religious dungeon. However if you have blocked the inner channels to personal salvation you will be afflicted by a sense of pointlessness about personal achievement. Only when you have the courage to turn within and learn about the inner laws of being can you truly experience satisfaction in your life.

Saturn Trine Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - SELF-RELIANCE: Dissolution of structure

These two slow-moving planets form rare aspects as part of a 36-year conjunction cycle. Insofar as you express this influence in your professional life, you will be concerned with making dreams real, and bringing visions down to earth. This may be expressed politically, through concerned social work, or perhaps your career will be touched by some other form of contact with the pressing social issues that this aspect symbolises. This can mean dealing with suffering in one form or another, for example loneliness or poverty, old age, alcoholism etc. As regards your own ambitions, you will often feel that you are driven by a deep sense of professional dissatisfaction, and even the goals you attain may seem empty once they are achieved. True meaning is found in some form of service in which you sacrifice personal ambition for a universal cause.

PERSONAL - SELF-RELIANCE: Dissolution of structure

Though this aspect is felt mostly on a collective level, there will be times in your life when you are struck by a deep sense of sadness or tragedy. In some peripheral area of your existence you will encounter deep suffering which will make a lasting impression on your attitude to life - particularly as regards the drive for personal achievement. This kind of experience may tend to make you escapist in one form or another, or you may feel a strong drive to find personal meaning through work, service and sacrifice. During the course of your life you learn to find hope, when things seem most hopeless. You are very aware that personal status and material achievement give no lasting answers to human dissatisfaction; it is the inner, spiritual qualities in existence which count. If you have personal planets contacting this aspect, you will feel the influence very strongly.

Saturn Sextile Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

PERSONAL - SELF-RELIANCE: Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate

relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

Jupiter transiting Square Saturn

24-05-2018 -> 27-08-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Scorpio

Uranus In 3rd House

PROFESSIONAL - ORIGINALITY: Break new mental ground

You have a number of unusual mental talents and interests. Being the type who learns things best by experimentation you don't do so well in a conventional learning environment. You have a low threshold for boredom, and your attention wanders. Yet you are inspired by new horizons and unconventional ideas, and as such you are suited to a career which requires a willingness to be inventive and explore - or perhaps a job connected with electronics, computers, the telephone or the media. Long-distance travel and mental contact with people from other cultures will probably appeal to you. There may be a talent for exotic languages.

PERSONAL - ORIGINALITY: Break new mental ground

Unusual childhood circumstances were present connected with sibling relationships and your early education. There may have been a sudden interruption of your schooling, and perhaps a separation from a brother or sister. Events in this connection have a radical effect on your mental attitude. In communication you have many original and perhaps weird and provocative ideas. If you pay close attention to the way you communicate, you may find that you have a tendency to interrupt, or to go off at an angle when talking. There may be deep reasons for this connected with the desire to be listened to.

Uranus Conjunction N.Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DESTINY: The lightning rod

Exciting things happen around you, wherever you are, and you are destined to galvanise into action the groups and organisations you are involved with. You are a force for renewal in those situations that have ground to a halt, and you can channel a message of inspiration or revolution. On the other hand, you tend to light the bomb and walk away, often being seduced by the idea of change for its own sake, and rarely having the ability to handle the consequences. There may be an element of extremism in your nature, and an attraction to extremist groups, or to people on the fringes of society.

PERSONAL - DESTINY: The lightning rod

You are possessed of a magnetic aura which can be very

inspiring for the people who meet you. Nevertheless you are also an upsetting influence, so that although people may look to you for inspiration, they may feel a certain discomfort in the long run. Indeed it is your fate to be something of a provocateur - you do not believe in people getting too comfortable. You are a force for change, and may have a particular ability for New Age interests, dealing with subtle energies etc. Dramatic consciousness change at intervals in your life can sweep the ground from beneath your feet and carry you off with your head in the clouds.

Uranus transiting Opposition Uranus

19-07-2018 -> 19-03-2021

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - ORIGINALITY: Self-renewal

Everybody experiences this influence at similar ages, each time Uranus aspects itself during its 84 year orbit around the Sun. The ages of 21, 42 and 63 are the most significant times of change and reorientation. At these times you are challenged to make some form of renewal in your career. Unpredictable events upset plans and force you to keep up with the rapid pace of change going on in the modern world. It is favourable to broaden your horizons through travel and self-development course, and unfavourable to plod on in the same old direction. Self-realisation should take priority over status and ambitions now.

PERSONAL - ORIGINALITY: Self-renewal

Uranus makes major stressful aspects to its birth position every 21 years, and major positive aspects every 16 years. These should be times of exciting change and experimentation. Don't let yourself be restricted by the establishment - particularly in the form of parents and partners - during these periods. It is your job to challenge the status quo and preach the doctrine of renewal and change. Travel and change of environment can serve to bring you in contact with the electric energy of life. Be inspired and take a few risks.

Transcendence

Neptune In Sagittarius

Neptune In 4th House

PROFESSIONAL - TRANSCENDENCE: Environmental sensitivity

Professional developments are influenced by fluid conditions in your home environment. You appreciate flexibility in a career, and you do not mind if your job takes you away from the family. You may have a problem with long-term professional commitments, unless your work is in accordance with high ideals. There is a certain attraction to the sea, and a concern for nature and environmental issues. You would be suited for employment in which care for others and emotional sensitivity are important.

PERSONAL - TRANSCENDENCE: Environmental sensitivity

The atmosphere around you as a child was tinged with sorrow, for one reason or another. This may have something to do with a parent who suffered through illness, or who felt deserted and lonely, or who was unhappy for other reasons. There may have been sickness, or medical or alcohol abuse in the family. As a consequence of this, it may be difficult for you to shake off an indefinable sense of dissatisfaction or unhappiness. Perhaps it helps to know that this feeling only comes from your early conditioning. On a positive note, your sensitivity to the moods of others makes you concerned for the needs of your partner and children. You may however have to accept some element of sacrifice in connection with your own family later. It is important for you to accept that certain things are beyond your control. You achieve domestic happiness when you choose not to let your own mood dampen the atmosphere like a wet blanket. You may wish to live near water. Your house can be affected by problems with damp.

Neptune Sextile Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective

dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Conjunction Neptune

17-12-2018 -> 14-08-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the

nature of reality and the illusion of identity.

Transformation

Pluto In Libra

Pluto In 2nd House

PROFESSIONAL - TRANSFORMATION: Cut obsessive attachments

You have an extremely intense desire to build up and maintain personal security. You will often find yourself starting from rock-bottom, and you have the capacity to turn developments around overnight by dint of unrelenting effort. You may achieve material success working transforming things in one way or another - for example extracting materials of value from waste products. At some stage in your life, considerable sums of money will pass through your hands, at another stage you lose everything. You are extremely sensitive to the wealth and status of people around you and are unconsciously driven to emulate the supposed material success of others. Experience will teach you that your values lie on a deeper level than the economic.

PERSONAL - TRANSFORMATION: Cut obsessive attachments

Your values can be transformed from extreme materialism to total asceticism from one moment to the next - especially in your late thirties. This transformation comes when you realise how empty material success is as a yardstick for self-worth. You tend to be attracted to gross status symbols, which suck all your resources until you cast them into the abyss. Inheritance or events connected with death can radically change your financial situation. In personal relationships you will often find yourself irrationally attached to things which have long since lost their meaning for you, and you allow yourself to get drawn into power battles over ownership. This can be compared to trying to swim ashore from a sinking ship clutching a bag of gold. Let go. Your greatest resource is your capacity to see behind the fears of others and offer them support.

Jupiter transiting Square Pluto

09-01-2020 -> 03-02-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Saturn transiting Square Pluto

17-03-2018 -> 09-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power

This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power

Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them.

Deep-rooted psychological complexes which manifest as obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Scorpio, S.Node In Taurus

PROFESSIONAL - DESTINY: Fall of Mammon

The first part of your professional life is defined by a materialistic attitude and a strong drive to attain economic security. You tend to work very hard, accumulate many objects, and become extremely attached to them and to the sensory pleasures they bring. Nevertheless, it seems that as time goes by you have to pay a higher and higher price for your comfort and security. You work harder and harder on the treadmill of your career, and you seem to become more and more bogged down in tasks which offer no promise for the future. Something of a transformation can occur later in your career, in which you completely abandon your material attachments and guarantees of security, and embark on a process of inner investigation. A new interest in hidden matters, psychology and emotional depths arises, and this can lead to a radical new career direction, where you exchange material security for deeper emotional rewards.

PERSONAL - DESTINY: Fall of Mammon

Your early years are very security-orientated, and you are strongly motivated to enjoy the many sensory pleasure that the world has to offer. You are determined to give yourself all the material rewards that you see other people enjoy. As you mature these kind of pleasures seem emptier - the more you get, the emptier you feel. Thus you are driven to investigate the whole nature of human desire, and find some satisfaction that goes beyond the senses. Your journey will involve deep erotic experiences, psychological trauma and loss of all those attachments that pull you down and prevent your growth. This decisive transformation comes when you reach the stage at which you are prepared to take a step into the unknown, knowing that there are no guarantees of security, and no economic safety net. This path leads to a new life of inner riches.

N.Node In 3rd House, S.Node In 9th House

PROFESSIONAL - DESTINY: Enlighten others

Although you start life very involved in developing personal understanding isolated in an intellectual ivory tower, as you get older you will get more and more satisfaction from your everyday contacts with other people. By availing yourself of the opportunity to disseminate your wisdom through some kind of teaching or communicative activity, you discover how intellectually nourishing other people can be. Social activities which you may have considered trivial early in your life, may form the basis for your life goals later on - particularly after the age of 37. You become powerfully motivated to replace theories with practical experimentation, and to see other people put your ideas into practice.

PERSONAL - DESTINY: Enlighten others

The dichotomy between overall ideologies and everyday application of ideas is very apparent in your life. You discover that intellectual development is no end in itself, and that knowledge is really useful when it is shared and applied. Early in life your personal freedom will be highly prized. There will be considerable travel and deep philosophical flirtations. Later in life, there will be a greater tendency to form bonds and get involved in relationships. By getting to know people, and by relating to the facts of everyday life, you find a new sense of meaningfulness.

Uranus transiting Opposition N.Node

03-07-2018 -> 11-03-2021

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DESTINY: Group inspiration

This influence can see you getting involved with unconventional groups in your professional life in a process of inspiration and renewal. At the same time you may also find yourself suddenly cutting bonds to groups, associations and organisations which have meant a lot to you in the past. It is wise at this time to consider the direction your career is going from the point of view of long-term perspectives. Are you satisfied that you are spending your time fulfilling your personal mission in life? If not, you can radically readjust your direction now. It is a good idea to encourage greater humanitarian commitment, international travel and interests abroad, and new associations with groups working for renewal in society.

PERSONAL - DESTINY: Group inspiration

You can achieve a greater insight into the meaning and direction of your unfolding as an individual now. By

withdrawing from friendships and associations whose meaning for you is over, and by striking out in your own individual direction, you can get in contact with a feeling of exhilaration concerning your unique destiny. You do however have to avoid extremism now, and if you take too pronounced an outsider position, you risk being alienated. You can be a force for renewal and rejuvenation amongst groups and in society at this time.

THE TWELVE HOUSES

The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows your career and superior authorities like parents, bosses etc. Planets here achieve success.

The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

THE ASTROLOGICAL ASPECTS

The Conjunction

The Square

(90 degrees... orb 6 degrees)

Key word: Tension

This aspect occurs when planets are at right angles to each other in the chart. It shows two needs at war with each other. This brings considerable dynamism, but a lot of trouble.

The Trine

(120 degrees ... orb 8 degrees)

Key word: Harmony

This aspect occurs when planets are a third of the circle away and normally in the same element. This shows the harmonic confluence of needs, bringing happiness and harmony.

The Sextile

(60 degrees... orb 4 degrees)

Key word: Creativity

If the circle is divided by a six-pointed star, the sextile would take place on two of the points next to each other. There is both dynamism and pleasure connected with this aspect.
