Written and designed by Adrian Duncan

Birth Report

Dear Alicia ,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Opposition Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

How this influence affects your professional life:

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Sextile Sun". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is the most important time in your life for spiritual growth and self-realisation. At the onset of this period you may feel a dissatisfaction - even a pointlessness - with your existence. No matter what escapist activity you pursue, there is a nagging feeling of meaninglessness which pervades all areas of your life. You have to take the consequences of this and seek to enrich your daily life. Spiritual interests and meditative or creative activity are favoured now, and you would benefit from contact with a person more spiritually aware than

yourself. No partner will be able to alleviate your thirst for existential significance now. Unrealistic expectations concerning loved-ones will surely lead to disappointment, as the bubbles of your private illusions burst. By directing your gaze inwards and understanding the subtle inner processes of the mind, you can achieve a new understanding of your life. The essence of this is that you are alone, and that the world is a stage for your projections. It is important that your acting is good if you would like some applause when you get to heaven.

How this influence affects your professional life:

As this is a period of self-examination and contemplation, you may not be very motivated professionally. You cannot allow yourself to be the slave of your ambitions now. You have to ask yourself the question: How can my job live up to my long-term ideals about myself and my capacities as a human being? The yardstick as to whether what you are doing is the right thing is the inner feeling of dissatisfaction that wells up from within. Let this guide you in your search for meaningful activity. The direction you take now is decisive for your long-term spiritual health, so take your time. Knowing what you don't want to do is an important first stage, later you will find something which satisfies every part of your being. This is a time to create room for musical, artistic or creative impulses. Your interest in fellow men and women may inspire you to be more socially involved. The urge for service and even sacrifice is strong.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
