**Dear Amanda,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

As you enter your forties and commence a new decade, you feel a sense of urgency about the future, and realize that a number of readjustments will be inevitable now that you are 40. This is a time when you review your mental skills - your education and communication - and take steps to optimize your intellectual capacity. There is extra focus on your comfort level - both economically and in relationships - and you will need to work harder on your weaknesses and capitalize on your strengths in these areas. In love you are loyal. Family comes first. You know how to nurture both your emotional connections and your material acquisitions - this way to gain comfort and security in life. Love and longing go hand in hand in your search for the ideal soul mate - if such a person exists. There are spiritual solutions. More importantly, there are a number of factors that seem beyond your control, that threaten to derail the train. This is why this is a good time to step back from more concrete goals and consider your overall mission in the second half of your life. How can you get out of the rut at work and innovate and change? Opportunities for change and transformation should be welcomed rather than resisted. How can you get more emotional depth and meaning into your intimate relationships? For you and your generation there is a search for grand ideals and higher meaning, though it becomes apparent with time that truth is ultimately only relative. Personally you express ideals in this connection in the way you express your creative ideas, and in relation to children or lovers, where you have high expectations that can lead to disappointment.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

### **Opportunities for Success**

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This

brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those near to you.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 40. Three very important issues that make this year special are:

- Other things being equal this is a time of great good fortune in your personal life. Not only are you likely to have more money and material goods at your disposal, your love life will also receive a boost through travel and good fortune. Enjoy life while you can.
- A period when a deep interest in psychological influences in your character is awakened through therapy or other study. People or studies that may have interested you in the past are dropped in favor of a new fascination with secrets and people who have the answers to them.
- An awakening of your capacity to experience love at its highest level, especially through spiritual experience and the arts. Whilst this is a romantic period, personal love is often experienced as illusory or unrequited. It is the universal nature of love and compassion that enriches.
