Birth Report

Dear Ngan Vu,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Conjunction Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

How this influence affects your professional life:

You are the workaholic type, and can during the course of your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Square Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period brings a major reorientation of personal taste and values. This will affect your likes and dislikes in all matters - particularly relationships. This is the testing phase for any relationship that you

doubt. Weak relationships based on inequality, power misuse, submission or false kindness cannot, and should not, survive this influence. A strong relationship will benefit from a new psychological insight which develops from a new intensity and self-examination. But even strong relationships can undergo a crisis at this time. This is one of the best periods of your life for getting into contact with your erotic needs. You may well feel a desire to explore forbidden areas of sexuality to deepen your enjoyment of sex, and it is a good time for overcoming prudishness and letting go of inhibitions. Relationships started at this time will be passionate and incredibly demanding emotionally. Some may last, bringing about a transformation in the capacity to express love and sexuality. In others the new lover is forced to give expression to every ounce of love and emotion, and may be squeezed quite dry. There is an obsessive element to love affairs at this time, and the sexual element plays a major role. There is a danger of losing one's heart to a person who does not truly care, and this can lead to a humiliating experience, and a draining sense of personal worthlessness. A relationship built on these premises cannot survive, and the sooner it is over the better. When you emerge from this period, you will have a much deeper awareness of your relationship needs. The names of those you could not trust will soon disappear from your address book.

How this influence affects your professional life:

This is a more challenging period professionally for women, than for men. This can strongly affect personal self-worth and esteem, even giving a certain unpopularity. You can no longer rely on personal charm to achieve results. There is considerable pressure on social relationships, and you may find that allies you have counted on disappear, because of basically different views on life. Redefining your self-esteem is dependant on getting rid of false values. It is essential at this time to cut back on material things - especially luxury items. The more you cut back, the better prepared you will be for the future. Do not throw good money after bad, even if this means selling something that is costing you too much. It is better to take a loss. You will be tempted to loan money at this time partly because of financial difficulties, but also because of changes in taste and personal values. Make sure you do not loan to acquire luxury or prestige items. Make

double sure that your investment is good. If possible get by through economising. This is a good time for psychological dealings with people, and for the transformation of waste products into something of value. Where there's muck, there's brass.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
