Birth Report

Dear Javier Manriquez,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Trine Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a true individual and other people may regard you as rather eccentric. You like to express yourself through actions which surprise others in some way, and you enjoy embracing ideas which are provocative. You do not like to feel tied down, and function best in a relationship which gives you a lot of personal freedom. Often your friends will seem more important than your family, and as a result partners can feel that they are unable to establish an intimate contact with you, though you are usually quite open and fair-minded. During certain periods of your life you will choose to change your direction radically. These personal revolutions are often accompanied by new interests of an untraditional nature - for example astrology, electronics and technical matters, or mental powers. You have an electric and rather unstable aura around you, and often your nerves are on edge. People feel uncertain around you as they feel that anything can happen, so you would be wise to put them at ease about your intentions.

How this influence affects your professional life:

Your chief contribution to society is your ability to entertain original ideas and experiment with new ways of doing things. You need to work

in an independent position or with a company which respects and encourages your originality. You quickly become bored if you have to perform the same functions day in day out. You need to meet people - and you thrive on unusual challenges, especially if they involve travel and dealing with radically different cultures. You may travel long distances to exotic countries, or work with advanced technology. Alternatively you will go your own unique direction in your professional life, developing unconventional talents - perhaps connected with consciousness development in one form or another. You are not one to stand on ceremony either - you hate stuffy protocol and thrive on contacts with young and old, rich and poor. It is your job to pave the way to the future with new ideas and an original life-style.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Opposition Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is a time when the will to achieve, and the ability to take an initiative seems to be undermined. You don't like what you have, but don't know what you want. By refining your motives and actions, and tuning in to spiritual or creative needs, you can acquire new talents. Women at this time are disposed towards very curious experiences with men. There can be attractions to inspiring, musical or artistic men who later turn out to be frauds or disappointing in some way. Rather shady affairs can arise, as the woman seeks to recapture some of the magic she expects from love and sexuality. This is a projection process by

which the woman seeks in the man creative and magical qualities she should be developing in herself. Men of weak character - particularly those who are easily seduced by their desires - tend to make a mess of relationships at these times through infidelity. Sexual satisfaction is found to be illusory however. It is beneficial to develop a better contact with the body now, perhaps channelling the invisible energies in the environment through Tai Chi, yoga, dance, swimming or similar activities. A new-found awareness of the body can give greater sexual satisfaction at this time. The power of the imagination and of film, music, wine etc. as sexual stimulants may be discovered. Take time off work to develop your creativity.

How this influence affects your professional life:

You will probably experience a lot of confusion as regards your goals right now. It can be extremely difficult for you to define exactly what it is you want to do, and even if you know, it can be difficult to know how to do it. This confusion will be felt as an inner dissatisfaction - at least you know what you don't want to do! Using this feeling to guide you, strive to attain your ideals and work only on those things which really interest and inspire you. This is an excellent period for idealistic work, both as far as social, creative and spiritual issues are concerned. In your dealings with others you need to take great care. There is an air of decadence or dissolution about the people you meet at this time - particularly men. Alcohol and drugs can play a particularly negative role, and it is best to avoid stimulants as far as possible. You are very vulnerable to being cheated or led astray now - your moral fibre is being tested. There is a tendency to go behind people's backs, or to feel that others go behind your back. Keep on the straight and narrow path if you wish to avoid swampy ground.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you

to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
