

CHARACTER AND DESTINY REPORT

ASTROWOW.COM
Written and designed by Adrian Duncan

Birth Report

Dear Amanda Rylance,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Trine Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

There is no doubt that moral issues are a big challenge for you in your life. Early experiences may have inclined you to be wary of acting spontaneously and openly, and this can give rise to great misunderstandings and often deceit in relationships. Women with this aspect will often find themselves getting attracted to men who disappoint them, perhaps through lying or being unfaithful, or through alcohol misuse. Men have problems regulating their material and sexual appetites. Women are attracted to creative, artistic or spiritual men, who fulfil their inner need to also develop these qualities. Whilst falling for a sensitive man however, there is paradoxically a fear of weaknesses in the male. An exaggerated focus on these supposed weaknesses and a fear of being lied to by the man actually causes the man to conceal his true desires and needs. This can result - in extreme cases - in a double life. The man with this influence cannot find satisfaction in simple material and sexual gratification, no matter how hard he tries - and he tries hard. Happiness comes when both sexes learn that satisfaction is only to be found in creative or spiritual goals - partnership will not in itself provide it. Dissatisfaction has to be seen as a divine discontent which drives the person to higher achievements.

How this influence affects your professional life:

Learning to be motivated and being able to define what you really want to do is one of the greatest challenges for you. You have many talents, especially on the creative side, and these can express themselves in advertising and marketing, matters concerning body energies (for example healing and massage), and many other areas - including social care. Paradoxically you have high ideals, yet may get involved in ethically questionable ventures. You can be driven by a nagging dissatisfaction connected with the meaning of what you are doing, and you thrive best when you work creatively or for a cause which transcends material interests. Doing something you believe in is what motivates you. You have strong socialist impulses. There is an extraordinarily repetitive theme about being cheated which can affect your working conditions. You will experience on occasions that people go behind your back or over your head - seemingly without any explanation. This is connected with your perfectionism and a tendency to express dissatisfaction. People hide things from you partially to avoid experiencing your disappointment. If you analyse your own behaviour you will discover that you also have a tendency to hide things from others! By being honest and accepting apparent imperfections, you can avoid unpleasant repetition of these happenings. It is also important for you to speak your mind and take a confrontation when it arises, to clear the air.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Trine Jupiter". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This may well be a period of increased social activity and intellectual curiosity. During these months revolutionary new opinions can lead to a radical change in your viewpoint. Contact with foreigners and their cultures can be a catalyst in this process. You may find yourself getting involved with New Age or international groups. This is a great time for inspiration and radical consciousness change, but you may find yourself at cross purposes with people who have traditionally had a strong influence in your life. You have a desire to overthrow intellectual and religious authorities now, and replace restrictive ideologies with ideals about freedom of the individual. You want to define and follow your own path to personal growth at this time, without the heavy hand of any guru or mentor.

How this influence affects your professional life:

This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you

to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
