Dear stanley,

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 64th year your sense of appreciation for what life has to offer is keenly enhanced and it seems you have the capacity to enjoy more and feel greater satisfaction. Relationships are an important factor in this, as well as material well-being. In relationships, commitment is the key for you. You are prepared to overcome many challenges to be, and stay with, the partner you are destined for. Love and status go hand in hand as you consolidate your position in society. Your relationships come first. The impact you make when entering the scene guarantees a very active love life. This is also a time when you have a strong urge to expand your horizons, which you can do through travel or pursuing intellectual interests. You have tremendous curiosity and grasp of intellectual detail, which is enhanced by travels and a huge network of contacts. You are a mental gymnast who can juggle many ideas and occupations simultaneously and who gets great joy from education and intellectual pursuits. As such, you are a natural born teacher. This will reflect itself specifically in your daily working life, where a cheerful and positive approach ensures life-confirming experiences with colleagues. A positive expansion will occur this year in the work environment. Conflicts of opinion can arise with people who have different convictions to you, and whilst you are willing to explore different views, you tend to stick to what you know is right for you.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your

vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 64. Three very important issues that make this year special are:

- There are many changes in your social life and relationships, as you seek more excitement, space and freedom. Involvement in fringe groups brings consciousness growth. Encounters with people from radically different cultures bring new methods of relating.

- You embark on a process of mental experimentation, gaining familiarity with new communication technologies or mental developments methods. This is a time when you encounter new languages and travel considerable distances to ensure that you are where it is all happening.
- There are daunting challenges ahead which initially undermine your self confidence and belief in your capabilities. Progress is slow or non-existent as obstacles arise at every turn. Through concerted effort and perseverance you prove to yourself that you can do it.
