Dear Heidi,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During your 46th year there is a growing sense that professional ambition and family security is not necessarily the answer to all your needs. There is also the matter of your personal destiny, and questions arise now as to whether the path you are treading conforms to your inner evolutionary needs. The time has long gone when you could afford to chop and change as regards work and partnership, you need to focus on what has meaning for you as an evolving soul. Generally speaking, this mean being honest about who you want to spend time with and be influenced by, and this year you may wish to move away from some people, and towards others who are more in tune with your spiritual needs. The crucial question when looking at the balance of your life right now is whether focus on a need to prove yourself through creative achievement, children and love, prevents you from realizing the benefits of pooling your skills with a group. Perhaps true inspiration comes through being part of a greater social movement rather than through personal acclaim Even more specifically it is worth considering whether a focus on intense emotional interaction and sexuality has tended to produce upheavals and prevented you from consolidating your relationships on the one hand and creating economic stability on the other.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by

step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 46. Three very important issues that make this year special are:

- You experience setbacks and trials of endurance when trying to achieve your goals - particularly in your dealings with male authorities. By steeling your will to overcome these challenges, you develop the necessary muscle to win through with your agenda.
- A wonderful period of growth, spiritual awareness and awakening of compassion,

perhaps because you are swept up in an inspiring collective event, or through the influence of a spiritual mentor, music, film or art. You attune to the rewards within your own mind.

- An exceedingly optimistic period begins when you gain insight into the meaning and direction of your life, expand your boundaries of knowledge and learning and widen your horizons through travel. This is a time when you develop a humorous attitude to life.
