Dear Abhishek,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 34th year you are building strongly on firm foundations, and making concrete progress on your path, acquiring useful communication and educational skills and building a solid network. Your initiatives are beginning to pay off, and there is a sense that what you are building now will stand you in good stead for the future. A sense of restlessness may also inspire you to make some adjustments at this time; on the one hand you don't want to rock the boat, whilst on the other you would like to distinguish yourself from the norm. For you and your generation there is a willingness to experiment with philosophical concepts, and you are inclined to embrace controversial views, and travel far in the search for insight.. Your particular way of expressing your uniqueness in this respect is through making unconventional partnership choices. By choosing exotic partners you are able to maintain the detachment, openness and freedom that are important to you.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have

historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities

during the age of 34. Three very important issues that make this year special are:

- Existing structures in your professional and domestic life no longer hold appeal, and you are attracted to alternative organizations who value solidarity and democracy, without overt leadership and authority. There may be excitement, but there is much less security.
- Your spiritual sensitivity is awakened and consciousness enhanced. This can be because of collective influences that affect you and your generation. This also presents an opportunity to develop creatively by aiming a message that touches the collective in some way.
- An exceedingly optimistic period begins when you gain insight into the meaning and direction of your life, expand your boundaries of knowledge and learning and widen your horizons through travel. This is a time when you develop a humorous attitude to life.
