Birth Report

Dear Bhrikuti Niroula,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Square Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

How this influence affects your professional life:

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting

mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Square Mars". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This is a time when the will to achieve, and the ability to take an initiative seems to be undermined. You don't like what you have, but don't know what you want. By refining your motives and actions, and tuning in to spiritual or creative needs, you can acquire new talents. Women at this time are disposed towards very curious experiences with men. There can be attractions to inspiring, musical or artistic men who later turn out to be frauds or disappointing in some way. Rather shady affairs can arise, as the woman seeks to recapture some of the magic she expects from love and sexuality. This is a projection process by which the woman seeks in the man creative and magical qualities she should be developing in herself. Men of weak character - particularly

those who are easily seduced by their desires - tend to make a mess of relationships at these times through infidelity. Sexual satisfaction is found to be illusory however. It is beneficial to develop a better contact with the body now, perhaps channelling the invisible energies in the environment through Tai Chi, yoga, dance, swimming or similar activities. A new-found awareness of the body can give greater sexual satisfaction at this time. The power of the imagination and of film, music, wine etc. as sexual stimulants may be discovered. Take time off work to develop your creativity.

How this influence affects your professional life:

You will probably experience a lot of confusion as regards your goals right now. It can be extremely difficult for you to define exactly what it is you want to do, and even if you know, it can be difficult to know how to do it. This confusion will be felt as an inner dissatisfaction - at least you know what you don't want to do! Using this feeling to guide you, strive to attain your ideals and work only on those things which really interest and inspire you. This is an excellent period for idealistic work, both as far as social, creative and spiritual issues are concerned. In your dealings with others you need to take great care. There is an air of decadence or dissolution about the people you meet at this time - particularly men. Alcohol and drugs can play a particularly negative role, and it is best to avoid stimulants as far as possible. You are very vulnerable to being cheated or led astray now - your moral fibre is being tested. There is a tendency to go behind people's backs, or to feel that others go behind your back. Keep on the straight and narrow path if you wish to avoid swampy ground.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
