Birth Report

Dear Malin Ljungstedt,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Trine Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

How this influence affects your professional life:

You have a strong sense of responsibility regarding your professional relationships, and you value trust and stability most of all. You can

therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Conjunction Saturn". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully

laid plans are abandoned - you need a dash of excitement.

How this influence affects your professional life:

This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
