Dear Joanne,

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 64th year your sense of appreciation for what life has to offer is keenly enhanced and it seems you have the capacity to enjoy more and feel greater satisfaction. Relationships are an important factor in this, as well as material well-being. What you value most is independence and dynamism in relationships and freedom in your economic affairs. You don't mind a fight to get what you want in matters of the heart. Your network of relations is one of your greatest resources. Your love is showered on friends, and it is as a friend you find your greatest love. This is also a time when you have a strong urge to expand your horizons, which you can do through travel or pursuing intellectual interests. You have tremendous curiosity and grasp of intellectual detail, which is enhanced by travels and a huge network of contacts. You are a mental gymnast who can juggle many ideas and occupations simultaneously and who gets great joy from education and intellectual pursuits. As such, you are a natural born teacher. This will reflect itself in your whole appearance and style, which is characterized by a confidence in the rightness of your beliefs, and a pedagogical attitude in general - areas which will expand and bring satisfaction in the current period. Conflicts of opinion can arise with people who have different convictions to you, and whilst you are willing to explore different views, you tend to stick to what you know is right for you.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your

vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

Opportunities for Success

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is

a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 64. Three very important issues that make this year special are:

- A period when those structures in your life which have become ossified and outdated will be marked for demolition. There can be confrontation with implacable authorities. The sooner you abandoned an outdated framework, the quicker you can get on building a new future.
- You are challenged to become more self-reliant, both in your love life and in regard to your economy. Romantic illusions founder on the rocks of reality, but this can be a healthy process which ultimately can provide the conditions for stability in relationships.
- Your heart is opened and there is a growing desire for both romantic satisfaction and material comfort. Appetites are strong - so strong that they can lead you astray. Ethical principles and moral consideration tend to recede into the background when desires rule.
