# Birth Report

**Dear Barbara ,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Sextile Uranus". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

## **How this influence affects your professional life:**

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need

excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Square Mercury". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

During this period you will be under considerable psychological pressure. One of the main problems is that you find yourself obsessively dwelling on issues, whilst no amount of effort can eliminate the worries you feel. On a deeper level what is happening is that there is a welling up of powerful new mental powers which, if not channelled constructively, become the destructive source of anxieties. By channelling this mental energy into new fields of learning, particularly

as regards occult and psychological issues, you will discover amazing new talents which can be the source of later success. You must eliminate old ideas and convictions now - their time is past. Teachers, friends or siblings who have had a profound mental influence on you have now outlived their usefulness. In your personal relationships there is the danger of getting involved in endless and fruitless discussions. If you find yourself talking exhaustively into the early hours in an effort to resolve difficult relationship issues, stop. These discussions - or interrogations - will only lead to the exhaustion of your partner and ultimately to long frustrating silences. There are other more creative ways to channel your mental energies.

### **How this influence affects your professional life:**

This is a time of mental pressure, when the mind incessantly dwells on issues without being able to solve them. This mental energy should be used to investigate new subjects and understand the core of things, rather than on needless worries and anxieties. Avoid getting obsessed about issues at this time. Secrets come up now - both your own and other people's - so it is important to be honest. There can be a feeling of a conspiracy, or maybe vicious gossip in the working environment. It is better to be aloof than involved. Lies surface, and so does the truth. However it is now that investigations brings results, even though the truth can be unpleasant. Vigorous action needs to be taking to root out dishonesty or corruption. This is an excellent period for working with computers and gaining psychological insight. Courses connected with the science of the mind are favoured. Old systems of accounting, bookkeeping, filing, etc. should be replaced by new. This is an extremely hard-working period, and you may even find yourself working into the night-time hours. Take it easy, as your health can suffer during this period. Acute problems can be experienced with existing transport - this is the time to scrap old vehicles - and new transport possibilities may arise.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in

your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
