Dear Tracey,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During the course of your 37th year you are rounding the corner in terms of overcoming challenges and realizing professional goals, after putting in considerable effort and determination. Success is within grasp, but what does success mean for you, and are the goals you are striving to achieve in accordance with your higher mission in life? Equally important: are the people you are associated with, your friends and partners, conducive to a happy future? This is the year to say goodbye to those who are no longer relevant to your spiritual growth, and welcome new people who are — both in your personal and in your professional life. The crucial question when looking at the balance of your life right now is to examine your friendships and group affiliations and find out how much you compromise your own individual creativity for the sake of others. Perhaps this is the time to focus on the gifts that you have been given, and put them on display. Even more specifically it is worth considering whether a tendency towards stagnation because of a fixation on security is preventing you from shedding past conditioning and realizing a vibrant and authentic emotional life, attained through psychological transformation.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 37. Three very important issues that make this year special are:

- You engage in an uncompromising period of identity change which at times threatens to overwhelm you. Only by abandoning aspects of your character and life that no longer serve any purpose, and making a leap of faith towards a new future, can you reclaim a sense of authenticity about your existence.
- An exceedingly optimistic period begins when you gain insight into the meaning and direction of your life, expand your boundaries of knowledge and learning and

widen your horizons through travel. This is a time when you develop a humorous attitude to life.

- There are many changes in your social life and relationships, as you seek more excitement, space and freedom. Involvement in fringe groups brings consciousness growth. Encounters with people from radically different cultures bring new methods of relating.
