Report for December 03, 2017 to December 03, 2018

Dear Alexandra,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your fifties and commence a new decade, there is the realization that your character is now fully developed - you are who you are - it is now more a question of building on your talents, resources and achievements rather than proving yourself anew. You can be assessed by what you have achieved so far in life, and what there is to come is very much a bonus defined by your attitude and will. The challenge at this time is to find renewed hope and vision, yet it is a time when misjudgments tend to take place, either through lack of confidence or through being overly hopeful about the future. You tend to insist on following your own convictions without being sensitive to the opinions of others. At the same time, there are deeper issues connected with your mortality, and your ability to pass on the body of wisdom you have acquired to those who follow after you. You are poignantly aware of areas in your inner life that need healing, or where there are flaws and weaknesses, for they will surely surface in your 50th year. For you this is profoundly connected with an old spiritual wound that has constantly reminded you of the helplessness of the individual in the greater scheme of things. This is the time when the knowledge of universal suffering brings a wisdom of its own. This is manifested as discomfort in relation to your family and roots, where you may have experienced alienation or a sense that the family was ostracized. When there is no sense of belonging, you have to create unique allegiances.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around January - 2015 and will ebb out around December - 2017. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

In this period of your life you feel that you have set in motion a new plan for your life. The framework is in place, your intentions have been made clear, and when you examine your feelings, you know you are on the right track. Now you enter a transition phase that requires concrete results. You need to consolidate your position and nurture your resources, so that you can actually achieve the new goals you have set yourself. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In this coming period you will be crucially aware of a shortage of funds, and this is an ideal motivation for increasing your earning power. You need to build the structural framework for future prosperity, and this has to start with economy and restraint. Learning about saving and budgeting are key issues, but it is also important for you not to underestimate your potential worth.

Opportunities for Success

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from October - 2017 to November - 2018 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

An awareness of the spiritual forces behind your individual evolution has enriched

your understanding of your self and the universe, and this now ushers in a period from November - 2018 to December - 2019 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 50. Three very important issues that make this year special are:

- There are excellent conditions for growth, both in your personal status in society and professionally in your career. Established organizations look kindly on you and give timely support. A suitable framework is supplied for you to build your visions on.
- Unpredictable events raise your adrenal levels and bring out the fighting spirit in the coming months, making you more inclined to take considerable risks. Whilst the samurai spirit is awakened, you may provoke others unnecessarily.
- Current relationships are shaken up as you search for more freedom and excitement. Values change and you make unconventional choices, travel long distances for love, and enjoy relationships with fringe groups and people who walk on the wild side.
