Written and designed by Adrian Duncan

# Birth Report

**Dear David Newcomb,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Square Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

## **How this influence affects your professional life:**

You have a strong sense of responsibility regarding your professional

relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Conjunction Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

This period brings a major reorientation of personal taste and values. This will affect your likes and dislikes in all matters - particularly relationships. This is the testing phase for any relationship that you doubt. Weak relationships based on inequality, power misuse, submission or false kindness cannot, and should not, survive this influence. A strong relationship will benefit from a new psychological insight which develops from a new intensity and self-examination. But even strong relationships can undergo a crisis at this time. This is one of the best periods of your life for getting into contact with your erotic

needs. You may well feel a desire to explore forbidden areas of sexuality to deepen your enjoyment of sex, and it is a good time for overcoming prudishness and letting go of inhibitions. Relationships started at this time will be passionate and incredibly demanding emotionally. Some may last, bringing about a transformation in the capacity to express love and sexuality. In others the new lover is forced to give expression to every ounce of love and emotion, and may be squeezed quite dry. There is an obsessive element to love affairs at this time, and the sexual element plays a major role. There is a danger of losing one's heart to a person who does not truly care, and this can lead to a humiliating experience, and a draining sense of personal worthlessness. A relationship built on these premises cannot survive, and the sooner it is over the better. When you emerge from this period, you will have a much deeper awareness of your relationship needs. The names of those you could not trust will soon disappear from your address book.

### **How this influence affects your professional life:**

This is a more challenging period professionally for women, than for men. This can strongly affect personal self-worth and esteem, even giving a certain unpopularity. You can no longer rely on personal charm to achieve results. There is considerable pressure on social relationships, and you may find that allies you have counted on disappear, because of basically different views on life. Redefining your self-esteem is dependant on getting rid of false values. It is essential at this time to cut back on material things - especially luxury items. The more you cut back, the better prepared you will be for the future. Do not throw good money after bad, even if this means selling something that is costing you too much. It is better to take a loss. You will be tempted to loan money at this time partly because of financial difficulties, but also because of changes in taste and personal values. Make sure you do not loan to acquire luxury or prestige items. Make double sure that your investment is good. If possible get by through economising. This is a good time for psychological dealings with people, and for the transformation of waste products into something of value. Where there's muck, there's brass.

Now you know something about what makes you special, and

something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
