HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Taurus

PROFESSIONAL - LIFE-PATH: Establishing self-worth

During the course of your life you will develop your talent for administrating your resources. You have a strong awareness of personal and material values, so economic reward will often be used as a measure for how you are developing in life. You also have a strong awareness of your body, your senses and their functions. In professional matters you develop stability, and you seek to achieve harmony in your working environment. Although you are stubborn you don't like confrontation and you often take the easy way out. This can evoke rather extreme reactions from others, who may feel you are shirking emotional commitment. Your prime professional motivation is to maintain your security and comfort. However you do have a very strong need to be appreciated, and this is one factor which can really motivate you to work hard. Once you get started on something you have staying power.

PERSONAL - LIFE-PATH: Establishing self-worth

You have a soft and gentle nature and tend to exude a natural calm and grace. You give the relaxed impression that you have things under control. As a peace-loving person you are not happy with disturbances or confrontations in your everyday life, and you often follow the path of least resistance for the sake of comfort and harmony. Nevertheless you can be of considerable support to others, precisely because you have so many personal resources and a relaxed view of life. If there is one thing that makes you unhappy, it is financial insecurity, so you are strongly motivated to have an economically comfortable existence. You are also very sensitive to anything which undermines your self-worth. During the course of your life you will slowly but surely develop a greater sense of inner security. In intimate relationships your placid manner and refusal to confront hidden problems may force your partner to confront you from time to time with unpleasant truths about yourself. You gain more balance in relationships when you develop greater psychological insight.

Ascendant Trine Mercury

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

PERSONAL - LIFE PATH: The messenger

You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

Ascendant Trine Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The counsellor

You are not interested in trivia, and therefore seek a profession which gives some kind of overall meaning. You are probably destined for success, and can exert considerable influence through the power of your opinions or good judgement. You have a tendency to overestimate the importance of your ideas, and may be unreceptive to the views of others. Generally, however, you maintain a fine perspective on the important issues. You are an excellent adviser.

PERSONAL - LIFE PATH: The counsellor

You are a larger than life character with strong views on most issues, and a deep interest in spiritual issues. You are open and willing to expand your philosophical horizons. Generally blessed with good fortune and an optimistic frame of mind, you have the ability to expect the best of the future. There may be a tendency to overindulge or be too extravagant. People value your ability to understand in depth the things that move them.

Ascendant Trine Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect

between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The hard school

You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

PERSONAL - LIFE PATH: The hard school

You can be rather an inhibited person - at least in the early stages of your life. Experience has made you wary in your dealings with others, and rather taciturn in style. You may feel uncomfortable about your personal appearance, and you have low expectations as regards your potential in life. Nevertheless you can inspire trust in others because of your considered, serious nature. The older you get, the more you lighten up.

Ascendant Square Uranus

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Light of the future

You bring the spirit of renewal and innovation into whatever projects you involve yourself with. You are strongly motivated by social visions, and are keen to instigate change. You may have some problems accepting the status quo, and this can lead to a certain alienation in society. You have a talent for dealing with New Age interests, technical matters or people from unusual environments.

PERSONAL - LIFE PATH: Light of the future

You can feel that your role in life is connected to future visions and the necessity for change in society. You add a dash of originality to the world, and people are either inspired or provoked by your rather unusual personal style. You shake up your surroundings and often use shock tactics to make an impression. You thrive in an atmosphere of excitement and unpredictability.

Ascendant Square N.Node

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be

great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: No man is an island

Your life path is closely aligned with a common destiny and associated with a greater purpose for the world. You need to be with people and to relate deeply to feel that you are fulfilling your role in life, though you will often be confronted by the dilemma of whether to follow your own needs, or the needs of others. Relationships may play an important role in your professional life.

PERSONAL - DESTINY: No man is an island

You are strongly keyed in to the world that you are a part of, and in a sense you can feel the major and minor tremors that go on in your environment. As such you feel a strong sense of involvement and personal responsibility, because you are so aware of how the individual impinges on the whole. Sometimes you will have an inflated sense of your importance, but at other times you will gain an understanding of the transience of your existence.

Venus In Leo

PROFESSIONAL - VALUES: Project personal warmth

You are attracted to a life of luxury and style, and in your dealings with others you set great store in being able to give a good impression. Personal prestige is an important career value - and you need to see your prestige reflected in the way you look and the things you own. Professionally you can avail yourself of your considerable personal charm and influence to get ahead. You know how important first impressions are, and you are careful to cultivate your contacts by showing respect and warmth. At the same time you expect to be noticed and appreciated in your job. Because you are basically a generous person you will probably attain a certain popularity, and this will be a major asset for you. Position is more important to you than money, but with your need to live in style and your extravagant tastes, money is also very necessary.

PERSONAL - VALUES: Project personal warmth

Men with this position are attracted to women who they can show off a little. Both men and women are drawn to people who have a central position in social circles. Good taste, good manners and style are essential ingredients in love. Women expect to be courted with style, and expensive gifts are the order of the day. Actually both sexes are very warm-hearted and romantic. Whilst there is an intrinsic loyalty and sense of honour there is also, paradoxically, a

weakness for affairs. It is difficult to resist adoring glances! Blows to personal pride can seriously affect the stability of a relationship, and - mutual admiration being so important - there may be little to salvage if one party loses respect for the other.

Venus In 4th House

PROFESSIONAL - VALUES: Domestic harmony

Your strong aesthetic sense may give you talents concerning interior design, gardening - especially flowers - and anything to do with the home. You can increase your wealth by dealing with property and are generally fortunate when buying a house, although there may be a tendency to go for the extravagant option. You form strong bonds through business dealings, and are loyal. Professional advancement is not just a matter of money for you - family values have priority and you do not like to do anything that threatens the harmony of the home.

PERSONAL - VALUES: Domestic harmony

Family life has always been important to you - it is here you seek - and find - love and security. Your upbringing may have been strongly influenced by a sister, or by a mother who was your equal in some way. You have a talent for creating harmony and a loving atmosphere in the home - you did this as a child, and you strive to do this in later relationships. You need an aesthetically pleasing home, and thrive with a beautiful garden and beautiful things around you. You are strongly attached to the objects you collect for your home - they are imbued with a special value and meaning.

Identity

Sun In Virgo

PROFESSIONAL - IDENTITY: Oiling the works

Developing personal skills and making yourself useful are primary aims in your life. You are at your happiest when things function smoothly as a result of your efforts. Whatever area you work in, you tend to bring a spirit of efficiency and conscientiousness. You are a truly helpful person, and many people in your life will have cause to be grateful for this. Knowing you have done a job well is more important to you than prestige. Environmental awareness is an important element of your consciousness - whether it concerns the environment of your physical body, the environment of your place of work, or Nature itself (especially if this means dealing with animals). You are an organiser, and are equally at home working with information

and things, as with people. You possess a flair for detail, and may have a particular affinity for secretarial work.

PERSONAL - IDENTITY: Oiling the works

The main challenges to your identity come when changes arise in your environment - whether it is personal health, in the home or in your working life. It is at these times that you learn to use your discriminative judgement to refine and clear out impurities in one form or another. You have a particularly well-developed critical sense and strong powers of analysis, and these can be your tool for personal development. This means overcoming a tendency to be self-critical, and giving yourself the credit you deserve for being of assistance to others. To attain harmony in partnership matters you must also avoid being critical of the partner. You can be too busy and too involved in the everyday running of things, and this can evoke a passive state in the partner. Being a perfectionist, you tend to end up doing all the work in the home yourself. If you do not set limits for help, you will be taken advantage of.

Sun In 5th House

PROFESSIONAL - IDENTITY: Self-expression

You have creative talents and will find satisfaction in a career which gives you the opportunity to project yourself and make an impact on others. You cannot thrive in a subservient position. It is important for you to express your identity through your work. This can be done in many ways - dealing with children, artistic expression, sporting challenges, indeed anything which allows you to project your natural love of life. You have charisma and it pays to use it. You may like to take a risk, as you are a gambler by nature. For you impressions are important, and you enjoy being grandiose.

PERSONAL - IDENTITY: Self-expression

Childhood had a powerful effect on your ability to enjoy life and express yourself. Generally speaking you have a surplus of energy and a bubbling character. You easily fall in love with love, and your natural radiance can be a powerful factor in attracting partners. You are disposed to love affairs, and there may be a rather narcissistic element here because you are seeking confirmation of the attractiveness of your own identity from partners. You contribute a sense of fun in relationships, and this makes you a hit with children. You can attain self-realisation through developing your creative interests.

Sun Sextile Neptune

This aspect is of medium strength and its influence will often

be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

Sun Conjunction Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win,

basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Jupiter transiting Square Sun

17-12-2018 -> 13-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life

and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Neptune transiting Opposition Sun

01-01-2017 -> 13-01-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - IDENTITY: Refining the spirit

As this is a period of self-examination and contemplation, you may not be very motivated professionally. You cannot allow yourself to be the slave of your ambitions now. You have to ask yourself the question: How can my job live up to my long-term ideals about myself and my capacities as a human being? The yardstick as to whether what you are doing is the right thing is the inner feeling of dissatisfaction that wells up from within. Let this guide you in your search for meaningful activity.

The direction you take now is decisive for your long-term spiritual health, so take your time. Knowing what you don't want to do is an important first stage, later you will find something which satisfies every part of your being. This is a time to create room for musical, artistic or creative impulses. Your interest in fellow men and women may inspire you to be more socially involved. The urge for service and even

sacrifice is strong.

PERSONAL - IDENTITY: Refining the spirit

This is the most important time in your life for spiritual growth and self-realisation. At the onset of this period you may feel a dissatisfaction - even a pointlessness - with your existence. No matter what escapist activity you pursue, there is a nagging feeling of meaninglessness which pervades all areas of your life. You have to take the consequences of this and seek to enrich your daily life. Spiritual interests and meditative or creative activity are favoured now, and you would benefit from contact with a person more spiritually aware than yourself.

No partner will be able to alleviate your thirst for existential significance now. Unrealistic expectations concerning loved-ones will surely lead to disappointment, as the bubbles of your private illusions burst. By directing your gaze inwards and understanding the subtle inner processes of the mind, you can achieve a new understanding of your life. The essence of this is that you are alone, and that the world is a stage for your projections. It is important that your acting is good if you would like some applause when you get to heaven.

Emotions

Moon In Cancer

PROFESSIONAL - EMOTIONS: Create a secure atmosphere

You are a super-sensitive person with a deep need to feel safe and secure. You form close bonds to the people you like, but you can take an instinctive dislike to some people. Generally however your instincts and professional intuition are very accurate. You have strong feelings and are a very caring person indeed, and this may be reflected by the kind of work you choose

You are a loyal and supportive friend and colleague as long as your security is not threatened. You are very attached to past gains; to get ahead it is important to let go of the past. You would thrive in a caring role, and in businesses connected with security and property. Family business may appeal to you.

PERSONAL - EMOTIONS: Create a secure atmosphere

Your deep feelings are a powerful driving force for you - many of your actions are motivated by a need to protect yourself and those closest to you. Family bonds - particularly to the mother, home and family - are of the utmost significance - and it is in the nature of things that you

will experience a good deal of emotional pain as you mature and close bonds are broken. You can be very moody and this has a powerful effect on your emotional environment. Overcoming possessiveness based on dependence, and resisting the tendency to make others dependent on you through emotional manipulation and over-protectiveness, are essential stepping stones towards developing a greater inner self-sufficiency.

Moon In 2nd House

PROFESSIONAL - EMOTIONS: Attachment to personal values

Security and stability are major issues for you. You have a strong appreciation of what has value, and what doesn't, and as such you can achieve professional success dealing with property, food and catering for the basic needs of others. You prefer a job with a guaranteed income - childhood experiences connected with parental economy have taught you to play it safe and hang on to what you have got. Early memories of economic insecurity, especially as reflected by your mother's attitude to the administration of family finances give you a profound hunger for economic stability, and this inner need to avoid threats to your own financial security can mean that you stay longer than necessary in an unsatisfactory work situation.

PERSONAL - EMOTIONS: Attachment to personal values

You are very attached to the things you own, as they represent important emotional connections for you. You really do tend to hold on to things from the past, and they can clutter up your home. Your children and family connections are major values for you, and it is a traumatic process when upheavals come in this area, and when bonds have to be cut. Some people may view you as materialistic and possessive, but you are a very giving person, just as long as you feel secure. Sometimes you eat just to feel secure. However you may be too fixated on security, and there will come periods in your life where you will lose the things that you are most attached to. Learning to adjust to economic fluctuations is part of a process of maturity for you.

Moon Square Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Trine Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity
The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

Moon Sextile Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Deep emotional involvement
You are strongly motivated on an unconscious level by a

need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement
You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Opposition Moon

18-12-2019 -> 12-01-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - EMOTIONS: Expanding your base
This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may

however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Saturn transiting Opposition Moon

18-01-2018 -> 14-12-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Emotional self-sufficiency

Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

PERSONAL - EMOTIONS: Emotional self-sufficiency

During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity.

Time can drag on now because you have to spend more time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your stubbornness to get in the way of a rewarding relationship. The time demands emotional self-improvement, so stop making excuses and start working on yourself.

Mentality

Mercury In Virgo

PROFESSIONAL - MENTALITY: Create order

Few people possess your capacity to study and analyse information and present things in such an understandable and factual matter. You can develop considerable expertise in several different mental areas, and you will tend to cultivate a perfectionism in these areas. Your love of detail may mean that you get bogged down, and this can perhaps prevent you implementing your ideas. You are strongly motivated to be of service to others. This can however mean that people will dump tasks on top of you, so it is essential for you to discriminate between what you really want to occupy your mind with, and to curb over-helpful tendencies. You function well in an administrative position, where you have to make concrete judgements about what is useful, and what isn't. Natural secretarial skills are a resource you derive benefit from.

PERSONAL - MENTALITY: Create order

You are something of a perfectionist and have a helpful - if somewhat critical - manner. You have an eye for details and it pains you to see something out of place or done inefficiently. As such you tend to involve yourself in many daily tasks, smoothing out the rough edges and getting things to function. You can exhaust yourself with having too much to do. You are businesslike in the way you express yourself, and you may have a rather chiding tone of voice. At best you are very supportive and a great helper, at worst you tend to undermine others with negative comments. Generally however, you prefer to keep a low profile, both as

regards your opinions, and your many good deeds.

Mercury In 5th House

PROFESSIONAL - MENTALITY: Mental creativity

You have a creative attitude to your profession and have a quick eye for profit. Generally you are confident enough to want to take a risk to get on in the world. You have a talent for getting your message across with charm and charisma, so you may find yourself involved with teaching or communicating. Certainly you have a way with children and a fine sense of fantasy and adventure. You are sensitive about your intelligence, and it is important for you to be able to impress others with your grasp of detail and general competence.

PERSONAL - MENTALITY: Mental creativity

You have a rather impish nature and good sense of fun and can excel as a storyteller. Humour and wit, and a natural ability to communicate with charm means that you have a tendency to involve yourself in reasonably harmless romantic contacts. You are less motivated by erotic needs in romance than the need to be on the same mental wavelength. Your partner will appreciate your playful nature, and children will feel that you meet them on their own mental level. One weakness is that you tend to be flirtatious. Really your need to have an audience is best satisfied by creative work.

Mercury Trine Jupiter

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Disseminating information

One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day. These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes,

computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

PERSONAL - MENTALITY: Disseminating information

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

Mercury Trine Saturn

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Mental discipline

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

PERSONAL - MENTALITY: Mental discipline

You are oversensitive about your intelligence and have a

tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

Jupiter transiting Square Mercury

14-11-2019 -> 10-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy

your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Saturn transiting Square Mercury

15-02-2017 -> 04-01-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Mental self-discipline

You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts.

Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

PERSONAL - MENTALITY: Mental self-discipline

This is a period in which you have more than the average amount of worries. There are many practical issues to be solved, and there is no other alternative than to get down to each issue and concentrate on one thing at a time. It is important to organise your time more efficiently. Problems particularly arise in the area of communication. This is the

time to address these issues and find practical solutions.

If you feel unsure of your intellectual abilities or that you lack the necessary training to do what you want, then you should make a commitment to improve now. You need to spend more time talking and listening to your partner - there are issues which need to be solved. Problems can also arise in connection with sibling relationships or neighbours, and if you are patient and diligent you can find long-term solutions. Discipline your daily life and realise creative dreams.

Venus In 4th House

Please read page 3 : Venus In 4th House

Venus Opposition Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships

because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

Venus Square Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - VALUES: Acceptance

You have an extraordinarily refined aesthetic sense. Disharmony evokes an almost physical unease in you, so you are strongly motivated to recreate balance in your inner and outer world. Professionally this can manifest in a career where matters of taste are important, or diplomatic talents necessary. You are especially suited to public relations matters, but your genuine compassion for other people may incline you to work helping others in some way. Although you may be strongly inspired by items of physical beauty, you will rarely be satisfied by material well-being alone. You have musical and artistic talents.

PERSONAL - VALUES: Acceptance

You are willing to make sacrifices for love, and as an incurable romantic you are skilled at creating circumstances for personal disappointment, either through poor judgement regarding potential partners, or unrealistic expectations. You are looking for more than a worldly love - you need to feel as if your soul is touched by your partner, you need to feel a spiritual bond. To be happy in this area of your life you must understand and accept so-called imperfections in others. The perfect partner does not exist and you will never find him or her. It is important to choose an equal - not someone you idealise or want to save - and it is important that the

chosen one shares ideals and dreams which transcend conventional relationship needs. Unhappiness and dissatisfaction in love is actually the result of unconscious impressions from your distant past, and these feelings actually have a spiritual purpose now.

Jupiter transiting Square Venus

28-10-2017 -> 23-11-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are

interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Uranus transiting Square Venus

12-05-2019 -> 31-12-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: New social environment

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated.

You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

PERSONAL - VALUES: New social environment

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness.

If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and

strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is an excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

Drives

Mars In Libra

PROFESSIONAL - DRIVES: Manifest your judgement.

You have a strong sense of justice and are strongly motivated to create balance in your working environment. Your greatest asset is your aesthetic sense, and this can manifest in employment where matters of taste are important - for example fashion, decoration and other areas where a good judgement is required. Your manners are most probably rather refined.

There can be an element of indecisiveness as far as decision-making is concerned. First of all you are not comfortable offending others, and secondly you have a true ability to see both sides of an issue. By coming down on one side or another imbalance is created, and this brings a sense of discomfort. So you will tend to make compromises and generally get by on your charm. This can be a disadvantage in situations where a firm stance is required. People feel nervous when they don't know what position you take - this can give an untrustworthy impression. It can be an advantage for you to jump sometimes, instead of staying on the fence.

PERSONAL - DRIVES: Manifest your judgement.

Other things being equal, you will have a gentle manner and controlled temperament, except in situations where you feel an injustice is being done. In these circumstances you fight hard to get a fair hearing for yourself and others. You have a natural flair for handling public relations, and this can certainly give you success when dealing with the opposite sex. Men with this position of Mars have a tendency to flirt, and may take advantage of women through being manipulative. Women are attracted to men with good taste,

poise and style, though there is a tendency to be deceived by appearances and smooth talk. Conflicts in relationships can arise over unfaithfulness or differences in opinions as regards taste and judgement. Though you are strongly motivated to enjoy partnership, contention often arises in one area or another. You are on the one hand reluctant to get into conflict, yet on the other quite sharp in your judgement of others.

Mars In 6th House

PROFESSIONAL - DRIVE: Daily activity

You are a dynamic worker, attacking tasks head-on with an inimitable dynamism and enthusiasm. Your example will certainly motivate others, but co-operation with a team is not your strong point - unless you are the leader. However as a leader you tend to be too bossy, or to drive others too hard. Tensions abound in your working environment. You dislike being told what to do, or when to do it, and function best when you are left to yourself. You would thrive if you were self-employed or free-lance. If you have to work together with others you must learn to control your temperament - you may be irritated by the lethargy or inefficiency of others, and defensive of your own territory. If you stick to being helpful, colleagues will appreciate you, if you try to have your own way, you will be seen as a troublemaker. You function well however in jobs which require courage and the ability to confront others. You know how to handle tension and stress at work, and can thrive on danger or conflict - if it is not there you may get bored. You have a talent for rationalising inefficient concerns, and also for physical work. There may be engineering, mechanical or medical ability.

PERSONAL - DRIVE: Daily activity

You are something of a worker, so whether you are on the job or at home with the family you like to be active. You probably have mechanical ability and will feel most comfortable when you are performing useful tasks. If your partner appreciates your hard-working nature things will go fine - however relationships may function better if you take more time off. Conflict over who does what at home can sabotage harmony in relationships. Do not expect loved ones to take the same share of the housework as you do - you need to burn off your excess energy, your partner probably does not.

Saturn transiting Square Mars

25-03-2018 -> 18-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be

able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Wisdom

Jupiter In Capricorn Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - WISDOM: Be successful

You were born in a year of focus on authorities, institutions and powerful political developments. Issues of law and justice, and their enforcement, can be very relevant to your life. You may be attracted to the corridors of power, and you can play a significant cultural or philosophical role in the structure of society. Getting ahead professionally is very important for you, and you work hard to achieve long-term goals. Success can however be delayed because of a lack of optimism. By learning to think smart, instead of just working hard, you can achieve great success in life. It is important that you learn to formulate your goals in a positive manner. Write down your long-term plans and visualise achieving them without backbreaking effort. Your professional talents are exceptional, and you can reach a very influential position in life. Think positively.

PERSONAL - WISDOM: Be successful

You have integrated strong moral principles from your early relationship to society, owing to exposure to somewhat restrictive or conservative values about human behaviour. There may for example have been a strong disciplinary element in connection with training and education for you, or perhaps you were influenced by someone with an exceptionally strong morality. Whatever the circumstances, you have strong principles now, which drive you to work hard and take responsibility. You believe in the work ethic, and only expect to receive what you have worked for. Thus your life takes on rather a sombre tone as you struggle to get ahead. Remember the principle of abundance - ask and you shall receive. In personal relationships it is important for you to cultivate a more tolerant attitude, as you have a tendency to moralise and be restrictive. Spiritually you advance through ascetic self-discipline.

Jupiter In 9th House

PROFESSIONAL - WISDOM: Expansion of understanding

As you have considerable intellectual depth and a fine overall perspective you are suited to a profession in which your powers of judgement and capacity to exert influence play an important role. Matters concerning the law, or the broadcasting of cultural values, or any situation in which you can get convictions across to the general public are all areas of employment in which you can thrive. Higher

education can be important for you, and in your professional life you would appreciate the chance to constantly enhance your abilities through further training. You tend to be tolerant and cosmopolitan so you will demand a job which gives you wide intellectual and cultural horizons - even the opportunity to travel long distances abroad.

PERSONAL - WISDOM: Expansion of understanding

You have been endowed with considerable natural wisdom and the capacity to understand the significance of your life. Your upbringing will have been influenced by strong parental convictions, and this has stimulated you to work things out for yourself and develop your own understanding of the world. Powerful religious, political or philosophical beliefs shape your life. You are extremely persuasive in your beliefs, but you should bear in mind that other people may find you rather dominating. It is important for you to listen to the world view of other people if you want to avoid becoming bigoted. You may be profoundly influenced by a mentor or guru-figure from a foreign land.

Jupiter Conjunction Saturn

This aspect is of medium strength and its influence will often be felt, though not acutely. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - WISDOM: Cultural values

You have the capacity to attain a meaningful and powerful position in society. Having the ability to sense the right time, and be in the right place, you know how to take advantage of professional trends to create expansive conditions for professional growth. If all goes well you can consolidate your position after a period of expansion, and from this new foundation go on to create further growth. The main issue as regard success is the ability to have faith in the future and act on it. Periodically you may be overwhelmed by pessimism and lack of confidence. At these times the future can seem dark indeed. At other times you can be overoptimistic as regards future possibilities, and fail through lack of judgement or preparation. Courses which train your ability to plan, combined with training positive thinking, will greatly benefit you. You can work in central positions in organisations because you inspire the feeling of stability and trust. You may have a talent for planning, consultancy and organisation - and you have the capacity to create structures in society which bring lasting benefit.

PERSONAL - WISDOM: Cultural values

When this influence manifests positively you can create an

environment around you full of confidence and certainty about the future. In difficult circumstances however, you can feel great despair as regards what the future will bring for you. This is especially strong in respect to your need to fulfil the expectations of society and those closest to you. Your moods tend to swing from optimism to pessimism. You are especially concerned as to whether you have the necessary training or experience to realise your ambitions. Obviously you will benefit from training courses to increase your skills, but you still have to struggle with nagging doubts regarding your competence and intelligence. It is precisely this insecurity which leads to great personal development as you constantly strive to gain insight and understanding. You can have rather dominating opinions, and it is worth asking yourself whether they truly are your own opinions. You often allow your views to be swayed by parental convictions or current opinion. However you tend to mature like a good wine in this area, and your own ideas may end up having a major influence on your environment.

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of

your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

23-04-2017 -> 25-03-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Journey into Space

This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

PERSONAL - WISDOM: Journey into Space

This may well be a period of increased social activity and intellectual curiosity. During these months revolutionary new opinions can lead to a radical change in your viewpoint. Contact with foreigners and their cultures can be a catalyst in this process. You may find yourself getting involved with New Age or international groups. This is a great time for inspiration and radical consciousness change, but you may find yourself at cross purposes with people who have traditionally had a strong influence in your life. You have a desire to overthrow intellectual and religious authorities now, and replace restrictive ideologies with ideals about freedom of the individual. You want to define and follow your own path to personal growth at this time, without the heavy hand of any guru or mentor.

Jupiter transiting Conjunction 7th House

16-10-2018 -> 12-11-2018

PROFESSIONAL - WISDOM: Relationship rewards

One of your greatest professional assets is your insight into other people. You have excellent judgement and would succeed in a career in which people came to you for advice. You thrive when working in large concerns, and in a career which offers wide horizons. You are often helped on your way by older people who are favourably disposed towards you, and are generally fortunate in all partnership affairs. Generally speaking you choose to see the best in other people, and this attitude brings out the best in them. You are excellent at motivating people as regards the future, and this positive attitude evokes optimism in them. You have considerable diplomatic talents which are best used on a collective level where the ability to have an overall perspective is the essential ingredient.

PERSONAL - WISDOM: Relationship rewards

Other things being equal you have a very fortunate fate in relationships. Marriage will often bring social and material advancement for you, and you are usually lucky in finding a person who helps you and has your best interests at heart. The most important asset a partner can possess in your eyes is an intelligent and cultured manner. A wise partner imbues your life with meaning and expands your philosophical horizons. You are stimulated by a good discussion, but must take care that you do not fall out with your partner on foolish matters of principle. Differing opinions tend to sabotage your harmony. Your partner may have special political or religious interests, or may come from another country. You can have great pleasure from travelling together and cultivating your shared cultural interests.

Jupiter transiting Conjunction 8th House

13-02-2019 -> 12-11-2019

PROFESSIONAL - WISDOM: Depth understanding

You understand the importance of influence and power in all your professional dealings. You have the intellectual ability to see behind appearances and draw wise conclusions as regards most matters concerning finance and investment. In this respect you like to think big. People trust you with their money and other resources, and you can make them grow. You may also have good fortune concerning legacies or inheritances. You have a choice of direction as far as expansion is concerned. You can make a lot of money, if you put your mind to it. You certainly have the know-how. But it is unlikely that you will be satisfied by material

success, and you would achieve greater satisfaction expanding your influence, ideology and power. True satisfaction especially comes when you turn your understanding and investigative talents onwards to explore the fascinating realm of psychology and related subjects.

PERSONAL - WISDOM: Depth understanding

You can have a rich and rewarding emotional life. Not being satisfied with any superficial relationships, you have a hunger for intimacy and a deep understanding of the emotional motivations of your partner. You are both curious and talented as regards gaining access to the feelings of others, and you have the capacity for explaining hidden psychological factors. You may have a tendency to tout your own opinions and beliefs in a rather dominating way though. Stubborn insistence on matters of principle or conviction can easily sabotage emotional harmony. When you look back on your life you will notice that you have totally changed your own convictions at least once, so why let them become an issue in relationships? In a good relationship there should be plenty of space for a divergence of opinion.

Challenges

Saturn In Capricorn Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

PROFESSIONAL - SELF-RELIANCE: Goals and strategies
Saturn was in Capricorn in the years 1929-32, 1958-61 and 1988-91. These were times of political restructuring and redefinition of goals in society. Inasmuch as this influence is reflected in your professional life, you will be motivated by strong ambitions and the desire to get ahead and prove yourself in society. You will be extremely conscious about who has influence in the professional arena, and may feel inspired to overcome your own reservations about responsibility to rise higher in career hierarchy. If this is the case you will be suited for a position of authority in society. You can command respect because you are extremely conscientious and are capable of reaching the goals you set yourself - however, you make too many demands on others. You can be a good planner and strategist.

PERSONAL - SELF-RELIANCE: Goals and strategies
During the period around your birth, there was much emphasis placed on political developments in society. This may manifest personally in you in a strong inner drive to

attain your goals and achieve results. As a young person you may have had difficulty defining your ambitions or believing that you could achieve them, but as time goes by you make steady progress towards your goals through a combination of hard work and planning. You may however be too attached to material progress and the status you achieve thereby, and you may have an exaggerated need for respect. When you overcome the need to prove yourself in your society and concentrate on aspects of social service, you can become a pillar in your community.

Saturn In 9th House

PROFESSIONAL - SELF-RELIANCE: Intellectual training

During the course of your life you overcome a feeling of inadequacy as regards your intelligence and judgement, and through concentration and training - and perhaps a commitment to higher education - you can become a kind of intellectual authority in one field or another. Your ability to draw wise conclusions from experience, and your careful analysis of the truth, may give you a talent in an area which requires sober analysis and judgement. You have the capacity for serious study, and you are able to show other people a path of understanding through a philosophical system or set of rules. You are very conscious of your place in the intellectual hierarchy and a little too inflexible in your opinions or understanding of what truth is.

PERSONAL - SELF-RELIANCE: Intellectual training

Gaining intelligence and understanding has a high priority for you. As a young person you were probably exposed to parents or teachers who had strong and rather inflexible opinions and you may have had difficulty because of some kind of orthodox dogmatism. Hindrances may have arisen as regards the pursuance of a further education. Ultimately a lack of intellectual confidence drives you to improve your mind, so that you become able to define your own beliefs about the meaning of your existence. You are attracted to some kind of spiritual system or hierarchy, and have a tendency to believe in a strict set of moral rules connected with spiritual growth. You have the capacity to study long and hard - you do not expect the way to understanding to be easy. Special challenges may be connected with abroad, or a spiritual teacher who demands personal discipline. It pays for you to be more receptive to the opinions of others, and less defensive about your own convictions.

Jupiter transiting Square Saturn

01-01-2017 -> 25-09-2017

Major irritation factors arise as a result of this influence, yet

if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Uranus transiting Square Saturn

17-01-2017 -> 17-03-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Renewal of plans

This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern

technology can also benefit you. On a deeper level you may want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

PERSONAL - SELF-RELIANCE: Renewal of plans

If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully laid plans are abandoned - you need a dash of excitement.

Originality

Uranus In Leo

Uranus In 4th House

PROFESSIONAL - ORIGINALITY: Unusual environment

You may have to accept rather extraordinary environmental conditions in your professional life. Work can bring special domestic challenges, such as living abroad or in some kind of social situation in which you feel you are an outsider. You will be able to handle radical changes of this nature with ease, as you have something of a gipsy mentality. You may be inspired by an untraditional or future-oriented attitude to the environment or your country. You are something of an internationalist in this respect.

PERSONAL - ORIGINALITY: Unusual environment

There were a number of unconventional factors in your upbringing which contribute to an inner emotional restlessness. This can be connected with sudden upheavals, separation of the parents, a lot of moving or living in a foreign environment. The result is that you have not formed traditional bonds to your parents and family, but prefer to distance yourself from them on an emotional level. Later in life you will be drawn to experimental domestic arrangements which may surprise the more conventional members of society. This can be living in some sort of

communal arrangement, or in an international environment. As far as relationships are concerned, you do not like symbiosis and dependency. The company of friends is just as important for you at home, as that of a partner. You believe in principles of freedom, when raising your own family. Electrical problems can affect your home.

Uranus Conjunction N.Node

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DESTINY: The lightning rod

Exciting things happen around you, wherever you are, and you are destined to galvanise into action the groups and organisations you are involved with. You are a force for renewal in those situations that have ground to a halt, and you can channel a message of inspiration or revolution. On the other hand, you tend to light the bomb and walk away, often being seduced by the idea of change for its own sake, and rarely having the ability to handle the consequences. There may be an element of extremism in your nature, and an attraction to extremist groups, or to people on the fringes of society.

PERSONAL - DESTINY: The lightning rod

You are possessed of a magnetic aura which can be very inspiring for the people who meet you. Nevertheless you are also an upsetting influence, so that although people may look to you for inspiration, they may feel a certain discomfort in the long run. Indeed it is your fate to be something of a provocateur - you do not believe in people getting too comfortable. You are a force for change, and may have a particular ability for New Age interests, dealing with subtle energies etc. Dramatic consciousness change at intervals in your life can sweep the ground from beneath your feet and carry you off with your head in the clouds.

Jupiter transiting Square Uranus

12-10-2018 -> 09-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with

exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Transcendence

Neptune In Scorpio

Neptune In 6th House

PROFESSIONAL - TRANSCENDENCE: Everyday rituals

You have some very specific talents that can be useful in your professional life. There may be a knowledge of chemicals, liquids, photography, the ocean or advertising. You like to be able to lose yourself in your work - either through being creative, through watching magical processes, or because you can be of help to humanity in some way. You are inspired by the idea of service and sacrifice for the benefit of others. Often you will find situations developing at work which are beyond your control. In the long run you will find that work which does not offer spiritual or creative perspectives will render your life meaningless. Periods of unemployment can actually be beneficial for you, even though you may feel helpless, because they help you meditate on what is really important for you, and how you can be most useful in your life. You need to be able to work alone or at least have a pure and peaceful working environment.

PERSONAL - TRANSCENDENCE: Everyday rituals

You are motivated by the spirit of service, but this may mean you do not know where to draw the line as regards work-sharing in partnerships. If you do not set a limit for what you do, you may end up being overloaded with work.

You tend to have sloppy work methods, and you would benefit greatly from more efficient planning. Being inefficient is an unconscious tactic effectively preventing other people making demands on you. Being helpful is no help to anyone if you do not take your own needs into accounts. Health problems will often be mysterious or difficult to identify - your body obviously knows how to set limits when you fail to do so yourself. You may have certain talents for healing as a result of an intuitive ability to tune into the physical, mental and spiritual needs of other people.

Neptune Sextile Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Conjunction Neptune

08-11-2017 -> 06-12-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Virgo

Pluto In 5th House

PROFESSIONAL - TRANSFORMATION: Transforming self-expression

You can make a powerful impression on others, and this can be both a blessing and a curse in professional matters. You may be too concerned with power and impact on others, and this can prevent you from gauging their reactions. Your anxiety concerning the way you present yourself can obscure the actual goal you are trying to achieve. Rest assured people are impressed, and relax - otherwise you will exhaust others with your presence. You have enormous resources when dealing with children, especially those with psychological problems. On the

outside nothing appears to faze you; on an inner level you exert superhuman self-control. You are inscrutable and may have a future in playing poker.

PERSONAL - TRANSFORMATION: Transforming self-expression

A trauma from early childhood often makes you overcompensate when you express yourself - you can be overly-forceful. In love a desperate need to be respected as an individual drives you into intense affairs which often turn out to be traumatic - perhaps because you demand the impossible instead of relaxing and giving love. You may put yourself in a position where you end up humiliated, or conversely where you have all the power. A deeper self-knowledge and psychological insight helps you avoid exhausting experiences in this area. Having children tends to awaken anxiety in you - for example a completely unfounded fear of accidents etc. You have to learn to trust in the universe as regards the fate of your children, otherwise you could exhaust yourself fighting shadows. You may find yourself in a relationship in which you have to be a parent of a child who is not yours biologically. Although this can be an alienating process, this kind of parental role may mirror how you felt as a child, and as such can have a healing influence.

Jupiter transiting Square Pluto

02-12-2018 -> 28-12-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about

psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Destiny

N.Node In Leo, S.Node In Aquarius

PROFESSIONAL - DESTINY: Let your light burn brightly

The early part of your professional life is characterised by a strong group orientation in which you tend to subordinate your own identity to the needs of whatever professional group you find yourself in. However you cannot be comfortable with this kind of anonymity in the long run, and a time will come when you ignore peer pressure and distance yourself from the crowd to develop your own personal style and identity. Satisfaction comes through self-realisation, and this can involve creative ventures, or learning to stand out in front of others to get your personal message across. Collective ventures tend to peter out into failure, unless you allow yourself to be used as a figurehead.

PERSONAL - DESTINY: Let your light burn brightly

One of the major dilemmas in your life is the dichotomy between realising yourself, or losing your identity in the group. In your early years you will have strong bonds to friends, or some particular group which may be on the fringe of society in some way. Your friendships will mean a lot to you, yet these involvements seem to drain your energy and prevent you making your own personal statement to the world. Experience will show that you have cannot afford to cushion yourself from the world through restless social activity, and that in the long run you cannot rely on your friends. You have to put your creativity on the line and allow the spotlight to fall on you. Children may play an important role in this transformation process.

N.Node In 4th House, S.Node In 10th House

PROFESSIONAL - DESTINY: Broadening the emotional base

Early in life much of your energy will be focused on professional ambitions. There is no doubt that you have great natural talents in this area, and you will probably experience a degree of success early in life. Actually you have a great hunger for recognition and respect which in the

long run cannot be satisfied. When you do achieve success there still remains a sense of being unfulfilled. Whilst you have an exaggerated sense of professional duty, you have a tendency to neglect family responsibilities, and these in turn begin to undermine your professional success. You cannot achieve success without first building a solid emotional base. It is essential for you to find a balance between these two areas of your life, and this will probably happen in your mid-thirties. You can find greater satisfaction in a career based more on environmental concerns than personal desire for fame.

PERSONAL - DESTINY: Broadening the emotional base

You are profoundly influenced by parental expectations, but major development comes in your life when you assert your own true ambitions. As your life develops you discover that true satisfaction is connected with enriching your emotional life through creating a family of your own. Though torn between professional ambitions and early desires for recognition and respect, you learn the value of deep family bonds and rewarding emotional commitments. It is important to see the demands of family not as a hindrance to your personal progress, but rather as an opportunity for personal growth and happiness. Your home can become a haven for you - a solid base for going out into the world.

Jupiter transiting Square N.Node

08-10-2018 -> 05-11-2018

Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions -

though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.
