**Dear Taia,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

Your 49th year is a year of achievement, growth and consolidation during which you build on established foundations and generally feel comfortable with the path you have carved out for yourself. There is a sense that you have been accepted by society and have an important role to play, and the need to prove yourself makes way for a sense of satisfaction as regards your achievements during your forties. Challenges now have a lot to do with an inborn resistance to asserting yourself and your desires. Your will is strong, but chastened by early failures when you put your head above the parapet, you put stumbling blocks in front of yourself, and hesitate when courage and action are required. To attain what you want in life, fear of failure must be overcome. These challenges have a lot to do with a latent insecurity that you feel together with friends and groups. Early social experiences have made you defensive in relations to social demands, yet time will show that you can take a position of responsibility in relation to a group and help it grow, even if you maintain the position of an outsider. With a strong personal foundation, you are able to start a new phase of personal expansion and already this year you will reap the economical and social benefits of the efforts you have put in.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in relationships. Living with or relating to another individual and seeing your strength and flaws reflected by this person is a major learning experience. Any weaknesses in the way you have historically related to other people are exposed now, and your future success depends on you resolving them. This influence started growing around January - 2015 and will ebb out around December - 2017. You encounter tough people who try to impose their authority on you, and you will have to judge how much you are prepared to commit to long-term relationships, and where to set limits. Learning to share your time with another person is part of a maturing process for you now, and the more effort you put in to it, the better the results.

In this period of your life there is a transition in the way you relate to partners and the world. Over the last few years you have made a lot of effort to create harmonious and rewarding relationships, and to a large degree lived up to your responsibility to others, helping those you love if they have been in difficulty. A new period is dawning that challenges you to break down the barriers that prevent true intimacy on an emotional and sexual level. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is not so much what you do or what you say that counts now, but how well you open up emotionally, how vulnerable you dare to be, and how brave you are in confronting your inner demons.

### **Opportunities for Success**

After having built up comfortable circumstances in your domestic life, what is important for you between September - 2016 and October - 2017 is to appreciate the fruits of having a satisfying base, so that you can express yourself through creative activity and enjoy the art of living. Expansion and satisfaction come from living life to the full - through sport, festivity, love, children and romance. This is the time to fully be yourself without reservations or doubt. Larger than life characters will show you how through encouraging you to celebrate existence.

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from October - 2017 to November - 2018 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more

interesting work and it brings personal development for you.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 49. Three very important issues that make this year special are:

- You enter an exciting and stimulating period which radically extends your horizons. This can bring long-distance travels and contact with alternative cultures, and it can also bring new intellectual interests of a non-conformist nature.
- A series of challenges in relation to communication at work and at home, travel or project delays and other frustrations, slows you down and forces you to concentrate on learning basic skills and attending to detail. Think positive rather than succumbing to worry.
- A time that evokes a sense of confusion about what you want to do. Decisiveness is undermined, energy is dissipated. Sexually there can be listlessness and a longing for more magic. Above all it is difficult to be inspired by routine work. Longing leads to a new creativity.
