HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Gemini

PROFESSIONAL - LIFE-PATH: Developing the mind

You are a knowledge-hungry person, eager to travel and meet people in your career. During the course of your life you will develop your communication talents, therefore you need a job which makes demands on your persuasive abilities and sociable nature. It is important for you not to feel tied down, and you need to have the freedom to explore and investigate ideas. You would make an excellent teacher, as you love to impart information to others. As you have a particular interest in learning about the nature of the mind, you are best suited to a career with mental challenges which gives constant variety and change, as well as the possibility of developing your mind. You are especially good at building up a network of connections, and keeping contact with people.

PERSONAL - LIFE-PATH: Developing the mind

Your nature is infused with a youthful curiosity and a restless desire to be stimulated mentally and socially. Mental development is alpha and omega for you, and meetings, discussions, books and learning are the stuff of life. You are constantly active and spread yourself very thin, tending to have a superficial knowledge of a vast array of things, and a finger in many pies. Other people will challenge you to show greater depth and thoughtfulness in your attitude to things instead of just skating over the surface. Brothers and sisters may play an important role, both in your development as a child and later on in life. Your school years will have a profound effect on you, and set the trend for an interest in education later in life. Because you like to be on the move, transport is as essential to you as the air you breathe.

Ascendant Opposition Mercury

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself

up-to-date on all the latest developments.

PERSONAL - LIFE PATH: The messenger

You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

Ascendant Conjunction Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: Light of the future

You bring the spirit of renewal and innovation into whatever projects you involve yourself with. You are strongly motivated by social visions, and are keen to instigate change. You may have some problems accepting the status quo, and this can lead to a certain alienation in society. You have a talent for dealing with New Age interests, technical matters or people from unusual environments.

PERSONAL - LIFE PATH: Light of the future

You can feel that your role in life is connected to future visions and the necessity for change in society. You add a dash of originality to the world, and people are either inspired or provoked by your rather unusual personal style. You shake up your surroundings and often use shock tactics to make an impression. You thrive in an atmosphere of excitement and unpredictability.

Ascendant Trine Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: The spiritual path

You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path

It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Ascendant Sextile Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Mercury In Sagittarius

PROFESSIONAL - MENTALITY: Inspire others

You have a need to make your opinion heard in your professional life. You have a special talent for drawing philosophical conclusions from everyday events. Perhaps this manifests as an interest in politics and foreign affairs. You will almost certainly travel a good deal to widen your cultural horizons, and there is probably a language talent which might manifest bilingually. You thrive in a profession which offers variety, movement and intellectual challenges. You wilt in a closed environment. You have great plans, but the record may show a lack of ability to implement them, or

a loss of interest just when decisive action is needed.

PERSONAL - MENTALITY: Inspire others

You have an extremely active mentality, and you restlessly seek new mental horizons to explore. You probably take pride in your studies - which you pursue for the sake of knowledge alone - and you tend to have an opinion on anything. In philosophical discussion you are less than diplomatic, and may tend to drown the opposition in the heat of the argument. Whereas it is true that you take a passionate interest in things, make sure that you listen respectfully to other people's opinions. What you so passionately argue for one day, drops from your list of priorities the next, so take care.

Mercury In 7th House

PROFESSIONAL - MENTALITY: Listening

Your chief asset in your professional life is your ability to establish contact with other people and communicate with them. You are simply curious about the minds of other people and interested in their thoughts and how they function. Professionally you are suited to a position where you have daily contact with people, where you can field their ideas and express yours. You are an asset as a business partner because you are responsive to the ideas of others and generally quite willing to listen. You are in your element when travelling and visiting people, or establishing contact by phone or on computer networks. You need to talk to people in your working life, and you work better in a team than alone.

PERSONAL - MENTALITY: Listening

The single most important element in a partnership for you is communication. Erotic attraction and material comforts may have their appeal, but above all you need to feel mentally stimulated. The pleasures of love come through sharing ideas and thoughts; the pains when you feel ignored or misunderstood. You tend to choose partners who you respect for their intelligence and, other things being equal, you are attracted by a youthful quality in the partner. You like to go places and have fun. Perhaps you are too dependent on your partner for providing the intellectual input in the relationship, and a partnership is benefited when you also seek mental diversity through meeting other people. This removes the burden of communication from the partner.

Identity

Sun In Capricorn

PROFESSIONAL - IDENTITY: Define your highest goal

Many challenges during your life help you to develop a great determination and strength of character. By setting long-term goals for yourself you constantly refine your natural sense of self-discipline. Your ultimate goal in working so hard is to build up a solid character based on self-esteem. It is in overcoming obstacles that you truly get to feel personal satisfaction. The greatest challenges of your life come when you feel you have failed at something. Your status and professional life can mean a lot in this respect, and changes in these areas lead to major identity upheavals. However such changes are essential to make you periodically reconsider the direction your life is taking.

In your attitude to life you expect things to be difficult, and work hard instead of working smart. By cultivating a positive attitude of mind, the achievement of your goals will be made much easier. Choose to see so-called failures as stepping stones which actually help you find the right direction in life, so that you learn to make a virtue of necessity. You have administrative ability and are endowed with an aura of authority.

PERSONAL - IDENTITY: Define your highest goal

You have rather conventional tastes and quite a strong sense of morality, and you will be looking for qualities you can respect in a partner. You tend to judge weaknesses rather severely and expect a high standard in your relationships. As you are strongly motivated by your ambitions you may have a tendency to neglect your emotional life in favour of your professional interests. It is essential to find a balance between your professional and personal life. Public commitments can often take priority over private, though you will always be conscientious in your duty to the family. Partners can find you rather stiff and unspontaneous, and although this may be the case, you are normally loyal and responsible as regards family life. You are generally a person who can be trusted. When your outer facade melts you can be quite soft and sensual, and very devoted.

Sun In 7th House

PROFESSIONAL - IDENTITY: Finding self in others

You get greatest satisfaction in your working life when you deal with other people on a daily basis. People will often see you as a person they can respect, and at the same time you feel a sense of personal significance when you are of importance to them. You may come to prominence through a partnership, and you can be very supportive in this respect if you do not allow your ego to get in the way. You may find

that people identify with you and that you inspire them through your example. You are well suited to a career as an advisor or therapist, or any job in which public relations is importance. Your diplomatic talents enable you to work well with personnel and in any situation when deals need to be struck. You know how to listen and take the interests of others into account.

PERSONAL - IDENTITY: Finding self in others

Partnerships are important for you, and you can find your true identity when you tune in to the needs of another. You choose a partner you can look up to and respect - someone whose charisma can reflect on you. Women with this position may choose a father-figure type who is prominent in society - perhaps a member of the social elite, or successful in some other way. Men with this position tend to assume a father role. The tendency to identify too strongly with the partner can mean that you have no clear idea who you are as a person. An identity crisis at some point of your life will redress this imbalance, but if your partner is immature, there will be disappointment when you no longer put him or her on a pedestal. However, by defining your own goals and identity you can take the pressure off your partner to fulfil unrealistic expectations .

Sun Conjunction Venus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Style

This contact evokes in you a very strong aesthetic awareness and quite considerable personal charm. You have the ability to make a warm and enriching contact to others and inspire them with your presence. Your diplomatic talents, and strong sense of personal values, gives you many advantages in a variety of areas. You are not a forceful person, and in general you do not like competition, but you can get your way through persuasiveness and charm. Your natural charisma and winning manner ensures personal popularity. You would not be happy in a job in which confrontation and conflict plays a role, and your talents are best utilised dealing with personnel, diplomacy, or matters related to taste, style or a refined judgement.

PERSONAL - IDENTITY: Style

It is extremely important for you to feel liked, and you go to considerable lengths to make a good impression. You are

personally warm and affectionate, and enjoy both making and being the recipient of romantic gestures. Your mild manner probably comes from your father, who may well have been very loving and considerate. Indeed, women with this aspect often idealise their fathers and have difficulty shaking off their attachment. Later in life they will tend to become romantically involved with a softer type of man, in whom they imagine very gallant properties. For both sexes problems can arise through denial of the shadow side of the personality and the reluctance to see that people cannot always be ladies and gentlemen. Sometimes too, there may be a tendency to manipulate others through the conscious use of charm, and a far too rosy self-portrayal. Nevertheless personal self-esteem is a central issue for the identity, and learning to love and accept yourself is a prerequisite before you can function well in a relationship.

Sun Square Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Find meaning in spirituality
On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality
You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life

comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

Jupiter transiting Conjunction Sun

15-12-2019 -> 09-01-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Creating your future
During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future
During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Saturn transiting Conjunction Sun

12-01-2018 -> 08-12-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Emotions

Moon In Libra

PROFESSIONAL - EMOTIONS: Smooth out differences

You are an extremely socially-oriented person, and you get

a lot of pleasure out of your personal relationships. In career matters you have a natural diplomatic talent, and this can mean that you work well in a profession where personal relationships are important - for example working with personnel or with the public. Matters of taste are important, and you will not feel at all comfortable in an inharmonious environment; conversely you are very good at creating harmony in your surroundings. You often shy away from confrontation, and your tendency to be aware of many sides of an issue can make it difficult for you to take a decision.

PERSONAL - EMOTIONS: Smooth out differences

You are most content when you are firmly ensconced with friends, or in a secure partnership. And you are willing to make considerable compromises to ensure that things function smoothly in this area. Injustice can make you lose your poise, and you are very concerned about fairness and equality. However you are eager to please, and unwilling to take a controversial role. On the other hand you are rather romantic and easily led astray by matters of the heart. On the road to maturity there will be radical developments in partnership matters which force you to re-evaluate your dependence on others. You will often bring an atmosphere of peace and harmony to your home and family life.

Moon In 5th House

PROFESSIONAL - EMOTIONS: Emotional joy

You are very sensitive to the impression you make on other people, and have a talent for tuning in to the needs of an audience. This may incline you to a career which involves being in the public eye in some way. Your concern for children can give teaching talent, but you may also be attracted to entertainment in some way. You have a need to express yourself emotionally through creativity in one form or another. You generally have the confidence to take large strides out into the world. Your children's affairs can take precedence over business issues.

PERSONAL - EMOTIONS: Emotional joy

You are profoundly attached to the pleasures and pains of childhood, and strongly motivated to bring your own children up in a very individual way. You have a deep emotional need for romantic attachment. Your tendency to yearn for the security of love stems from unresolved unconscious issues from your own childhood connected with security. Love affairs rarely bring lasting happiness, though it may take you some time to discover this. A more lasting satisfaction comes from creative achievement. You know how to nurture and maintain the romance in a relationship, although you may have a rather mothering style. Perhaps

you get too attached to your children at the expense of your partnership.

Moon Conjunction Jupiter

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - EMOTIONS: Horizons

You would thrive in a profession which offered you the opportunity to travel and explore different cultures. You could easily work or settle in a foreign country. Being restless in spirit, you get rather bored in a job which does not have an element of exploration - culturally, intellectually or geographically. You are essentially a very curious person, and the pursuit of knowledge is food for your soul. You can also be very caring, and your generous disposition can give you a talent for working with the public, especially as regards public opinion, marketing, or broadcasting values of some sort or another. Children would be especially benefited by your attention, and you have both the humour and educational drive to be a good teacher. You are not the kind of person to stay in any one job for a great length of time, unless it offers opportunities for growth and expansion.

PERSONAL - EMOTIONS: Horizons

Foreign environments may have played an important role in your upbringing, and generally speaking you will enjoy the cultural stimulation of travel and new horizons. You have very strong empathy, and your emotional life exerts a powerful influence on your environment. You feel things very strongly, especially as regards what is right and what is wrong. You react powerfully to perceived injustice, and instinctively flare up or get upset when you think something is unfair. Above all, you dislike restrictions on your personal freedom, and you can manifest a strong independence if you feel encroached upon. You may often overreact to quite normal expectations on the part of the partner, as regards commitment and responsibility. Generally however, your optimistic and light-hearted nature brings a lot of joy and happiness to personal relationships, just as long as you are allowed to feel free, travel and pursue your intellectual interests.

Moon Square Saturn

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences,

and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Self-sufficiency

You are a very responsible and dutiful person who is very motivated to live up to your commitments to society. You can work well in a role which requires hard work and a lot of responsibility, especially if this entails formal relations with the public in some way. You can function effectively as a buffer between the public and the authorities. You may have a special talent for working with old people, or with people who have emotional problems or very difficult life circumstances. You have a measured response to the people you meet and can evoke considerable respect from others, just as long as you do not allow yourself to be crippled by shyness. You can perform monotonous tasks patiently, and are good at systematising things and creating order. Professionally you are strongly motivated by job security and continuity at work. You are not very flexible, and tend to stick to long-term habits and work-patterns. On the other hand you are reliable and conscientious.

PERSONAL - EMOTIONS: Self-sufficiency

You are extremely sensitive emotionally, but present a very solid facade to the outer world, giving the impression that you are quite cool, even invulnerable. Behind your formal manners is a person who was never fully allowed to enjoy a carefree childhood. At an early age you took responsibility in the family, repressing your own spontaneity and lowering your expectations because of emotional hurt. In later relationships you have difficulty letting down your protective barriers, even though you have a deep desire for intimacy. If you do get hurt emotionally you rarely let on, and you close the shutters on your feelings so that your loved one has no chance to make amends. After the age of 30 you learn more successful strategies for intimacy. First of all it is essential for you to be emotionally self-sufficient - if you sell yourself for security, you will end up in a prison. From a position of inner strength you can then allow yourself to be more trusting and vulnerable - you have nothing to lose and everything to gain by opening up emotionally without making any demands.

Jupiter transiting Conjunction Moon

01-01-2017 -> 10-09-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Saturn transiting Square Moon

02-03-2019 -> 21-01-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Emotional self-sufficiency

Issues of economic and job security become very pressing at this time, and you will feel a strong drive to overcome any weaknesses in this area. You can however expect a lot of difficulties, especially if you indulge immature expectations, or rely too much on others. Childish behaviour gets you nowhere now, and if you do not have conscious control over your emotional reactions you can expect to be unpopular.

The atmosphere in your working environment may be rather heavy now - perhaps because of an elder woman who is trying to assert her authority. The more mature you are, the better you can handle trying situations. You have to know when to set limits, whilst still living up to your responsibilities. You can develop the self-discipline and patience to work with people in difficulty, if you choose to.

PERSONAL - EMOTIONS: Emotional self-sufficiency

During this challenging emotional period you will become more mature and self-sufficient. But this is not normally a happy time - partly because safety and security is no longer what it was. You have to spend time building more secure foundations for your life, and you cannot expect anyone else to be very supportive during this time. It is up to you to shoulder responsibilities uncomplainingly and with dignity.

Time can drag on now because you have to spend more time attending to everyday details and getting things to function on a practical level. On an inner level you are confronted with the need to change or control unconscious emotions and habits. It is no use allowing your temperament, your jealousy, your distance or your stubbornness to get in the way of a rewarding relationship. The time demands emotional self-improvement, so stop making excuses and start working on yourself.

Uranus transiting Opposition Moon

01-01-2017 -> 02-04-2017

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - EMOTIONS: Change of environment

This is an exciting and perhaps disturbing period because of radical and unexpected changes in your environment. You cannot expect to feel very secure now - the period requires flexibility as regards working habits and place of work. There may be more travel than usual, and there is a chance of greater international commitment, perhaps involving contact with people from exotic cultures. A growing awareness of social issues may inspire you to work with people who are displaced in society in some way, either as social outsiders

or refugees.

As this is a time of considerable emotional awakening and awareness, you can acquire a greater knowledge and consciousness of unconscious processes. If you can integrate this awareness into your work, you may find yourself applying newly-discovered talents for dealing with people - particularly as far as consciousness-raising activities are concerned. There is a strong likelihood of career involvement with groups and with collective ventures now.

PERSONAL - EMOTIONS: Change of environment

This is a time of emotional restlessness and unpredictable change, which will strongly affect the environment you live in. Events can arise which shake you up emotionally and force you to gain greater insight into the unconscious mind and habitual emotional reactions. Greater awareness and objectivity is required when dealing with your feelings now. In reality there is a growing need for change, and this is going to affect family life. There is a strong urge to live a gipsy-like existence - and indeed you may find yourself moving around or in temporary accommodation for a while.

If you are thinking of moving, this is the time when it will happen. It is fine to be somewhat impulsive now, just as long as you get free of environments which no longer mean much to you. It is however not an especially good time for settling down. It is better to be on the move, to travel and to discover new places, countries and people, without allowing yourself to be tied down for too long. You may strike up an important attachment to an untraditional group now, and you will be attracted to people who live on the fringe of society.

Pluto transiting Square Moon

26-01-2017 -> 19-12-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Eliminate attachments

This is a time of extreme emotional pressure which will be strongly felt in the working environment. This will affect females somewhat more than males and on a private level, more than public. It is essential to look at the foundations of things now. There can quite literally be problems with the foundations, floor and structure of the home or workplace. This may manifest as radical rebuilding or renewal processes.

Something may be poisoning relationships amongst working colleagues, so it is important to get hidden issues

into the open. This can be connected with the disappearance of colleagues to whom you were attached, or the arrival of new ones with whom you feel insecure. There may be problems with personal popularity on a professional level, and you may have to consider a complete change of loyalties. You can no longer invest your security in colleagues or the working environment as there is an atmosphere of crisis in these areas. Some unpleasant changes may be unavoidable, and this can mean moving to a completely different environment. Parental influences on the career - particularly those of the mother - are eliminated at this time. You may find job satisfaction in social or psychological work.

PERSONAL - EMOTIONS: Eliminate attachments

This period can be one of the most demanding emotional phases of your life, with the promise of great psychological growth. Whatever age you are, life demands that you grow up. Ask yourself the question: to what and to whom am I too attached? At the end of this period, you will surely have eliminated this attachment...you simply can't afford it. This is a time to get rid of sentimentality and make deep changes in emotional relationships. All forms of dependence disappear, and for a time you will be out of your depth. Emotional, psychological and occult insights are gained at this time.

Radical changes in family life may take priority over career matters now. This is a time when you must re-examine your emotional nature, especially because buried issues from the past come up to the surface now - often after years of forgetfulness. You will learn many lessons on the emotional battlefield as old feelings are brought to life, and this will teach you to trust in, and express, your feelings in a more spontaneous and natural way. As if to reflect the inner emotional restructuring, you can expect upheaval in your home environment. There is an emphasis on sewage problems, the cellar or foundations of the house, and there may be actual digging around the house to solve structural problems. Don't take on more than you can handle, otherwise severe economic problems can result.

Please read page 2 : Mercury In 7th House

Mercury Opposition Uranus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Inventiveness

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

PERSONAL - MENTALITY: Inventiveness

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

Mercury Trine Pluto

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences

minimal.

PROFESSIONAL - MENTALITY: From secrecy to openness
You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

Jupiter transiting Conjunction Mercury

27-12-2018 -> 17-09-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Neptune transiting Square Mercury

30-01-2017 -> 13-01-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - MENTALITY: Mental sensitivity

This is a time when you should be able to realise your creative mental potential. If you have ambitions in connection with film, poetry, writing or any unusual forms of communication, you should do what you can to encourage the flow. You are capable of channelling subtle information and ideas now. If you are considering any kind of intellectual training, ensure that it inspires you. If you embark on some long-term study which does not interest you sufficiently, you will regret it later. You need intuitive and spiritual inspiration, so avoid business or secretarial courses which require hours of learning by rote.

Although this period is excellent for creativity, you cannot trust all the signals you receive at this time. This is partly connected with your uncritical acceptance of information you want to be true - which means you can easily be confused

by a smokescreen - and partly because of a tendency to meet people who can't exactly be relied on at this time. Bear this in mind if you are considering signing contracts or making binding agreements. In many ways it is a good period to give material ambitions a rest and seek to enrich yourself mentally.

PERSONAL - MENTALITY: Mental sensitivity

During this period of enhanced mental sensitivity, you can learn many things about the way the mind functions and the nature of reality. The phrase "It's all in the mind" takes on an entirely new meaning at this time. By learning to channel your thoughts, you can alter the way you experience reality. However this period is characterised by a feeling of pronounced mental dissatisfaction - a sense that you cannot express exactly what you think and feel, and a feeling that you are not truly being listened to.

A sense of being misunderstood can increase the feeling of loneliness and isolation in your relationships. Avoid expressing disappointment in connection with this, as this will only increase the confusion of others. In reality you are being challenged to find new ways of reaching people. Bearing in mind that scientific studies have shown that communication is 55% body language, 38% voice tone and only 7% words, strive to tune in to the factors in communication which really have a deep influence. You would benefit through attending courses connected with communication at this time.

Values

Venus In Sagittarius

PROFESSIONAL - VALUES: Expand cultural consciousness

You have strong cultural interests and this may include a wish to expand your horizons through travel. You would do well in a job which involved extrovert activity, meeting people and travelling. You would work well in an international environment in which you have contact with a variety of cultural styles. You have strong opinions both as regards taste and fairness, and you possess an excellent judgement, especially in cultural matters. You would thrive in a position which gave you the opportunity to make independent decisions based on information you gather. There may be certain skills connected with the law or consultancy in one form or another. You can benefit professionally through cultivating contacts to influential people.

PERSONAL - VALUES: Expand cultural consciousness

In relationship matters you are looking for an intelligent partner who can stimulate your cultural, intellectual and philosophical interests. There is an inclination to travel abroad in connection with love, or even marry a foreigner, partly because you need love to expand your horizons. Travel and culture will be important ingredients in the relationship. Men with this position are looking for a partner who is the cosmopolitan type, intelligent and liberated. Women insist on being stimulated mentally and demand considerable personal freedom. Without stimulation, you will be restless, and when restless, you have a roving eye. Natural flirtatiousness can lead to a number of spontaneous romantic attachments.

Venus In 7th House

PROFESSIONAL - VALUES: Relating

For other people dealing with you is a pleasurable experience. Being a considerate person you are able to set others at ease, and you listen to them with interest and concern. These diplomatic talents will bring success in a job in which you have daily contact with others, especially if they need your love and support. Because you are able to create a favourable impression and exude a sense of fairness and charm, you could work in business ventures in which you have to sell values or goods, or represent a business in its dealings with the outside world. As you like people and enjoy contact and company, you would have success dealing with personnel. You would function well in business partnerships, partly because you have a lot to give and partly because you attract people who would like to cooperate with you.

PERSONAL - VALUES: Relating

Love and relationships makes the world go round for you. You are romantically inclined and have high expectations of your partner. Men with this position will be attracted to good-looking women who can envelop them in love. Women seek a man who can fulfil all their partnership dreams. Although you will find good fortune and happiness in partnerships, problems can arise because of immature demands for the perfect relationship, free from conflict. You may want the partner to be so nice and sugary, but people do have their shadow sides. If you refuse to face the darker sides of your partner, or admit to them in yourself, then at some point in your relationship you will have a shock. If love seems to evaporate from the relationship it is no use leaving one partner to seek fulfilment of your ideals in another. The financial security and material values, which are also

important for you in a relationship, will at some point be challenged and transmuted into more eternal values.

Venus Sextile Jupiter

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - VALUES: Fortune

You have excellent aesthetic judgement, and strong personal values and convictions. You are suited to any profession which can make use of your ability to evaluate and compare - especially if this is connected to cultural or artistic projects. You also have a great ability to impress others with your charm and insight. You would be wasted in a job which did not allow you the opportunity to meet and influence people. You can deal with cultural issues or artistic objects, you can travel in your career, you have diplomatic talent, you have a great sense of style. Success often comes easily for you, and you may thrive in the company of women, and have their professional support. Normally you are lucky, and a great deal of money can flow through your hands. How fast it flows is another question altogether. Your warm personality and optimistic view of the future are your greatest assets.

PERSONAL - VALUES: Fortune

You are an extremely loving and romantic person, and this brings both benefits and problems. Often you fall in love with love, and have difficulty settling into stable relationships because of your hunger for romance and emotional stimulation. You are however a great lover, and your attention makes your loved one blossom. There is a tendency to be attracted to a person who comes from a different culture or country - perhaps this is because of a need to widen your emotional horizons. There is a tendency to marry upwards in society. The most important value for you in a relationship is intellectual or cultural stimulation. You need to be able to respect your partner for his or her intelligence. A woman with this aspect has a great need for attention and appreciation, and particularly values the mental stimulation the partner can give. A man with this aspect has a great appetite for the opposite sex, and whilst intelligence is important, there is often a taste for exotic or good-looking women. Faithfulness may not be a strong point, though sooner or later there will be a tendency to tighten up moral values regarding love.

Venus Opposition N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DESTINY: Truth in beauty

Your sense of values and taste, and even your personal appearance, can awaken strong feelings of attraction in the people who know you. Your aesthetic values may play an important role in whatever associations or groups you belong to, and you may even set the style of the times through your personal judgement. Often seduced by the beauties of the world, and the temptations of material things, you have a special challenge in life as regards understanding the power of love and attraction - and their pitfalls.

PERSONAL - DESTINY: Truth in beauty

Magnetic attractions to specific people in your life can be extremely formative as regards your spiritual growth. The world of the senses, and the pleasures and pains of love will be a constant challenge and source of fascination for you. You may react by indulging in every pleasure which is offered to you, or you may reject the allure of sensory paradise, preferring purity and frugality. Your choice, and your values, may have a significance beyond the personal, profoundly affecting the spirit of your time.

Jupiter transiting Conjunction Venus

28-03-2019 -> 02-12-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future.

However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Saturn transiting Conjunction Venus

27-01-2017 -> 20-12-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have

been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

Drives

Mars In Cancer Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - DRIVES: Working with instincts

You work hard to create security and are strongly motivated to create a strong base. Thus home and family are basic issues for you when considering a career. Strong attachments are formed to the people in the working environment, and if treated well you are very loyal indeed. However you are sensitive and can take offence easily. When your feelings are hurt you react very powerfully on an emotional level, and can be very temperamental - or just grumpy. You work best when in a job which demands a lot emotionally - perhaps a job with a caring function. There is considerable talent for dealing with the land, or with houses. You can be very warm and supportive, but otherwise you are a private person, very protective of yourself and those closest to you. There may be certain psychic talents apparent - in particular a well-developed intuition.

PERSONAL - DRIVES: Working with instincts

You have powerful feelings and convictions, and you can be very dynamic when you are moved emotionally. This can be both good or bad, as your temperament can dominate those closest to you. A man with this position of Mars will be extremely protective of the family and rather possessive. He expects a traditional kind of relationship, yet he also may well be prepared to do the cooking and look after the family. There is a strong sexual drive which only truly functions well

when there is harmony in the relationship. Women with this position will be attracted to the emotional kind of man who is strongly motivated to take care of her and the children. Both sexes tend to suffer from emotional outbursts which stem from a deep emotional need for security.

Mars In 2nd House

PROFESSIONAL - DRIVES: Overcome material challenges

A major asset in your life is your dynamism and determination. You are a go-getter, constantly eager to overcome the next obstacle in your pursuit of success. You are professionally suited to a job which leaves you the independence to make your own decisions, although you prefer a secure position. You earn money fast, and spend it fast, so a lot of money passes through your hands. There may be talent for working with your hands, or in a rugged profession. Your physical prowess may have some importance for your career. You have a very competitive attitude as regards your earning power, and are constantly striving to improve your material status. Basically you also enjoy the cut-and-thrust of the business world.

PERSONAL - DRIVES: Overcome material challenges

You fight fiercely to preserve the material empire you carve out for yourself. You may be something of a conspicuous spender, yet you have a very strong desire nature - both as far as economic issues are concerned, but also in regard to sensual interests. Impulsiveness and a headstrong attitude can get you into trouble in both areas, so take care. There is probably quite some focus on your sex-drive as a reflection of your self-worth. Women with this house position of Mars will often find that differences of opinions as regards finances can be a major source of tension in a relationship. Men see their financial independence as a basic right, and this too can be a source of conflict.

Mars Square Jupiter

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - DRIVES: Ebullience

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment

which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

PERSONAL - DRIVES: Ebullience

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests.

Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

Mars Conjunction Saturn

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVE: Discipline

You are the workaholic type, and can during the course of

your life develop an incredible self-discipline. You may have special talent for working in the building industry, or with mechanics and engineering, or in any field which requires will-power and hard physical work. On occasions however, you can be stricken with inertia, and find it very difficult to get started. You have a fear of failure and can feel particularly vulnerable in competitive situations with other men. Difficulties can arise with male authorities, as you are very sensitive to being dominated or ordered around. You have the will-power and ability to work for yourself, being particularly good at making long-term plans and strategies. To succeed professionally it would be to your advantage to work smarter rather than harder. You can end up using all your time on monotonous work precisely because you are so disciplined and persevering. It can pay for you to take a risk, even though you have a strong fear of failure. Try to be motivated by anticipation of future success rather than fear of past difficulties.

PERSONAL - DRIVE: Discipline

As a child your spontaneity was probably hindered in some way, and there may have been difficulties with a father or brother connected with discipline and responsibility. Your upbringing may have been rather authoritarian, even to the point of physical violence. There may have been a strict moral code in the family. In later relationships you expect a lot of resistance, so you invest a lot of energy either in self-control, or in trying to impose your authority. Women with this aspect are often attracted to older men, who tend to become buried in their work. Often the relationship develops in such a way that the woman feels dominated - but this can be due to hidden unconscious needs to recreate the atmosphere of structure and discipline from childhood, and a refusal to discipline her own life. Men place a high priority on their professional life to the detriment of their emotional or sexual relations. A fear of being controlled can bring battles of will and severe confrontations. These problems resolve themselves with time, as you learn to relax and be kinder to yourself. Less work and more play and greater flexibility as regards behavioural rules leads to more rewarding relationships.

Jupiter transiting Square Mars

25-09-2017 -> 23-10-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Uranus transiting Square Mars

26-05-2017 -> 19-01-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Sparks

This is a dynamic and inspiring period, though not without an element of danger. You can hardly tolerate anyone telling you what to do now, so you are likely to experience conflict with those in authority. If there is trouble at work, seen objectively it is probably you who is being unreasonable. Your restlessness and desire for change hardly inclines you to compromise and settle in to some boring job now. You need excitement, independence, and a challenge. You would function better on your own now, especially if you could do some travelling internationally. If you have been dreaming of setting yourself up independently, this is the time to do it. There is very little fear of taking risks during this period, and plenty of energy to go it alone.

This is an excellent period for taking initiatives concerning change and renewal. There is a strong likelihood of long-distance travel to exotic destinations. Unconventional work is favoured, particularly in connection with New Age matters. However patience is low, and temper is high. This is an explosive cocktail which can make you more provocative than usual, so take care. You may be fascinated by mechanical or technical matters now, and this is a good time to develop talents in this area.

PERSONAL - DRIVES: Sparks

This is one of the most impulsive periods in your life, and you can expect a lot of excitement - or trouble - in these months. There is a resurgence of energy and a desire to break free and do something different. Feeling bored is like the ringing of an alarm clock, which is telling you to take steps to create a more stimulating backdrop for your life. People at this time are inclined to take risks - parachuting, karate, mountain climbing and similar activities exert an almost magnetic attraction. Women at this time are inclined to get restless in their relationships and be rather provocative. If unattached there is a tendency to get involved with a very unpredictable type of man who can bring an element of excitement into the life. Often there are meetings with foreigners or long-distance travel in connection with love.

Sexually this can be a time of dramatic awakening, partly due to a more experimental attitude towards sex. Though love-affairs may serve to galvanise the mind and body now, relationships are characterised by tension and periodic separation. Men experiencing this transit will also be restless, and have a roving eye. For men too, this is a good time for sexual experimentation. The urge for freedom tends to threaten established relationships. To avoid sabotaging worthwhile relationships now, it is essential to find new

challenges at work or exciting projects to undertake in your private life.

Wisdom

Jupiter In Libra

PROFESSIONAL - WISDOM: Trust your judgement

Your concepts of fairness and principles of justice and equality endow you with the ability to arbitrate between people. You see both sides of an issue, and you know what is in balance, and what is not. As a result people come to you for advice, and have profound respect for your conclusions. The potential for success exists in all matters where you apply your aesthetic judgement - whether it be on an artistic level, or in connection with human relationships. You can succeed particularly well in partnership with other people, and generally you are the one who can smooth the waters when trouble arises. An instinctive sense of harmony is an invaluable aid for you, when planning your future. You can visualise future issues and weigh them in your imagination, and this capacity leads to many wise decisions.

PERSONAL - WISDOM: Trust your judgement

You were born at a time of increased international diplomacy. Nationally the spotlight was on cultural and aesthetic issues. And on a general level it was a time of positive new trends in human relationships. You are inclined to build up a wide network of social connections and benefit from the goodwill of influential friends. With this influence in your horoscope, you have the capacity to be superior judge of issues, cultivating values of impartiality and fairness. Your personal fascination with the ideal relationship can mean, however, that as far as romance is concerned your judgement is not always so wise! Love affairs can lead you astray. Generally though, your talents incline you towards very rewarding relationships because you are always willing to view matters from the point of view of your partner and compromise when necessary. However you will not compromise when you feel that an injustice is being done - on matters of right and wrong you have strong convictions.

Jupiter In 5th House

PROFESSIONAL - WISDOM: Personal expansiveness

Your larger than life personality can give you considerable influence in the business world. You know how to make a good impression and generally have a fine judgement as to when to take risks or not, especially as regards investments. Luck is often on your side and this makes you a winner in situations which require a gamble. You take pride in your

intelligence, but you may be unreceptive to other people's opinions or over-sensitive when your own opinions are challenged. You can make a powerful impression on an audience, and this may incline you towards education. You have a generous nature and reap considerable recognition in your professional life.

PERSONAL - WISDOM: Personal expansiveness

A happy and expansive childhood has laid the foundation for a trusting attitude in life. You have faith in yourself and this gives you a surplus of energy and enthusiasm to enrich the lives of others. You have strong appetites - also sexually and romantically - and this may lead to too much indulgence in your life. But in general you have charisma and charm, bringing a spark of joy to the people who you choose to be with. You have the capacity and energy to have a large family, although you will also need to express your creative energy in many areas. You may be motivated by the urge to explore personal boundaries through sport or travel.

Jupiter Square Saturn

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - WISDOM: Cultural values

You have the capacity to attain a meaningful and powerful position in society. Having the ability to sense the right time, and be in the right place, you know how to take advantage of professional trends to create expansive conditions for professional growth. If all goes well you can consolidate your position after a period of expansion, and from this new foundation go on to create further growth. The main issue as regard success is the ability to have faith in the future and act on it. Periodically you may be overwhelmed by pessimism and lack of confidence. At these times the future can seem dark indeed. At other times you can be overoptimistic as regards future possibilities, and fail through lack of judgement or preparation. Courses which train your ability to plan, combined with training positive thinking, will greatly benefit you. You can work in central positions in organisations because you inspire the feeling of stability and trust. You may have a talent for planning, consultancy and organisation - and you have the capacity to create structures in society which bring lasting benefit.

PERSONAL - WISDOM: Cultural values

When this influence manifests positively you can create an

environment around you full of confidence and certainty about the future. In difficult circumstances however, you can feel great despair as regards what the future will bring for you. This is especially strong in respect to your need to fulfil the expectations of society and those closest to you. Your moods tend to swing from optimism to pessimism. You are especially concerned as to whether you have the necessary training or experience to realise your ambitions. Obviously you will benefit from training courses to increase your skills, but you still have to struggle with nagging doubts regarding your competence and intelligence. It is precisely this insecurity which leads to great personal development as you constantly strive to gain insight and understanding. You can have rather dominating opinions, and it is worth asking yourself whether they truly are your own opinions. You often allow your views to be swayed by parental convictions or current opinion. However you tend to mature like a good wine in this area, and your own ideas may end up having a major influence on your environment.

Jupiter transiting Conjunction Jupiter

03-01-2017 -> 27-09-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of

your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Uranus transiting Opposition Jupiter

10-02-2017 -> 28-03-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - WISDOM: Journey into Space

This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

PERSONAL - WISDOM: Journey into Space

This may well be a period of increased social activity and intellectual curiosity. During these months revolutionary new opinions can lead to a radical change in your viewpoint. Contact with foreigners and their cultures can be a catalyst in this process. You may find yourself getting involved with New Age or international groups. This is a great time for inspiration and radical consciousness change, but you may find yourself at cross purposes with people who have traditionally had a strong influence in your life. You have a desire to overthrow intellectual and religious authorities now, and replace restrictive ideologies with ideals about freedom of the individual. You want to define and follow your own path to personal growth at this time, without the heavy hand of any guru or mentor.

Jupiter transiting Conjunction 6th House

14-11-2017 -> 12-12-2017

PROFESSIONAL - WISDOM: Daily significance

You have good judgement and executive ability, and have the ability to create a well-functioning working environment. This is probably because you spread an atmosphere of tolerance and optimism about the future around you. Colleagues will appreciate your buoyant disposition and considerable insight at work, and you will be well-loved in a managerial position. Your ability to grasp the main issues suits you for a position in middle-management in which you delegate work. You can function independently but it is also important for you to feel that you are of service to, or in, a larger enterprise. Career developments will often take a fortunate turn and may bring travel or an international environment. You may have a talent for working with judicial matters - your superior judgement should at least be put to good use in one form or another.

PERSONAL - WISDOM: Daily significance

Other things being equal, you are a kind and helpful person, and you know how to get the best out of everyday life in a relationship. You are efficient when working but at the same time you know how to create time to relax and enjoy life. Where other people often get weighed down by daily tasks, you find enjoyment in them and even gain insight into larger issues through daily rituals. You are magnanimous in offering help and caring when you encounter people in need. You may have a special talent for health matters, and you are specifically good at harnessing the power of positive thinking to benefit the mind and body.

Jupiter transiting Conjunction 7th House

22-12-2018 -> 06-09-2019

PROFESSIONAL - WISDOM: Relationship rewards

One of your greatest professional assets is your insight into other people. You have excellent judgement and would succeed in a career in which people came to you for advice. You thrive when working in large concerns, and in a career which offers wide horizons. You are often helped on your way by older people who are favourably disposed towards you, and are generally fortunate in all partnership affairs. Generally speaking you choose to see the best in other people, and this attitude brings out the best in them. You are excellent at motivating people as regards the future, and this positive attitude evokes optimism in them. You have considerable diplomatic talents which are best used on a collective level where the ability to have an overall perspective is the essential ingredient.

PERSONAL - WISDOM: Relationship rewards

Other things being equal you have a very fortunate fate in relationships. Marriage will often bring social and material advancement for you, and you are usually lucky in finding a person who helps you and has your best interests at heart. The most important asset a partner can possess in your eyes is an intelligent and cultured manner. A wise partner imbues your life with meaning and expands your philosophical horizons. You are stimulated by a good discussion, but must take care that you do not fall out with your partner on foolish matters of principle. Differing opinions tend to sabotage your harmony. Your partner may have special political or religious interests, or may come from another country. You can have great pleasure from travelling together and cultivating your shared cultural interests.

Challenges

Saturn In Cancer Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

PROFESSIONAL - SELF-RELIANCE: Building security

Saturn was in the sign of Cancer in the years 1944-1946 and 1973-75. This was a time of focus on the difficulties of rebuilding family and national values. There was a sombre mood during this period. Security and safety were major issues during these years, and all efforts were concentrated upon providing support. Insofar as you express this collective influence in your own career, you will be concerned with conventional values as regards loyalty, nurturing and security. You are strongly motivated by the needs of your family in your professional pursuits, and work hard to create a secure domestic foundation for your life, though the security you are striving for proves to be elusive. You may seek professional security through the extended family of some kind of corporation.

PERSONAL - SELF-RELIANCE: Building security

Your childhood was affected by a pervasive mood of struggle and difficulty which may make it difficult for you to express emotions in a natural or spontaneous way. You have the capacity to control and hide your feelings - this was probably the dominant trend in society as regards upbringing during your early years. In many ways you were probably asked to take too much responsibility at an early

age, and though this gives you an aura of maturity, you may feel emotionally blocked. During the course of your life you will be challenged to come to terms with repressed emotions. You need to take the risk of showing what you really feel, without being afraid of being rejected. By building up a strong sense of emotional self-reliance, you will realise that you can afford to show that you are emotionally vulnerable. When you soften up emotionally, people will reach out to support you.

Saturn In 2nd House

PROFESSIONAL - SELF-RELIANCE: Building self-worth
Attaining material security is a major priority for you, and you will work hard and long to build up a solid foundation for your economic life. You have considerable patience and a conscientious nature, and this doggedness is a great asset for you as regards professional success. You will function well in a position where tight control on spending and a solid knowledge of the marketplace are prerequisites. However you do have a tendency to sell yourself short, and this is because of a basic lack of confidence in your professional worth. You can find yourself working too long in unsatisfying employment because you prefer security and safety to the prospect of risking your position for an uncertain future. Better the devil you know, than the devil you don't. The older you get the more you are willing to demand what you are worth from those who pay your salary..

PERSONAL - SELF-RELIANCE: Building self-worth
Early family experiences will have undermined your self-worth and made you very sensitive to being judged. Material things take on disproportionate importance because they are seen as reflecting your personal status. You have strong convictions that security is something that you have to strive for day in, day out. You limit your potential through negative thinking and allowing financial preoccupations to dominate your planning. If you were more willing to lose what you have, you would create room for greater prosperity. A turning-point arises here at the age of 30. Personal relationships are also marred by your lack of faith in yourself, which actually comes from lack of encouragement as a child. When a person underrates himself, other people tend to lose respect, so it is up to you to learn to appreciate your own talents and resources.

Jupiter transiting Square Saturn

01-01-2017 -> 20-09-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be

able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework
At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Uranus transiting Square Saturn

01-01-2017 -> 23-02-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Renewal of plans
This may well be a period of increased social activity and intellectual curiosity. You should ask yourself questions now concerning the viability of long-term plans and well-established traditions in your career. Should things continue as they have been, or would it be wise to experiment and integrate new techniques? Unpredictable events can arise which force you to make changes. It would be to your advantage to consider the humanitarian aspects of your work, and do something which has positive social consequences. International contacts and modern technology can also benefit you. On a deeper level you may

want to take a closer look at professional commitments and change your values, so that you can have more freedom and independence. Freedom, experimentation and flexibility are key words now, as you cannot thrive under the command of others, or with a rigid work schedule.

PERSONAL - SELF-RELIANCE: Renewal of plans

If your life is dominated by rigid patterns and tight schedules, you will be wanting to liberate yourself from their tyranny now. Many of the structures that you have built up in your life serve only to constrict you and prevent further development and growth. Now is the time to open doors and take a few risks with your life. Cut back on commitments, put your Time Manager away and brush away the cobwebs of your mind. It is no use being restricted by the same old arguments about responsibility to others - parents and partner must accept that there is also a personal responsibility to develop greater consciousness. Unpredictable things can happen now, structures break down, carefully laid plans are abandoned - you need a dash of excitement.

Pluto transiting Opposition Saturn

29-01-2018 -> 31-12-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Replace antiquated structures

Old structures break down and disintegrate now, and after a rather chaotic period are replaced by new. This can be a violent process with power-battles, as the old guard struggles to maintain their position. However the replacement of the old with the new is inevitable. Old faces in the working environment move on or are forced out; systems which have existed for an age are ruthlessly replaced. There can be conflict in connection with trade unions.

Ask yourself in what way have you allowed rigid structure and habit to strangle your progress and vision. Who and what is limiting you? Sometimes the whole house must be pulled down, before you can start on something new. At the very least radical reorganisation of work structures is necessary. Do not hang onto security out of fear or attachment to personal prestige, but go for change in the knowledge that new structures will be better.

PERSONAL - SELF-RELIANCE: Replace antiquated structures

This influence is personal for some people - especially those with a Capricorn or Aquarius Ascendant - but affects others on a more collective level. You may be forced to eliminate the habits and structures which have served to protect you for many years. Authorities - both in your home and work environment - have to be unseated so that you can take greater responsibility for your own life. You have to confront anxiety about security and accept the fact that growth can only come when you emerge from the cocoon of fear which shields you from living life. Power struggles deep within your psyche make you aware of the transience of the structures in human existence, the rapid passage of time, and the inevitable approach of the grim reaper - death. These processes may be paralleled by actual restructuring and rebuilding at home.

Originality

Uranus In Gemini Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Uranus In 1st House

PROFESSIONAL - ORIGINALITY: Be unique

You have many unusual and original character traits, and you take pride the elements of your life which are unique. You have a provocative style and a desire to bring renewal in your personal environment. Professionally you are not suited to a job which cramps your style, and you may prefer to strike out on your own. You have inventive talents, global interests and a need for unpredictability in you day-to-day life. There may be talent for untraditional or futuristic interests. There may be technical talents or be interest in New Age matters - but whatever you do you need to feel that you have a special role, perhaps a little bit on the periphery of society. Sudden and radical changes in your professional direction are to be expected. The lure of exotic climes may bring travel.

PERSONAL - ORIGINALITY: Be unique

You were probably born under unusual circumstances which in some way created an outsider mentality in you. You have not taken kindly to parental influence, preferring to make your own rules as you go along. You tend to prove your point by doing the opposite of what is expected of you. You have a slightly disturbing influence on others, as you like to provoke changes in your environment. The more extreme

your life-style and opinions, however, the more you are likely to feel alienated. You walk the delicate tightrope between creating much-needed renewal or just upsetting others. Nevertheless you can be well-liked, and probably enjoy a wide spectrum of friends. As you do not believe in favouritism in any shape or form, you can attract very unusual people into your sphere of influence. In partnership matters you insist on personal freedom.

Uranus Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - ORIGINALITY: Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role dealing with the personal upheavals that the electronification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

PERSONAL - ORIGINALITY: Total revolution

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

Jupiter transiting Opposition Uranus

01-01-2019 -> 26-09-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Neptune transiting Square Uranus

28-02-2017 -> 16-02-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - ORIGINALITY: New Age promise

This influence is rather subtle in its effect - its influence is felt most strongly for those with an Aquarius Ascendant. It is a time when sudden events can change the direction your life takes - perhaps because of the intervention of forces beyond your control. It can be effective for you to make subtle career adjustments, integrating mass marketing factors, or new technology in one way or another. You may be able to tune in to media forces, and harness future trends to promote whatever is important to you. This is typically a time when new age interests, and anything to do with

consciousness growth can play an important role in your future - though there is a tendency to experience a degree of disillusion in these matters.

PERSONAL - ORIGINALITY: New Age promise

Inasmuch as you feel the subtle affects of this influence, you will find this period a time of considerable growth, especially on a spiritual level. It is a good time to harness revolutionary new methods in the pursuit of transcendent interests. Clairvoyance, astrology and all kinds of weird and wonderful things are favoured now. You may however feel that the promises of those groups you are involved with at this time turn out to be empty or illusory in the long run. You have a tendency to go overboard in your search for self-realisation, losing perspective of its practical consequences on your domestic and professional life.

Transcendence

Neptune In Libra

Neptune In 5th House

PROFESSIONAL - TRANSCENDENCE: Finding Self through creativity

If you choose to harness your creative abilities in your career you will be able to draw on a talent for art, or for music, perhaps in some field connected with entertainment or advertising. You do feel a need to express something ineffable in your nature in a creative way. Material success can seem unreal for you and some of your greatest experiences come when you are able to lose yourself in a self-expressive venture which transcends personal ego. In business matters you have to watch a tendency to have unrealistic expectations. Pursuing fame or recognition will prove to be illusory. You have a talent for caring for children - especially when you work evoking their creativity.

PERSONAL - TRANSCENDENCE: Finding Self through creativity

You long to be able to express yourself, and this is best done through pursuing creative or spiritual interests. You may have a number of romantic dreams, but love affairs will often bring disappointment and undermine your sense of reality. You can form strong spiritual bonds to your children, and there may be unusual circumstances connected with them. Whatever happens to them will evoke strong feelings of devotion in you and the need to sacrifice yourself for them. You have a tendency to give up your own identity for the sake of children, but this can be both a good and a bad thing. True satisfaction comes when you allow yourself to

come into contact with the divine through personal creativity.

Neptune Sextile Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Saturn transiting Square Neptune

09-02-2018 -> 02-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Making dreams concrete

This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be

difficult to make concrete plans now, things tend to flow in an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

PERSONAL - TRANSCENDENCE: Making dreams concrete

This is a time when you will probably feel rather alone and isolated. Money may be short, and security even shorter. You are forced to develop your inner resources now, because outer structures in your life tend to dissolve. This is a good period for developing spiritual discipline, or making long-term plans for creative development and growth. But otherwise there is a tendency to be down-and-out, or on the fringe of society. Nevertheless you may feel moved to take more responsibility for those who suffer now, or to make some sacrifice for others. Avoid negative frames of mind, or tendencies towards alcohol or pill misuse.

Transformation

Pluto In Leo Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

Pluto In 3rd House

PROFESSIONAL - TRANSFORMATION: Deep investigation

When you express yourself - and you may often choose to be silent - you do so in a forceful, intense and compelling manner. You have a talent for getting to the bottom line of an issue, and are good at sniffing out unseen factors, and as such you have natural psychological talents. Perhaps you will deal with secrets in one way or another in your professional life. Research can also be an area which appeals to the detective in you. Other things being equal, you have a persuasive talent which can be a considerable force in tough negotiations. However you can risk alienating colleagues through your communication style. Insure that there is an even balance between your talking and your listening.

PERSONAL - TRANSFORMATION: Deep investigation
Both school and sibling relationships will have been traumatic for you. Indeed you may have a specific communication problem with a brother or sister, or have broken off contact, perhaps because of intense differences of opinion. You may have been exposed to a family member with fanatical views, which were imposed on you in some ways. Long discussions - and long silences - characterise many of your communication experiences. As a consequence you unconsciously fear not being listened to or understood, and this gives rise to the intense and rather exhausting manner in which you communicate. If you find yourself fixing your victim with a hypnotic stare whilst you intensely drone on, you will know that this is the time to take a deep breath and relax.

Don't waste your mental energy.

PROFESSIONAL - TRANSFORMATION: Power play

Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play
There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Destiny

N.Node In Gemini, S.Node In Sagittarius

PROFESSIONAL - DESTINY: Down from the ivory tower
During the course of your professional life there will be a reorientation towards education and learning, and a greater emphasis on the power of image and the spoken or written word. Early in your career there may be a tendency to cultivate a lofty distance from others, particularly in regard to your willingness to learn. You may see yourself as a free spirit, who does not wish to be influenced by trivial contacts. In extreme cases you may come over as garrulous or loud-mouthed, and people can suffer from your knowing remarks. Yet you will discover professional advantages when you take a more humble role, and especially when you cultivate your contacts to others, building up a valuable communication network. It will also pay for you to concentrate on your basic education and skills, rather than seeking intellectual laurels.

PERSONAL - DESTINY: Down from the ivory tower
Issues of intelligence and learning play a central role in your personal development, and during the course of your life there will be a shift in emphasis from intellectual elitism to a more appealing common touch. Efforts to acquire a halo of wisdom will often be expensive failures. True satisfaction is attained through meeting people on their own level and by embracing a humble attitude to listening and learning. Humour at the expense of others, a loud nature, or a general attitude of intellectual superiority make way later in your life to a genuine appreciation of ordinary contact with others. Satisfaction comes from working on shared communication projects. Early in life there is a great longing for the open frontier and distant horizons, and an exaggerated need for freedom. Later in life, surprisingly, you find great satisfaction in the simple pleasures of your local environment.

N.Node In 1st House, S.Node In 7th House

PROFESSIONAL - DESTINY: Regain personal initiative
Finding the balance between whether to invest your energy in your relationships rather than personal development is a major life-theme for you. On a professional level this theme may express itself in the fate of important partnerships, where overdependence, and a tendency to compromise concerning your personal convictions, can lead to failure. Success may well depend on you having the courage to go it alone, although you may be well into your thirties before

you learn this. You will learn that it is no use for you to play second fiddle, because this tends to paralyse your autonomy. You cannot let your professional fate rest in the hands of others, and this requires shouldering a leadership role or being independent.

PERSONAL - DESTINY: Regain personal initiative
You have a tendency to involve yourself at an early age in a fairly long-term intimate relationship. Whilst this at first offers you considerable security, later on the loss of personal freedom tends to grate. You will find that the more you give, the more you are taken advantage of. A turning point comes - particularly at the age of 37 - when you find you no longer can accept living on another person's terms. Happiness comes when you direct your attention to fulfilling truly personal needs, even at the risk of being thought selfish. By concentrating on self-development you achieve an inner balance which makes relationships more successful, and you break with inherited and old-fashioned attitudes about partnership.

PROFESSIONAL - DESTINY: Understanding karma
You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma
This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

Saturn transiting Opposition N.Node

01-03-2017 -> 21-09-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - DESTINY: Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PERSONAL - DESTINY: Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.
