Birth Report

Dear Bruce Ovad,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Sextile Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

How this influence affects your professional life:

You have a strong sense of responsibility regarding your professional

relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Saturn Square Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

How this influence affects your professional life:

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment. It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of taste and style can be the keys to much desired status improvements.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
