## **MINIREPORT FOR YOUR CURRENT YEAR**

**Johannes: April 06, 1985**

**Report for April 06, 2017 to April 06, 2018**

**Dear Johannes,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

During the course of your 32nd year you have the need to realize your relationship potential. It is important that your romantic needs are met at this time, and that you feel valued in your relationships. Feelings and passion need to be integrated - love and Eros go hand in hand, and you want fulfillment on all levels. If you are unattached, then this is a year when your attraction peaks, and potential partners come your way. If you are in a relationship, it needs to be satisfying; otherwise your eye may stray. As this is not a year characterized by the best judgment, or wise ethical choices, you may be tempted to allow yourself to be guided by your passions, though this may not necessarily be a bad thing in the long term.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in creating a future you can believe in. There is a sense of change and potential that brings a new optimism about the future, but you can struggle to find the best moral or intellectual framework for the new beliefs about your life that are taking root now. There is a strong urge to expand your intellectual horizons through study or travel and this is an excellent time to commence a long term commitment to growth, which

ultimately brings new skills that will advance your career. This influence started growing around January - 2015 and will ebb out around December - 2017. Issues of conscience can trouble you, and matters of right and wrong can occupy your mind. Basically you are building up a new set of ethical values which will guide your future process.

In this period of your life you are ready to make the transition from learning to doing. Over the last few years you have expanded your horizons both intellectually and through travel, and formed firm new views about your direction in life. You have built up a framework of beliefs and convictions that point you like an arrow to your destiny. The focus now shifts to your career and making a professional impact. This new influence starts growing around December - 2017 and will ebb out around March - 2020. Your immediate experience is one of being seriously challenged - by authorities and by the way the system is put together. If you are to attain career success you are going to have to establish your own authority and carve out your own niche. You need to win respect through a determined approach. Plan your long-term goals and achieve them slowly and steadily, step by step.

### **Opportunities for Success**

Having thoroughly established considerable success in your working environment, you are ready to build up one-to-one relationships through partnership in the period from September - 2016 to October - 2017, expanding your sphere of influence and reaching out socially. Fortunate meetings with cosmopolitan and wise people can bring happiness and a new optimistic view of your potential to make an impact on others.

After a period during which relationships prospered and your circle of social influence expanded, you are ready to delve deeper into the psychological dynamics of intimate personal relationships in the period from October - 2017 to November - 2018. A deeper understanding of and empathy for others is developed, enriching your emotional and erotic life. You receive blessings both in the form of emotional generosity and material good luck.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 32. Three very important issues that make this year special are:

- There are tempting possibilities for personal growth and increased fame and

influence, but they must not be at the cost of your principles or better judgment. You are confident that your views are right, or you are attracted to mentors with similar convictions. But you may be wrong.

- You are energized, courageous and willing to take a risk. Your conviction that you are right cannot be deflected, and this can lead you into confrontation with people who have a different opinion, or to people who feel bulldozed by your gung-ho attitude.

- Your hopes and dreams meet the demands of reality. If you are trying to escape from trying circumstances, you are reminded of your social responsibilities. If you understand how to work with limitations, you may be able to establish the foundations for a creative or social idea.
