HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from AstroWOW are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The AstroWOW birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Sagittarius

PROFESSIONAL - LIFE-PATH: Influence & understanding
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

PERSONAL - LIFE-PATH: Influence & understanding
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

Ascendant Trine Sun

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: I, myself, me
Whether you would prefer to have a low profile or not, you will often dominate your surroundings through the force of your personality. Professionally you strive to do your very best - for success is a matter of honour for you. You have a magnanimous disposition, and are generous in your

dealings with others. Creative work and self-expression must be an important element in your professional life. You stand on your pride too much.

PERSONAL - LIFE PATH: I, myself, me
You have a radiant personality, with a touch of self-importance. You take yourself - and the impression you make on others - very seriously indeed. Some people may consider you self-centred. You tend at least to be the centre of attention, and although you invest all of yourself when you relate to others, you give your own personal development needs priority. You have plenty of surplus energy, and your playful nature can make you a figurehead for young people.

Ascendant Square Moon

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Unconscious attunement
You have an emotionally compelling nature which profoundly affects the feelings of the people you associate with. You are very concerned with the emotional bonds which hold people together, as well as issues of security. You can therefore work for example with the needs of the public in some way especially as related to homes, family or motherhood. You infuse all your work with an emotional investment. A hard professional environment is bad for you.

PERSONAL - LIFE PATH: Unconscious attunement
You are a moody person and will often find yourself affected by fluctuating emotional states - especially through worrying about family matters or security issues. You have a deep appreciation of the power of the unconscious and instinctual behaviour. In your dealings with people unspoken feelings have far greater priority than rational concerns or argument. You are finely tuned to changes in atmosphere, and adjust accordingly.

Jupiter In Libra

PROFESSIONAL - WISDOM: Trust your judgement
Your concepts of fairness and principles of justice and equality endow you with the ability to arbitrate between people. You see both sides of an issue, and you know what is in balance, and what is not. As a result people come to you for advice, and have profound respect for your

conclusions. The potential for success exists in all matters where you apply your aesthetic judgement - whether it be on an artistic level, or in connection with human relationships. You can succeed particularly well in partnership with other people, and generally you are the one who can smooth the waters when trouble arises. An instinctive sense of harmony is an invaluable aid for you, when planning your future. You can visualise future issues and weigh them in your imagination, and this capacity leads to many wise decisions.

PERSONAL - WISDOM: Trust your judgement

You were born at a time of increased international diplomacy. Nationally the spotlight was on cultural and aesthetic issues. And on a general level it was a time of positive new trends in human relationships. You are inclined to build up a wide network of social connections and benefit from the goodwill of influential friends. With this influence in your horoscope, you have the capacity to be superior judge of issues, cultivating values of impartiality and fairness. Your personal fascination with the ideal relationship can mean, however, that as far as romance is concerned your judgement is not always so wise! Love affairs can lead you astray. Generally though, your talents incline you towards very rewarding relationships because you are always willing to view matters from the point of view of your partner and compromise when necessary. However you will not compromise when you feel that an injustice is being done - on matters of right and wrong you have strong convictions.

Jupiter In 10th House

PROFESSIONAL - WISDOM: Believe in yourself.

Professional success should come naturally for you, and you may find yourself being helped on your way by influential people who are well-disposed towards you. Success will come in 12 year cycles of expansion and decline. Your ability to grasp opportunities before other people, and a strong belief in your own abilities contribute towards personal success. You are a believer in the principles of growth and laissez-faire, and you know instinctively how important positive thinking is for the achievement of goals. Failures can occur when you rely too much on blind faith, and visions must be backed up by strategic planning. International connections may be an essential ingredient for success. Your personal convictions may have considerable social influence, and people may pay well for your professional advice. This is due to your long-term vision and perspective.

PERSONAL - WISDOM: Believe in yourself.

You were probably fortunate to have a parent who

encouraged you strongly to reach out and attain your dreams in life. From this springs a natural confidence in your abilities to get ahead, and a general trust in the world. With success comes influence and a belief in the validity of your views on life. You have to take care not to be too dominating when broadcasting these views in your personal life. Your predisposition for achieving success means that you should be able to guarantee security in partnership matters, and bring the possibility of advancement and higher status to a relationship.

Identity

Sun In Leo

PROFESSIONAL - IDENTITY: Develop self-appreciation
Building a strong sense of personal identity is the greatest priority in your life. You will seek to measure this by the respect or admiration you evoke in others, and by the evidence shown by the results of creative efforts. You have warm human qualities which under normal circumstances ensure that you are at the centre of events and at the focus of other people's attention. It is extremely important for you to feel respected professionally. Prestige and recognition are basic career needs, and with your natural leadership abilities you have the capacity to inspire others through your example. You have a natural affinity for things which exude quality, and you can set the style in your place of work. As long as you feel appreciated by others, you will function well professionally. It grates a little if you have to take orders from others, so you quickly gravitate to leadership positions.

PERSONAL - IDENTITY: Develop self-appreciation
Your relationship to your father has direct relation to your degree of self-confidence. Although you can be warm, gallant and charming, you have a strong need to dominate in partnerships and have a tendency to be attention-grabbing precisely because of insecurity in this area. You are romantic, and not averse to the occasional affair to give your ego the shine it needs. Great challenges in your life occur in connection with your sense of identity. In these periods of crisis you will tend to radically change your image. Your exaggerated sensitivity to the kind of impression you make on your loved one makes way, as you mature, for a stronger sense of self-security based on inner convictions. It is at these times that false pride and elitism bite the dust, and your natural nobility emerges.

Sun In 8th House

PROFESSIONAL - IDENTITY: Soul-searching

You can have a lot of influence in the corridors of power - you understand how important it is to go behind the scenes to find the hidden factors which lie at the root of any particular situation. This awareness can manifest itself in many ways professionally. You could be the type of person who wields material power and have a connection to government institutions, or banks, insurance companies and the like. But you can also be interested in the human soul, and work on a deeper psychological level with others. If you have a position of power, there will be anxiety about losing it, and you may be a hostage to fears of losing material well-being. You struggle with basic identity issues, and it is only when you reach inwards that you attain an inner security which no one can take from you.

PERSONAL - IDENTITY: Soul-searching

You spend a great deal of your life trying to define who you are. Early anxieties connected with the father - who was in some way rather unapproachable, and who may have struggled with existential issues himself - have given rise to a compulsive need to manifest yourself. Your drive to feel secure in the inner reaches of your soul, and your frustration when the image you build up of yourself periodically falls into ruins, leads you on an inner journey in which you achieve self-definition through deep psychological insight. There are many deaths and rebirths in this process, and other people will see your struggle as intense and rather exhausting, especially as it is in intimate relationships that you test yourself. Remember that relationships do not have to be a life or death experience. Sexuality, possessiveness and jealousy, or mutual psychotherapy for good or ill, are all important factors in relationships.

Sun Sextile Jupiter

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for

growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

Emotions

Moon In Pisces

PROFESSIONAL - EMOTIONS: Purify your emotions

With your naturally compassionate being and understanding nature, you can achieve success in creative areas, or through working with people who really need emotional help. You are attuned to sensory states which other people are not aware of, and some of the major turning points in your life arise when you develop an deep awareness of the hidden forces in life, in human relations and in nature. You are not particularly motivated by personal prestige or material temptations, and you may be quite willing to sacrifice your comforts to benefit others. You do have to

avoid indulging negative feelings about the odds being stacked against you. This only happens because you have difficulties setting limits for what you are prepared to do for others.

PERSONAL - EMOTIONS: Purify your emotions

In comparison to many other people, you are extremely sensitive to the emotional atmosphere around you. You are no stranger to sadness, and there was probably a unhappy quality in your family relationships - particularly in regard to your mother. You tend to take on the vibrations of others just as a chameleon changes colour, so it is important to be discriminative as regards who you are with, and what you do. As you mature, you learn to be watchful of your own moods, as they change with the least stimulus. By cultivating an emotionally positive attitude, you can avoid the negative energy states that made you feel helpless in the face of adversity when you were young. In relationships it helps to know that there is no dignity in martyrdom.

Moon In 3rd House

PROFESSIONAL - EMOTIONS: Caring communication

Family upbringing will have stimulated considerable interest in the outside world, and this probably means you have travelled a lot and perhaps lived in several different locations. Professionally you can succeed in a job where close professional contacts need to be nurtured. You have a compelling persuasive talent and you would be suited to a profession, where communication was essential. When you communicate, you do so with feeling and conviction. There is also a talent for teaching - especially children - so you may wish to work in the field of education. Travel and new environments would be stimulating job-factors. There may be an interest in, or talent for writing, art, or music.

PERSONAL - EMOTIONS: Caring communication

You have a tendency to cement very powerful emotional bonds to a sibling or sister-figure in your life, or perhaps to a schoolmistress. Your mother, too, will have had a powerful effect on your mental development, and she may well have been strongly involved in your education. Trying emotional experiences in your life result from strong differences of opinion, perhaps in sibling relationships. You have a tendency to attach yourself uncritically to a set of ideas more through loyalty than conviction, and when you argue your case you are easily swayed by irrational arguments and emotions. You are however an extremely communicative person, and enjoy building up a warm network of contacts in your local environment.

Moon Trine Mercury

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

Moon Opposition Mars

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong

configuration in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of

movement and encouraging independence in those you are attached to.

Moon Sextile Uranus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

Moon Sextile Neptune

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and

the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity
The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

Moon Trine Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with

people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement
You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Square Moon

22-01-2019 -> 23-10-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base
This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Neptune transiting Conjunction Moon

29-04-2018 -> 31-12-2021

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Refining emotions

This is a wonderful time for the stimulation of fantasy and the imagination - but not a very good time for the pursuance of serious ambitions. Your emotional sensitivity is at its peak at this time, you can be easily hurt and very easily upset by negative influences in the environment. If you are working on an emotional or environmental level however - and this is a good time for such interests - you can expect enhanced awareness and ability. This is an excellent time for greater consciousness of, and respect for, Nature. Intuitive and spiritual abilities can be trained and refined.

Probably you feel a good deal of discontent now, perhaps because of dissolution or distractions on the domestic front. If conditions are difficult, remember that acceptance is more effective than action. You can learn a lot by giving greater attention to your emotional needs, so do not ignore inner feelings, even if they seem unpleasant at first glance. Your primary job is to enlarge your emotional spectrum and cultivate greater interest and identification with the emotional processes other people are undergoing.

PERSONAL - EMOTIONS: Refining emotions

During this period you have the opportunity to get into contact with emotional states you have ignored for a long period. Feelings well up to the surface and you experience an indefinable sense of dissatisfaction, without being able to put your finger on the precise cause. You may give voice to complaints about being unfulfilled, or disappointment with yourself or your partner. By turning within at this time, you can create a many-faceted foundation for future satisfaction.

What is really happening is that you are becoming aware of new emotional needs which you must express to enrich your future life. The first stage is dissatisfaction, the next is taking action to express your feelings. This can be done by cultivating a spirit of service towards others, in recognition that all people have their inner sorrows. You may also wish to commune with nature, to develop your spiritual practice or be more creative, especially musically. It is no use expecting your partner to fulfil these inner needs now - if you do, disappointment is guaranteed.

Mentality

Mercury In Cancer

PROFESSIONAL - MENTALITY: Trust your intuition

You are a canny person with a head for business. You are not keen on taking risks, and like to hang on to gains when achieved. You are strongly motivated to attain security for the people who are dear to you. You are muted in your opinions, yet the emotional message in what you say can have quite a powerful effect on the mood of other people. On the other hand, if you are emotionally aroused, you may express yourself rather clumsily. You prefer to work in a secure position, and are inclined to serve loyally if treated with respect. You have a very fertile mind and an excellent intuition in business matters. You may not be very logical, but you can rely on your instincts.

PERSONAL - MENTALITY: Trust your intuition

You are a deeply impressionable person, and you tend to express your knowledge and opinions only after checking things out with your inner feelings. This emotionality will be discernible in your voice, which will probably be quite charged and variable in tone. You are sensitive and intuitive, and this can express itself in an instinctive talent for grasping the thoughts and feelings of other people. In partnership you are inclined to be rather quiet and very receptive. It is rather difficult for people to really know what is on your mind. When you do communicate, it is with those you really trust, and you do so with feeling. You function better on an intimate level, than on a superficial social level.

Mercury In 8th House

PROFESSIONAL - MENTALITY: Inner journey

You have an analytical and rather secretive mind. This enables you to both keep secrets and unearth them. You have an investigative spirit which will be a great asset in your work. You can deal with issues connected with financial or material security, pensions, taxation etc. You also have a talent for psychology and related subjects - a talent that comes from your fascination for the inner, hidden factors behind the workings of the mind. There is a tendency to allow your mind to be occupied by far too many worries, and this may give rise to obsessions about financial controls and checks, or anxieties about economic survival. Remember: it's all in the mind, so learn how the mind works.

PERSONAL - MENTALITY: Inner journey

Communication is an area in which you have great talents but experience acute problems. There may have been an atmosphere of secrecy in your childhood, or one of your parents may have cultivated long periods of silence, or spoken in a very dominating, intense manner. Whatever the cause these experiences will have given rise to an anxiety in you about being understood, about silence or argument. This anxiety can manifest itself in long discussions with the partner for example, or mutual suspicions in the partnership because of unspoken issues. Sometimes you feel that your partner is hiding something from you. You have a tendency to cross-examine your partner. These habits - which are a direct result of childhood taboos - actually create a breeding ground for secrecy and silence. Later in life you gain psychological insight into these mechanisms and learn to communicate in a relaxed way.

Mercury Sextile Mars

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: Sharpness

You have an extremely acute mind, and can generally come to a decision far faster than the average person. You are quick to take action and enjoy the pleasure of outsmarting your competitors. You enjoy the thrill of mental combat. However you often cut corners, and your methods can be questionable. Your brusque manner can evoke considerable hostility in your place of work, so if you find yourself constantly getting into arguments or finding people irritating,

you can be quite sure it has something to do with your behaviour. Perhaps you have a tendency to barge in or interrupt conversations, perhaps you speak in too harsh a manner or do not listen enough to others. It pays to plan more patiently, and think twice before you make your opinion known. You would function well in jobs which require tough negotiations or an aggressive verbal style. You have plenty of energy too, and like to travel and meet people. You are a go-getter.

PERSONAL - MENTALITY: Sharpness

You get into too many arguments, and rarely consider the idea that you may be wrong. This truculent manner probably stems from conflicts in childhood with brothers, or perhaps your father. You worked out then that the best means of defence was offence. Yet troubles arise later in life because your frank and direct manner makes people feel that you are offensive. You don't always have to tell people what is on your mind. You hate to be bossed around or told what to do, so make an effort not to act in this way with others. Give them time to express themselves without interrupting, and resolve to stop criticism and arguments. Women with this aspect are often attracted to rather sharp men who may have questionable morals, or be rather argumentative types, although this is a projection mechanism based on inner conflicts. Men tend to retain adolescent qualities and act at times as if they know everything.

For both sexes it is important to slow down, otherwise the nervous system can be adversely affected. When you channel your enormous energy into creative, fun projects, you can achieve a great deal.

Mercury Opposition Uranus

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Inventiveness

You have some mental qualities that border on genius. Being receptive to signals in the environment which go over the head of the average person, you know how to integrate radical new ideas into your work. You have the inventor spirit, and you are always willing to experiment with new methods. By developing your knowledge of the scientific functioning of the mind, you can be a driving force for renewal at work. You may be skilled at technical matters, computers or untraditional, even provocative subjects. It is important for you to learn to put your ideas across in a

constructive manner however. You have a tendency to talk at cross purposes, without ensuring the other person is following you. Coupled with this you may also be impatient with people as they fumble with old concepts and ideas. You can be provocative, or go off at a tangent - and this may only serve to alienate you. Clarify your intentions when you communicate. You have a talent for exotic languages.

PERSONAL - MENTALITY: Inventiveness

Other things being equal you have a very quick mind, and you attract attention through your ability to give conversations a surprising turn. You are quickly bored by conventional waffling and you are prepared to say anything, repeat anything, to give conversation more interest. Although at times you can be very amusing, this tendency easily leads to confusion and misunderstandings in relationships. You break the flow of communication - a habit you learned in childhood - and this leads to a rather stressful atmosphere in intimate relationships. You need to involve yourself with friends or groups which have similar interests to you, rather than expecting to get all the mental stimulation you desire from your partner. When you get bored in intimate relationships, you tend to say and do the opposite of what is expected, just to get results. You also tend to make provocative statements. This can be exasperating for the partner.

Mercury Opposition Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - MENTALITY: Clarify your thoughts

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative

communication - as a writer, in advertising or the media, or as a general part of your work.

PERSONAL - MENTALITY: Clarify your thoughts

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

Mercury Trine Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - MENTALITY: From secrecy to openness

You have an investigative mind and considerable talent for finding out about hidden issues and analysing things in depth. You are also good at keeping secrets. As such you are a natural detective and are able to find the root cause of problems. This is a useful talent in psychological matters, when working with computers or anything requiring fanatical attention to detail. There is an ability to tap hidden sources of information. In your professional life, however, you are inclined to be suspicious, fearing that important information is being kept from you. People can feel that you interrogate them, and they tend to clam up. Sometimes you express yourself far too forcefully and do not allow people to come with their views. Success comes when you overcome communication problems connected with anxiety.

PERSONAL - MENTALITY: From secrecy to openness

You are a rather secretive person; you think hard and deeply, and sometimes you are plagued by compulsive ideas and fears. Much of this is a result of childhood anxiety connected with lies, secrets or lack of communication. Because you do not always let on what you are thinking, you can easily be misunderstood. Put people's minds at rest by clearing up these misunderstandings and strive to be as

open as circumstances permit. When your feelings are hurt you can be silent for long periods. And when you are insecure, you tend to be suspicious of your partner. Harmony in relationships comes when you resist the tendency to argue for hours at a time, or to use silence as a weapon, and instead learn to be open and trusting.

10-03-2020 -> 05-12-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to

guide your thoughts into constructive channels.

30-12-2019 -> 14-11-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: Mental self-discipline

You are challenged now to get organised and to administrate your time sensibly. There is a particularly emphasis on improving and consolidating your talents. Long-term plans for training courses or intellectual improvement can be put into effect. Writing or communication blockages must be overcome. You can develop the necessary mental discipline now to attain your goals. Expect communication problems, and expect plans or travel arrangements to be delayed. There needs to be far more attention to detail. Attend to the small print when signing contracts.

Learning to economise with your words and messages is an essential lesson for this period. How can you express yourself most effectively in the shortest possible time? If you develop the self-discipline to organise your daily life so that you can attend to mental challenges, you can expect very satisfactory long-term results. There is a strong emphasis on business matters at this time - but many minor irritations. Take one problem at a time, be patient, and solve challenges with long-term strategies.

PERSONAL - MENTALITY: Mental self-discipline

This is a period in which you have more than the average amount of worries. There are many practical issues to be solved, and there is no other alternative than to get down to each issue and concentrate on one thing at a time. It is important to organise your time more efficiently. Problems particularly arise in the area of communication. This is the time to address these issues and find practical solutions.

If you feel unsure of your intellectual abilities or that you lack the necessary training to do what you want, then you should make a commitment to improve now. You need to spend more time talking and listening to your partner - there are issues which need to be solved. Problems can also arise in connection with sibling relationships or neighbours, and if you are patient and diligent you can find long-term solutions. Discipline your daily life and realise creative dreams.

Pluto transiting Opposition Mercury

26-03-2018 -> 31-12-2021

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: Replace outdated ideas

This is a time of mental pressure, when the mind incessantly dwells on issues without being able to solve them. This mental energy should be used to investigate new subjects and understand the core of things, rather than on needless worries and anxieties. Avoid getting obsessed about issues at this time. Secrets come up now - both your own and other people's - so it is important to be honest. There can be a feeling of a conspiracy, or maybe vicious gossip in the working environment. It is better to be aloof than involved. Lies surface, and so does the truth. However it is now that investigations brings results, even though the truth can be unpleasant. Vigorous action needs to be taking to root out dishonesty or corruption.

This is an excellent period for working with computers and gaining psychological insight. Courses connected with the science of the mind are favoured. Old systems of accounting, bookkeeping, filing, etc. should be replaced by new. This is an extremely hard-working period, and you may even find yourself working into the night-time hours. Take it easy, as your health can suffer during this period. Acute problems can be experienced with existing transport - this is the time to scrap old vehicles - and new transport possibilities may arise.

PERSONAL - MENTALITY: Replace outdated ideas

During this period you will be under considerable psychological pressure. One of the main problems is that you find yourself obsessively dwelling on issues, whilst no amount of effort can eliminate the worries you feel. On a deeper level what is happening is that there is a welling up of powerful new mental powers which, if not channelled constructively, become the destructive source of anxieties. By channelling this mental energy into new fields of learning, particularly as regards occult and psychological issues, you will discover amazing new talents which can be the source of later success.

You must eliminate old ideas and convictions now - their time is past. Teachers, friends or siblings who have had a profound mental influence on you have now outlived their usefulness. In your personal relationships there is the danger of getting involved in endless and fruitless discussions. If you find yourself talking exhaustively into the early hours in an effort to resolve difficult relationship issues,

stop. These discussions - or interrogations - will only lead to the exhaustion of your partner and ultimately to long frustrating silences. There are other more creative ways to channel your mental energies.

Values

Venus In Cancer

PROFESSIONAL - VALUES: Build a loving environment

You have a very strong caring attitude, and you form deep emotional attachments wherever you work. Professionally this may manifest as a need to care for and nurture others. You have a very strong sense of conventional values and are quite careful economically. There may be a talent for dealing with property. Loyalty and security are important career criteria, and if these criteria are fulfilled you work hard and devotedly. Although you may hide your feelings, you are extremely sensitive in relationships, and easily hurt by unfeeling people. Therefore you work best in a protected environment in which there are warm personal relationships, and you are skilled at creating such an environment. As family values mean so much to you, you can be torn between your home and your career.

PERSONAL - VALUES: Build a loving environment

Family feelings are central in your emotional life. Women with this position are motivated to create a warm home atmosphere, cook good food, and generally cater for the needs of the partner. They are looking for a man who will be a good father to the children. Men will be attracted to the mothering type. Communication takes place far more on an emotional than mental level. Faithfulness and family loyalty are essential values, and a relationship will not function without them. If the feelings are hurt, there is a powerful tendency to withdraw emotionally. Love centres around the home, and there is little need to go out and meet people. There is a strong sentimental attachment, even to relationships from the distant past.

Venus In 7th House

PROFESSIONAL - VALUES: Relating

For other people dealing with you is a pleasurable experience. Being a considerate person you are able to set others at ease, and you listen to them with interest and concern. These diplomatic talents will bring success in a job in which you have daily contact with others, especially if they need your love and support. Because you are able to create a favourable impression and exude a sense of fairness and charm, you could work in business ventures in

which you have to sell values or goods, or represent a business in its dealings with the outside world. As you like people and enjoy contact and company, you would have success dealing with personnel. You would function well in business partnerships, partly because you have a lot to give and partly because you attract people who would like to cooperate with you.

PERSONAL - VALUES: Relating

Love and relationships makes the world go round for you. You are romantically inclined and have high expectations of your partner. Men with this position will be attracted to good-looking women who can envelop them in love. Women seek a man who can fulfil all their partnership dreams. Although you will find good fortune and happiness in partnerships, problems can arise because of immature demands for the perfect relationship, free from conflict. You may want the partner to be so nice and sugary, but people do have their shadow sides. If you refuse to face the darker sides of your partner, or admit to them in yourself, then at some point in your relationship you will have a shock. If love seems to evaporate from the relationship it is no use leaving one partner to seek fulfilment of your ideals in another. The financial security and material values, which are also important for you in a relationship, will at some point be challenged and transmuted into more eternal values.

Jupiter transiting Opposition Venus

09-12-2019 -> 03-01-2020

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley.

Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Saturn transiting Opposition Venus

01-01-2018 -> 26-11-2018

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - VALUES: Building self-worth

Economical issues come to the fore now, and you will probably find yourself having to work long and hard, perhaps without getting the financial rewards you would like. It pays to economise and save now, or to make very secure investments. By careful economical planning you can create the foundations for future growth, although short-term success is unlikely. Working on professional relationships may be necessary now, and you could be asked to make a long-term commitment.

It would be to your advantage to pay more attention to subtle influences on your career, such as your appearance and personal style. If you want to open doors which have been closed for you until now, learn for example the finer points of diplomacy and overcome clumsiness or shyness in dealing with people. An understanding and appreciation of

taste and style can be the keys to much desired status improvements.

PERSONAL - VALUES: Building self-worth

You can expect many challenges in your personal relationships now. How great is your commitment? Can your affections stand the test of time? No trivial relationship can survive this period, simply because you feel that you do not have the time to waste on romantic attentions that are not genuine. Those people who are in long-term relationships will go through a testing phase - the old cliché

Drives

Mars In Virgo

PROFESSIONAL - DRIVES: Develop organisational talents

You are a naturally hard-working person with a great talent for analysis and research. There is also a fine organisational ability and a natural conscientiousness when completing tasks. Indeed there is a tendency to be something of a perfectionist. Whilst this is a very fine quality as regards working with things - especially accounts, files, planning, etc. - it can create problems when dealing with people. Your colleagues may find you too critical, and your tendency to go into the smallest details may mean that you take too long completing tasks, or fail to see the big picture. There is often great talent for technical matters - for example engineering, computers etc. At the same time there is a strong health consciousness which can manifest professionally in connection with diet or the body. You work hard, perhaps too hard. By mastering your natural ability to delegate you will be able to take time off to relax.

PERSONAL - DRIVES: Develop organisational talents

You are conscientious both at home and in your job. You also have a tendency to be rather self-critical and worried - this can affect your stomach and digestive system, so it will pay for you to consciously develop a greater awareness of health matters, diet, exercise etc. Men with this position of Mars are extremely good at making themselves useful in relationships. Women are attracted to the hard-working kind of man who creates a busy atmosphere in the home. For both sexes hygiene and cleanliness is important, both as regards the home, and in sexual matters. There is a tendency to be over-critical and nagging, which of course will have a negative affect on relationship harmony. Perhaps this comes from an inherent perfectionism and physical restlessness. If this energy is channelled constructively it will be reflected in many improvements done in the home and

garden.

Mars In 9th House

PROFESSIONAL - DRIVE: Intellectual pioneer

Your opinions and convictions are an important part of your professional life. You have a strong desire to increase your knowledge and understanding, but you function better when you are self-taught. Too many intellectual conflicts arise when other people try to foist their opinions on you. You are extremely powerful - perhaps too dominating - in putting forward your point of view. Nevertheless you can have success as a teacher or working in some field which necessitates persuasion or the spreading of information and ideas. You are very dynamic in your outreaching to others and may travel a considerable amount in connection with your work.

PERSONAL - DRIVE: Intellectual pioneer

You are a fearless searcher for truth and understanding, and this search may well bring you to foreign lands. You are an explorer type, constantly striving to increase your horizons and develop your interests. Women with this position of Mars are often attracted to men from a different culture or country, men may discover partnership abroad. You have strong opinions and these probably arose because you had to hold your own against an intellectually dominating brother, father or perhaps teacher in your early days. As a result you tend to be too aggressive when defending your own convictions. Your spiritual development may be profoundly affected by a mentor of some kind, though you have little inclination to subjugate yourself to the principles or convictions of anybody else. You may see your God as wrathful or severe, but you are inspired to rise to meet spiritual challenges in your journey to find truth.

Mars Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DRIVE: Cutting through decay

This influence has a major effect on your career. In your life you are confronted with the issue of power - and powerlessness. You may not be aware of how forceful you are, and therefore you often encounter confrontations and get involved in power battles. Your strength in this area equips you to deal with crisis situations which other people

would rather avoid. Thus you can get involved politically or socially, perhaps in trade union activity or in the corridors of power. Although you have a lot of abilities in this respect you may not find great satisfaction in these areas. You have a good deal of psychological talent, and may find fulfilment in helping people in crisis, or people who have adjustment problems. You may have psychic or healing talents.

You work hard and very intensely, often into the late hours, and actually you may have difficulty knowing when to stop. It is important to identify this obsessive quality, otherwise you can drive yourself to collapse. By structuring your working hours, you can avoid exhaustion. Life would be easier for you if you were more relaxed. You are very sensitive to what you consider the misuse of power - this is connected with humiliating situations connected with will and power in childhood. Later in life you run into similar situations, especially with authoritarian or dominating - even tyrannical - men, and you tend to overreact. This leads to battles of the will which are quite exhausting - even more for others than yourself. These situations are best defused by seeing them in a different light. By clearly showing others the limits you are prepared to accept, and by sticking to them diplomatically, you can win respect and avoid power games. Remember, if your motives are straight, you will attract people who will be straight with you. It is important for you to think positively about others. You are a powerful ally and a dangerous enemy.

PERSONAL - DRIVE: Cutting through decay

You have experienced a number of deep traumas in your childhood through events which may be secret or repressed. This can be linked to the influence of men - particular your father or a brother. Often a stepfather or half-brother plays an important role. Sometimes a sexual theme is involved. You may also have been deeply affected by someone who had a deep psychological problem. In some way your will was totally overridden at some point in your childhood, and you are profoundly affected by the humiliation this incurred. It is also possible that you experienced your father - who was dominating, but weak - being humiliated in some way.

Later on, intimate relationships are characterised by great intensity and power games. There is a need for a strong partner who can stand up and fight his or her own battles. Women with this aspect are profoundly attracted to magnetic and powerful men. Such a relationship develops predictably: where the man initially starts as the dominating figure, the woman begins to discover weaknesses as time goes by, and in doing so loses respect. When the relationship ends, the roles have been reversed and the

man often ends up in a humiliating position.

Men put too much focus on sexuality and the need to demonstrate masculinity. Jealousy and control can be dominating, though concealed, factors in love. The relationship tends to be marred by criticism of weaknesses and bitter discussions over influence. Often therapy can solve difficulties connected with the complex psychological projections involved in this kind of relationship. As time goes by you will discover the benefits of your enormous energy resources and latent power. As a result you stop struggling against imagined power misuse, and simply no longer feel threatened. Deep satisfaction comes from discovering psychological and psychic talents.

Jupiter transiting Square Mars

13-03-2019 -> 28-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become

increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Jupiter Sextile N.Node

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Wisdom in emptiness

Your counsel may be sought on a wide range of issues, and you may be able to attain an influential position in large groups or organisations, because of your judgement and visions of the future. You may get involved in social projects on a grand scale, though there is a danger of being seduced by magnificent mirages because of a faulty ideology. You will grow to understand the hollowness of prestige and adulation, and will perhaps later seek refuge in a place of retreat.

PERSONAL - DESTINY: Wisdom in emptiness

You may seem a larger than life character in the circles which you frequent. You gravitate towards people who have influence and power, whether financially, socially or intellectually. Meeting people who you respect for their views and opinions is an important formative process during your life. You tend to go overboard when propagating your own philosophical ideas, but later in life you may develop a

more meditative attitude to the nature of truth, perhaps through some religious experience.

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

PROFESSIONAL - WISDOM: Opportunity knocks

This can be a good time in your professional life, if you are prepared to harness your vision of the future to build something lasting. Doors can open for you now, if you have done the necessary groundwork. You can at least reap the benefit of all the efforts you have made to improve your training and experience. People in authority are liable give you recognition, and this can lead to a change of status or well-earned promotion.

If you overestimate your abilities, and hope for success without making effort, then there will be few benefits from this period. You should be prepared to work harder, to wield more influence, and perhaps to travel in connection with your working responsibilities. This is a good time for dealing with authorities and formalising long-term future commitments.

PERSONAL - WISDOM: Opportunity knocks

You can expect some consolidation in your life which will give you greater security now. If you are the lucky type, you will benefit from real estate dealings or home purchase. Your status will be formally confirmed in one way or another. You can move up a few steps in life, if you are prepared to make the necessary efforts and have a positive expectation of the future.

You are challenged to overcome negative thinking now, and to work on your personal capacity to believe in yourself and have faith in the future. It can help for you to redefine your spiritual values and make a concrete effort to build up a more solid spiritual base. This is the time to make your opinions clear and to take a firm standpoint.

Jupiter transiting Conjunction 1st House

31-12-2018 -> 25-09-2019

PROFESSIONAL - WISDOM: Gain understanding

In some ways you have a larger than life image, with considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others through your example, especially as regards empowering others with hope and faith in what the future may bring. Other may come to you for professional advice, and your opinions will generally carry weight. Intellectual, philosophical or religious interests, coupled with a desire to expand your horizons, may play a part in your career. Important journeys can bring profound changes in your views about life, and work abroad may have appeal for you. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

PERSONAL - WISDOM: Gain understanding

You will have considerable influence on others through your opinions. At best you can really expand the vision and understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

Jupiter transiting Conjunction 2nd House

03-02-2020 -> 23-10-2020

PROFESSIONAL - WISDOM: The Universe will provide

You are generally fortunate in economic matters, and one of your greatest resources is your ability to expect the best of the future. Your capacity to have faith in the principle of abundance will be directly reflected in your material success. You are willing to spend money to make money, and many people can benefit from your generosity. You may have a talent for advising others on economic issues, especially as you have considerable financial foresight. You may earn money in connection with abroad. Financial security is a natural expectation for you. It is unlikely that there will be any anxiety as regards economic matters, but should there be, you are a fast learner and gain insight into major issues when in financial trouble.

PERSONAL - WISDOM: The Universe will provide

Unless other compelling factors prevent this, you will enjoy a very good standard of living. Paradoxically material luxuries will not be of primary importance for you, they just follow in the wake of your generous disposition. You place greater value on self-development and understanding than on material gain, and it is the resultant expertise which brings you rewards. You have remarkably strong moral values and convictions which will manifest in philosophical or political opinions which you stick to through thick and thin. You have a strong sense of ethics, and other factors in your horoscope will indicate whether this is expressed in a tolerant or moralising way.

Challenges

Saturn In Aquarius Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - SELF-RELIANCE: Social structure

Saturn was in this sign during the years 1932-35, 1961-64 and 1991-1994, and this placement inaugurated a period of international co-operation, new alliances, and social restructuring for good or ill. There was a strong emphasis on humanitarianism, and this may be reflected in your own choice of profession. You have a talent for dealing with groups, societies or boards in which you add your voice to those of others in a democratic process of decision. Success in your career demands that you overcome anti-social tendencies or a feeling of shyness in groups, and do something constructive about the needs of your fellow citizens or colleagues. You can offer your services in situations where there is a need to create a functioning structure after radical change. You can find a niche in social services, humanitarian organs or cross-cultural exchange. You can also bridge the gap between generations in your work.

PERSONAL - SELF-RELIANCE: Social structure

During the time of your birth there was a strong collective spirit of internationalism, and powerful awareness of social interactions in society. You are probably more aware than most about social commitment to the group, and the responsibility which individuals must show to the whole for things to function in society. In your personal life you will focus on the energies at play in groups, and be keenly aware of your own ability to function socially. You may have to overcome a certain stiffness in relating to others. Particularly on an emotional level you can exhibit a cool distance which can make intimate friendship difficult. You are a very fair and democratically-minded person, and are strongly motivated to even out divisions in society. By overcoming your innate social inhibitions you can play an important role in the organisation of groups. You function better relating to groups than to individuals.

Saturn In 3rd House

PROFESSIONAL - SELF-RELIANCE: Educate yourself

Education, ease of expression and intelligence are high priorities for you. You work hard and are extremely conscientious, as it is important for you to feel respected for your abilities. When you overcome a lack of self-confidence as regards your intellectual prowess you will succeed in a

profession where mastery of information is important. Despite early fears you will continue to meet mental challenges, perhaps taking training courses quite late on in life to develop your abilities. Your realism can be invaluable in meetings... you are the type who likes to be sure of the facts, before drawing any conclusions. When you express an opinion, it is well thought out and generally carries the weight of experience.

PERSONAL - SELF-RELIANCE: Educate yourself

Family influences - particularly in connection with a brother or sister - and early painful experiences at school will have had a rather traumatic effect on your mental development. Your confidence in your intelligence will have been undermined, and you can feel uncomfortable when you meet people. Light conversation does not come naturally. Under pressure a sudden mental block descends, and fear of appearing dim-witted obstructs the mental flow. You work twice as hard as anyone else just to be sure you are not going to be shown up mentally. Mental confidence rarely comes before the age of 30, and if you have given up on an education as a young person, you may take it up again after this age. Your concern with getting the facts right can hinder your ability to get an overall view - often you can't see the wood for the trees. You can become an authority on a specific subject.

Saturn Square Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - SELF-RELIANCE: Re-evaluate personal power

Normally this influence is felt more collectively than personally. The main issue here is the structure of power - its use and misuse. In your life you are sure to encounter people and organisations who have a powerful position in society, for good or ill. This can for example include the police, tax authorities, corporations or secret organisations. When this influence becomes strong in your life, you will find yourself in a position which requires enormous willpower. This can lead to the overthrow of powerful people, or the collapse and restructuring of powerful institutions. It is your mission to transform the unacceptable use of authority. You also have the capacity to wield power and in doing so reform organisations.

PERSONAL - SELF-RELIANCE: Re-evaluate personal power

You can both be a victim of tyranny, and a person who unconsciously adopts an authoritarian style yourself. The energy you invested in survival early in your life can give you an imposing and even frightening aura. You have to make sure therefore that you use your natural authority to empower rather than weaken others. In intimate relationships you are extremely sensitive to the misuse of power and any sense of helplessness. If you unconsciously overreact in this area it may be you yourself who evokes fear in your partner. In times of crisis you may use the threat of allowing your life structure to disintegrate totally to keep your partner in line. Do not be afraid to be gentle and tender.

Jupiter transiting Square Saturn

17-10-2018 -> 13-11-2018

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You

can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Capricorn Retrograde

Because this planet was retrograde when you were born, you have a special personal lesson to learn in the matters described. Experiences will be evaluated more on an inner than outer level.

Uranus In 2nd House

PROFESSIONAL - ORIGINALITY: Humanitarian values

You have a radically different set of values compared to others. Material interests are only peripheral to your life - you are turned on by your vision and the stimulating relationships in your life. Your professional assets are an inventiveness and the "surprise" factor, in which you can always think up an angle nobody else has thought of before. You may be suited for jobs where humanitarian or social efforts need funding, or work connected with technical innovation or advanced machinery. You may also be able to earn a living through developing an unconventional talent. Financial security is not a major value for you - you are more interested in the freedom to change and develop.

PERSONAL - ORIGINALITY: Humanitarian values

Your individuality is strongly reflected by strange tastes and a special environment. You may despise material attachment, giving things away impulsively, and acquiring things by chance. Your values are mostly centred around human interests - you don't like to be tied down by possessions or by your family. You can expect dramatic turning points as regards your economic situation during your life. Sudden loss or gain can be the trigger which brings a radical change in your values. In personal relationships your lack of interest in security and material comfort can be a major source of tension, as you are unwilling to compromise your freedom for material rewards.

Uranus Conjunction Neptune

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - ORIGINALITY: Spiritual revolution

This long-lasting aspect will be shared by everyone born in any particular 4-year period, but if you express its influence

in your career you will be able to channel a talent for working with the electronic media on one level, or personal consciousness on another. There is an electric idealism with this aspect and very little grounding. Some people may be able to tune into latent telepathic and clairvoyant powers, and use them in their job. Contact with international companies which have strong cross-border communications brings good fortune. Work with advanced technology, especially connected with instantaneous communication is another possibility. There is an inbuilt tension between the principles of freedom and service which can be expressed in irrational political and social convictions.

PERSONAL - ORIGINALITY: Spiritual revolution

This aspect has an influence on a particular generation, but you may personally feel and express its power through an interest in aspects of human consciousness which are on a very subtle level. This can relate to the power of dreams, clairvoyance etc. - in fact the whole spectrum of the New Age movement. If personal planets also aspect these distant planetary giants, you will feel a deep longing to transcend yourself through some kind of spiritual interest. Drastic changes will occur in the pursuit of your dream, and you may be willing to abandon the secure structures you have built up to follow your ideals. Needless to say you will often be disappointed, but the whole process enhances your awareness and spiritual consciousness. You can be deluded by the allure of charismatic personalities - take care.

Uranus Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - ORIGINALITY: Total revolution

This influence last over a period of years and affects whole generations. It is connected with social and technological renewal which transforms world consciousness. If this influence is made personal in your life by aspects to personal planets in your horoscope, you will meet it in the outer world in the form of revolutionary groups or outsiders, or through dealing with the technology of radical change. You may also have a talent for creating revolutionary change in large organisations. There can be a particular talent for working with computers or in organisation where automation is an issue. Or you may play a social role

dealing with the personal upheavals that the electronification of society causes. Sudden and extreme employment change may arise as you get swept up in vast collective trends.

PERSONAL - ORIGINALITY: Total revolution

On a personal level you may experience periodic traumatic upheaval and this can lead to a transformation of personal consciousness. In the face of this energy the human mind is often gripped by powerful obsessions - this was for example witnessed on a collective level in Germany when Hitler came to power in 1933. (Uranus square Pluto). You will almost certainly encounter someone in your circle during your life, whose obsessions wield a fascination over you, or evoke horror. If this influence manifests on an intimate level you have to be aware of a tendency to evoke anxiety in your partner through an extreme unpredictability or self-destructiveness. By avoiding extremism and concentrating on personal growth you can mitigate tensions that may arise.

Jupiter transiting Conjunction Uranus

14-02-2020 -> 09-11-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So

experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Saturn transiting Conjunction Uranus

14-02-2019 -> 08-01-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: Limiting individualism

This influence may not be so obvious in your life, unless you have strong Aquarius characteristics. It is a time when it pays to make constructive use of modern techniques in your career, or perhaps pursue interests connected with exotic cultures or people. Concrete work on untraditional or new age interests is also favoured. You will probably find that you will have to make some compromises with your tendency to be an outsider and to hold society at arm's length. It pays to build a bridge between old traditions and modern trends. Social idealism and commitment is favoured.

PERSONAL - ORIGINALITY: Limiting individualism

During this phase of your life, you will find that you have to take more responsibility for those sides of your nature which are outrageous or provocative. Authority figures will demand more self-discipline and social awareness, and you will not be permitted to merely indulge your extremist views. However this is a good time to develop your interests in original and untraditional subjects, new age matters, and global awareness, especially if you have constructive plans in these fields. This may be a time when you will want to make a more formal commitment to an unusual group.

Pluto transiting Conjunction Uranus

01-01-2018 -> 28-12-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: Eliminate extremes

This is normally a minor influence, but it may involve a shock or unexpected event. This can effect technological systems, computers and transport and may involve long-term renewal of technology. However the whole question of growth and progress becomes a major issue - perhaps because you realise how brutal the forces of survival in the marketplace are. People can seem as pawns in a game played by higher powers. Mechanisation and

modernisation can be a very alienating and dehumanising influence, so you may resolve to absorb yourself in social or humanitarian interests in protest.

PERSONAL - ORIGINALITY: Eliminate extremes

On a personal level this is a time to eliminate extreme manifestations of independence which alienate others. Changes on a collective level which are beyond your control can lead to some kind of radical renewal in your personal environment. Groups or associations can play an important role in your life now, and you may be confronted with power struggles on the subject of group integrity. You may in particular be confronted by the darker side of power-hungry people in social organisations to the extent that you wish to withdraw. If you are interested in personal development, radical changes of consciousness can arise as energy channels are opened in your body. This influence is more powerful if you have an Aquarius Ascendant.

Transcendence

Neptune In Capricorn Retrograde

Because of the relative position of this planet in relationship to the Sun and Earth, it appears to be moving backwards. This may make you more thoughtful or introverted in the area concerned.

Neptune In 2nd House

PROFESSIONAL - TRANSCENDENCE: Refine personal values

You have a rather haphazard attitude to material values - you may be quite successful at accumulating worldly goods, but they have very little meaning for you. Experiences early on in your career convince you that it is no use selling your soul for material benefit. Professionally it is not the lucrative offer that catches your interest, it is more the ability to use your fantasy and imagination - and these are great personal assets. You have a talent for finding unusual solutions to material problems. You may find material success connected with advertising, film, the oil or chemical industry, or in caring professions. You have a "liquid" attitude to money, and if you are not careful you can be called to account for poor financial administration.

PERSONAL - TRANSCENDENCE: Refine personal values

You are well aware of the idea that money does not bring happiness, and experience tends to bear this out for you. Material loss will have profoundly affected your values at some point in your life, and as a result you hate to prostitute

yourself for material gain. Nevertheless you often dream of attaining wealth, and success in this area would be no problem, as you remain unattached. There may be special circumstances in your life which drain your finances - keep an eye on your money! In partnership matters there can be a drain on your finances through some economic folly based on false idealism, or some issue which you refuse to confront. You prefer to live in blissful ignorance about your finances, and you will pay for this.

Neptune Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Conjunction Neptune

13-02-2020 -> 08-11-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Saturn transiting Conjunction Neptune

13-02-2019 -> 07-01-2020

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Making dreams concrete

This influence may not be felt very strongly, unless you have a strong Pisces influence in your horoscope. It can be difficult to make concrete plans now, things tend to flow in an uncontrollable way, goals slip through your fingers. Instead of making strategies and long-term goals it would be an advantage to do something constructive with your creative talents. Your greatest asset at this time is your imagination, so try to think of practical applications for creative ideas. If you act in a determined manner you can

realise many of your dreams and visions now. This is an excellent time for helping people who are losers in society.

PERSONAL - TRANSCENDENCE: Making dreams concrete

This is a time when you will probably feel rather alone and isolated. Money may be short, and security even shorter. You are forced to develop your inner resources now, because outer structures in your life tend to dissolve. This is a good period for developing spiritual discipline, or making long-term plans for creative development and growth. But otherwise there is a tendency to be down-and-out, or on the fringe of society. Nevertheless you may feel moved to take more responsibility for those who suffer now, or to make some sacrifice for others. Avoid negative frames of mind, or tendencies towards alcohol or pill misuse.

Pluto transiting Conjunction Neptune

01-01-2018 -> 24-12-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Replace old visions

This is a minor influence connected with your dreams and hopes. To the extent that you have allowed your future to be dictated by your dreams you will find it empty. There may be a strong feeling of disillusion, but this is replaced by a new clarity concerning goals. Although you may realise some of the goals you have been striving for now, you will find that they do not bring satisfaction. If you are involved in any idealistic ventures at this time, you will discover that people are only human and they may find it impossible to live up to the ideals that they profess.

PERSONAL - TRANSCENDENCE: Replace old visions

Most people need a vision and dream for the future to inspire them and give their life meaning. During this period unrealistic fantasies which had previously absorbed you will be eliminated. This is the end of Utopia. At the same time you can find new spiritual values which will form a more solid basis for your future. You need to eliminate old ideals and reassess your vision of what has lasting value for you. This is a good period to mobilise your ability to visualise and create a new vision of the future.

Transformation

Pluto In Scorpio

Pluto In 11th House

PROFESSIONAL - TRANSFORMATION: Social reform

You have the capacity to take on many roles in your life, assuming the professional guise which is expected of you under any given situation. You may have the ability to work as a reformer and as such you could achieve a position of power in a social group of some sort. You believe in the idea that power corrupts - probably because of a number of experiences of power misuse in your early life - and this is one of the motivational factors in your experience of the social forces in society. You tend to make a little too much out of conspiracy theories. You have the ability to root out social corruption, and restructure social organisations. It should however be said that in this process you have a tendency to acquire exactly the kind of power you despise so much. So it is important to guard against dictatorial tendencies in yourself. You may have a talent for dealing with groups on a psychological level - and you are quite fearless as far as emotional confrontations in groups are concerned.

PERSONAL - TRANSFORMATION: Social reform

Early in life you will have formed strong opinions about the influence of groups on the individual. This may be connected with a traumatic experience of alienation at school. You have a social survival strategy in which you have a tendency to amputate the bonds between you and a particular group or friend when under pressure. You cultivate the attitude that you can survive without them if necessary, and of course you can - at the price of feeling even more socially alienated. You often form bonds to friends who are in deep emotional trouble, and you are very good at helping them over a crisis. Later, however, these same friends can disappear mysteriously from your life, or you can suddenly withdraw because the bond is too much of a strain. There are a lot of psychological issues here, and if you sometimes feel that you are up against a world which has evil intentions, it might pay to work with these issues in some kind of personal development group.

Jupiter transiting Conjunction Pluto

20-01-2018 -> 19-10-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be

because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Destiny

N.Node In Sagittarius, S.Node In Gemini

PROFESSIONAL - DESTINY: The inner guru

You enter professional life with a number of good cards in your hand. You have the ability to communicate and a good grasp of facts. On top of this you may have specific talents concerning the nature of the mind and the way it functions. Yet there is a tremendous restlessness and lack of staying power which means that you tend to change direction repeatedly, so that you have difficulty consolidating your achievements. As you mature you develop a strong need to weave all these threads into something more meaningful, and it becomes important for you to develop a life philosophy which puts your ambitions into perspective. An intellectual hunger may bring travel which widens your horizons and opens your mind. Adult education opportunities give you new understanding. International dealings and cultural exchange can also form the backbone of changed career goals.

PERSONAL - DESTINY: The inner guru

Major issues in your life centre around knowledge, communication and understanding. Early on you are very strongly influenced by the ideas of others, and you spend a lot of time passing on knowledge which comes from

intellectual authorities. In general you are drawn in to a world of gossip which seems to dissipate your mental energy. You meet too many people, are always on your way from one place to another, and generally have difficulty formulating precisely what you stand for. As you get older there is a greater need to allow your own ideas to germinate. Mentor figures - especially from foreign countries - can play an important role in inspiring your new-found intellectual independence. By withdrawing from the enervating energy of the crowd, and by developing latent talents of reflection, you can enrich your life with a meaningful philosophy. It is important for you to expand your spiritual horizons as a counterbalance to the distractions of the world.

N.Node In 12th House, S.Node In 12th House

PROFESSIONAL - DESTINY: Discovering inner riches

You start life extremely attached to your work and eager to make a good impression. You are a perfectionist - even a workaholic - and you expect to be respected and admired for the efforts you make. You are keen to prove that you can make your contribution to society, but often you are disillusioned by the results. No matter how hard you work, or how useful you make yourself, there is a gnawing feeling inside you that this is not enough. Often there are strings attached when you offer your services, and people will be unappreciative. True satisfaction comes when you give up frantic efforts to make a professional impression on others and turn within. When you do this you will discover an inner creativity which brings you joy. You are happier when you retire from the battlefield of employment and cultivate your own private interests.

PERSONAL - DESTINY: Discovering inner riches

In the early years of your life you are a busy person, with an inner conviction of the importance of being helpful and conscientious. Yet as you mature you feel a growing sense of inner dissatisfaction, as if something important is missing from your life which you cannot put your finger on. Actually you need to tune in to your inner life to become a whole person. The importance of work, both professionally and in the home, needs to be downgraded. You have to look after your spiritual life because this is where true growth comes for you. You need to have a place to withdraw to, so that you can commune with your inner feelings and creativity. The beauty of nature and the cosmos can be important to you, and you would have great benefit from meditation or other forms of spiritual interests.

Jupiter transiting Conjunction N.Node
