**Dear Charlotte,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

As you enter your 64th year your sense of appreciation for what life has to offer is keenly enhanced and it seems you have the capacity to enjoy more and feel greater satisfaction. Relationships are an important factor in this, as well as material well-being. In nurturing your relationships, service is important for you. With humility and helpful kindness, you work hard to make the little things go well. You are critical and self-critical, but every detail is important for you in the art of loving. Love and longing go hand in hand in your search for the ideal soul mate - if such a person exists. There are spiritual solutions. This is also a time when you have a strong urge to expand your horizons, which you can do through travel or pursuing intellectual interests. You have tremendous curiosity and grasp of intellectual detail, which is enhanced by travels and a huge network of contacts. You are a mental gymnast who can juggle many ideas and occupations simultaneously and who gets great joy from education and intellectual pursuits. As such, you are a natural born teacher. This will reflect itself in the expansion of your horizons through travel and education, and success through your teaching and mentorship capacities. The current year is an excellent time to expand activities in these areas. Conflicts of opinion can arise with people who have different convictions to you, and whilst you are willing to explore different views, you tend to stick to what you know is right for you.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are working hard to develop educational and communication skills that will serve you well into the future. This is a challenging task, and there will be times when confidence in your intellectual abilities is low, or when you simply feel the process is too long or too full of setbacks. This is when you have to apply yourself with more determination than ever. Avoid being defensive about what you do not know or cannot do; just plan to improve step by step. These influences started growing around January - 2015 and will ebb out around December - 2017. You will reach your goal, and in the process you will build a valuable network of contacts who appreciate your diligence and application.

In this period of your life there is a major transition process that puts the focus on home-building and family life. For several years it has been important for you to develop your educational and communication skills and increase your reach through travel and networking with others. But now it is crucial to put down roots, and you find yourself thinking back to your own heritage and upbringing with a view to create a nurturing environment for those who are dependant on you. These new influences start growing around December - 2017 and will ebb out around March - 2020. During this time you will have established a very solid base from which to make forays out into the world. But it is early days yet, and right now you may feel ill-prepared. It starts by taking responsibility for the family and working on the home.

### **Opportunities for Success**

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from September - 2016 to October - 2017 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Having gained tremendous insight into the direction your life in the period, a new period is ushered in from October - 2017 to November - 2018 when the focus moves to your earning capacity. You gain a better understanding as to what it takes to strengthen your economy, and what assets you need to develop. This

understanding leads to increased personal resources and a broadening of your economic base, which will provide the foundation for increased growth.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 64. Three very important issues that make this year special are:

- There are very exciting and unforeseen events that revolutionize the way you think in the months to come. Sudden journeys bring unexpected change. You learn new technologies for communication. Mental stress can lead to abrupt breaks in contacts
- Challenges arise which at first powerfully affect your self confidence, as successes are few and far between and recognition and respect lacking. By working on building your character and patiently shouldering responsibility, you establish a position of confidence.
- Existing structures in your professional and domestic life no longer hold appeal, and you are attracted to alternative organizations who value solidarity and democracy, without overt leadership and authority. There may be excitement, but there is much less security.
