Report for May 13, 2017 to May 13, 2018

Dear Chris,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your fifties and commence a new decade, there is the realization that your character is now fully developed - you are who you are - it is now more a question of building on your talents, resources and achievements rather than proving yourself anew. You can be assessed by what you have achieved so far in life, and what there is to come is very much a bonus defined by your attitude and will. The challenge at this time is to find renewed hope and vision, yet it is a time when misjudgments tend to take place, either through lack of confidence or through being overly hopeful about the future. You tend to insist on following your own convictions without being sensitive to the opinions of others. At the same time, there are deeper issues connected with your mortality, and your ability to pass on the body of wisdom you have acquired to those who follow after you. You are poignantly aware of areas in your inner life that need healing, or where there are flaws and weaknesses, for they will surely surface in your 50th year. For you this is profoundly connected with an old spiritual wound that has constantly reminded you of the helplessness of the individual in the greater scheme of things. This is the time when the knowledge of universal suffering brings a wisdom of its own. This is manifested as discomfort in relation to friendships and groups, where a sense of being ostracized at an early age may lead you to keep yourself on the periphery of social events. You may be sought out by the community because of healing talents.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand

on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in breaking down emotional barriers between yourself and those you love. This influence started growing around January - 2015 and will ebb out around December - 2017. There are hidden complexes both in yourself and in partners, which can prevent intimacy, and these will be especially reflected in sexual frustrations that at their root are to do with anxiety. Working with therapy can loosen these blockages. Dealing with faceless authorities like the tax, police, council, trade unions and powerful financial institutions can also be a challenge at this time, because you are likely to meet a power over which you have no control. Generally this is a very challenging period emotionally, because you have to deal with more extreme circumstances than normal but you develop great resilience and survival power.

In this period of your life old emotional challenges make way for new philosophical growth. On the one hand there are still a great number of issues concerned with emotional relationships, sexuality and sharing that you are working on. There are times when it feels like you are in a state of purgatory, and that a cloud obscures the future. Nevertheless you will soon emerge from this rather heavy emotional state, and see the path ahead. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In the process you gain an overview of what the future will bring, and develop the skills and understanding necessary to tackle it. You will develop your full intellectual potential and build up your influence in the world through travel and cultural exchange. A new set of beliefs will take form, bringing a positive view of the future.

Opportunities for Success

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from September - 2016 to October - 2017 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Having thoroughly established considerable success in your working environment,

you are ready to build up one-to-one relationships through partnership in the period from October - 2017 to November - 2018, expanding your sphere of influence and reaching out socially. Fortunate meetings with cosmopolitan and wise people can bring happiness and a new optimistic view of your potential to make an impact on others.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 50. Three very important issues that make this year special are:

- There are tempting possibilities for personal growth and increased fame and influence, but they must not be at the cost of your principles or better judgment. You are confident that your views are right, or you are attracted to mentors with similar convictions. But you may be wrong.
- You experience a steroid boost that gives you the strength and courage to fight for what you want. Putting softer considerations aside you take a risk to expand your territory, traveling afar and meeting exciting people. You give yourself fully to your desires, both intellectually and bodily.
- You encounter obstacles romantically and economically that require that you take responsibility and lower expectations. You learn not to rely on others to confirm that you are lovable and attractive, but to build up your own self worth and esteem.
