Dear SHREYASH,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

During the course of your 25th year there are a number of developments that take you by surprise, and you learn that you can take nothing for granted. Life is an unpredictable affair. When change comes out of the blue, it also brings opportunity, so now is the time to find out just how prepared you are to take a few risks. If you are in a rut, you make a move to get out of it. Long-distance travel is favored, as well as meetings with exotic cultures, untraditional people and unconventional subjects. This is a time to creatively manifest your unique qualities. For you and your generation there is a willingness to experiment with traditional structures in society, and you are inclined to stand for the rights of individuals to carve out their own path. Your particular way of expressing your uniqueness in this respect is through seeking alternative modes of employment and maintaining space and freedom in your daily life at work and at home. You are willing to change work regularly to avoid getting stuck in a rut.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence

started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that

present themselves, the stage is set for a series of developments and opportunities during the age of 25. Three very important issues that make this year special are:

- A period when there is a rite of passage that sees one illusion after another being ruthlessly examined and discarded. You are no longer prepared to see your energy being dissipated by your own folly. You realize that you cannot attain your goals by frittering energy away on dreams.
- A time that awakens the power of fantasy and the imagination leading you to be seduced by beliefs that may not be able to deliver in reality. Ultimately this is a period of spiritual growth because you learn that beliefs are subjective and truth relative.
- You are challenged to become more self reliant, both in your love life and in regard to your economy. Romantic illusions founder on the rocks of reality, but this can be a healthy process which ultimately can provide the conditions for stability in relationships.
