Birth Report

Dear Rosa Siracusa,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Trine Pluto". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

How this influence affects your professional life:

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically -

involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games. Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Neptune Trine Saturn". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period may be one of personal hardship, because many of the structures and principles on which you have built your life can dissolve. Whatever represents authority for you needs to be revised, and you have to acquire a new sense of flexibility. People and things which you have grown used to and founded your security upon, can slip away from your grasp. This brings a new opportunity for you to define how you want to shape your life, and to make new choices as regards what to rely on. Any structures or beliefs which have been inflexible will disappear. It is especially important for you to consider long-term

material goals and ask yourself if they provide lasting values. When your life is over, it will be the quality of your life, and the actions that you have taken, which will be of value - personal status and material acquisitions will have very little meaning.

How this influence affects your professional life:

Your ambitions in life should be revised at this time, as you can no longer expect the same kind of satisfaction through hard work and the attainment of goals. The goals you are trying to reach will prove elusive - perhaps meaningless, so perhaps you should take time off to muse on the direction your professional life is leading you. Dealings with authorities, or establishing your own authority can prove especially frustrating now. Institutions get swept away by new trends. For some people this is a period when their professional security is really undermined. Jobs can be lost and personal economy weakened. Things built up over long periods of time can dissolve. Nothing can be done to shore up the sinking ship at this time. A degree of fatalism and acceptance can be necessary for a time. Allow unwanted constructions to be swept away by the passage of time, develop patience, and start to define new goals for your future.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
