# Birth Report

**Dear Kim Ko,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mars Trine Jupiter". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

You may well be an exciting person to be with because of your sharp intellect, optimistic nature and sense of fun. If you are a man, you will enjoy the company of your own sex, and be engaged in many activities, perhaps connected with sport or travel. You can excel in mental sparring contests and the thrill of debate. However there may be a tendency to pontificate, or generally make your opinions known in a rather dominating manner. Knowledge and understanding are strong motivating factors for you, so you like to sharpen your mind with discussion and involve yourself in cultural interests. Women with this aspect are attracted to intelligent men, and often have attachments to foreigners. The most important motivation factor when choosing a man is his ability to expand her mental horizons - either through religious, political, philosophical or cultural interests. An intellectual watershed arises in the relationship, where the man is no longer able to satisfy the intellectual hunger of the woman. How this issue is dealt with is critical for the success of the relationship. The most important thing for both sexes is to take personal responsibility for ensuring constant intellectual or philosophical expansion and personal growth. Relationships would improve dramatically, if you were able to admit that sometimes you are wrong.

## **How this influence affects your professional life:**

You are a person with considerable optimism and energy, and your generally dynamic nature and positive attitude to the future will most probably bring expansion and success in your professional life. You are endowed with great courage and enjoy a challenge, so you would thrive in employment which gave you the opportunity to expand your horizons and travel. There is something of the pioneer in you. As intellectual challenges are also important, you need mental stimulation and the opportunity to discuss issues and get important messages across. You can be very persuasive, but perhaps you also have a tendency to browbeat others. You have an almost religious zeal when it comes to convincing others about what is right and what is wrong. You may even see yourself as a fighter for justice, and whereas this ability to fight for a cause can be very useful under some circumstances, it can also lead to tiring conflicts and disagreements with superiors. Obviously, a job which utilises your energy, enthusiasms and deep convictions would be the best channel for your ebullient energy.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
