**Report for September 10, 2017 to September 10, 2018**

**Dear Erin,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

This is a year when you gain deep insight and expand your understanding of your role in the world. This gives rise to strong views about your life situation, and some concerns about what is right, what is wrong, and whether justice is being done. During this year you propagate your views and express your latent wisdom with confidence and optimism. You have a natural capacity to investigate hidden and secret material in your own psyche and in the world. An awareness of life as a process of constant death and rebirth brings psychological wisdom, gained through ruthlessly pursuing authenticity and emotional truth, whilst nurturing an understanding of the demons other people struggle with. This will reflect itself in your marvelous communication abilities and insatiable appetite to expand into your local environment and learn more. In the current year you can expect success and satisfaction in these areas, and a general expansion of your network.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges are in connection with home, family and your foundations. This influence started growing around January - 2015 and will ebb out around December - 2017. Many emotional issues come to the fore at this

time as your attention is drawn to problems and obstacles at home that you need to work on and improve. Baggage from your early upbringing stands in the way of intimacy, and this is experienced as emotional pressure at home. It seems like the walls are closing in around you, but if you put your mind to it you can make constructive changes in the home environment that will provide you with a stable base for the future. Once you have established strong foundations - and you will - you can proceed to an outgoing and creative phase in your life.

In this period of your life, much has fallen into place in the home and family environment, and there is a sense that you have put down roots and created solid foundations for future growth. A transition now takes place which puts the focus on your creative potential, and you start to ask yourself serious questions about your capabilities, and when you are going to do something concrete about self-expression. These new influences start growing around December - 2017 and will ebb out around March - 2020. You sense the challenge in all areas where you are likely to be judged - children, attracting lovers, performing - and you need to overcome a certain lack of confidence and put your self on the line. To enjoy life to the full you need to give yourself to the full, and recognition comes when you do this without holding back.

### **Opportunities for Success**

Having gained tremendous insight into the direction your life in the period, a new period is ushered in from September - 2016 to October - 2017 when the focus moves to your earning capacity. You gain a better understanding as to what it takes to strengthen your economy, and what assets you need to develop. This understanding leads to increased personal resources and a broadening of your economic base, which will provide the foundation for increased growth.

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between October - 2017 to November - 2018. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 35. Three very important issues that make this year special are:

- A period when you freely embark on a psychological self-improvement program that leads you to abandon weaknesses that have been conditioned in the past and embrace a more authentic and aware personal style. You find renewed strength from the deepest source of your being.
- You are challenged to become more self-reliant, both in your love life and in regard to your economy. Romantic illusions founder on the rocks of reality, but this can be a healthy process which ultimately can provide the conditions for stability in relationships.
- A period when those structures in your life which have become ossified and outdated will be marked for demolition. There can be confrontation with implacable authorities. The sooner you abandoned an outdated framework, the quicker you can get on building a new future.
