Report for January 18, 2018 to January 18, 2019

Dear january gay,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

Your 39th year is the culmination of the choices you made as your thirties began, and a time to harvest the results of all the efforts you have made. It is at this time when you both establish and advance your position in society, and maximize your influence and success. You are eager to gain more knowledge, and to spread the word about what you know. Whenever a peak is reached, then it also heralds the time for a new start, but at the same time it is important to enjoy the results of your labors and realize the assets you have built up. With your foundations firmly established, you may feel that you have the resources to take a few risks and experiment with your life. On the one hand you may want to see the world, and experience exotic cultures, whilst on the other you would like to manifest a more radical side of your nature.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past,

initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 39. Three very important issues that make this year special are:

- Revolutionary changes in the way you think about life and the future take hold, and your horizons dramatically expand through new intellectual interests or long-distance travel. This is a time to make a break with the limitations of the past and experiment with a new future.
- A period when there may be an element of force majeure in your life, which can lead to revolutionary change, if that is what you want. Wild travels and contact with some pretty strange individuals or groups bring about consciousness transformation.
- A time when efforts to attain success and build secure structures are undermined. It is the nature of this time in your life that frameworks are dissolved. This attunes you to a higher purpose and a deeper understanding of the hidden laws that inform

our fate.
