Birth Report

Dear Ashley Brooke Echeverria,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Square Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

How this influence affects your professional life:

You have a strong sense of responsibility regarding your professional

relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Sextile Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this time, but the most important consequence is the awakening of your

emotions and the stimulation of your erotic awareness. If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is a excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

How this influence affects your professional life:

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated. You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in

your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
