Dear Niels Erik,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

Other things being equal, the age of 72 is a time when you can allow yourself to feel satisfaction regarding your life up to now, and appreciation of both yourself and the others who bless your existence. Relationships are important this year. In nurturing your relationships, service is important for you. With humility and helpful kindness, you work hard to make the little things go well. You are critical and self-critical, but every detail is important for you in the art of loving. Love and longing go hand in hand in your search for the ideal soul mate - if such a person exists. There are spiritual solutions. You can experience so much pleasure in the things that you have accumulated and values during the course of your life, and through the beauty around you. Material objects have a limited lifespan, what counts is the pleasure and satisfaction they bring. This is a year to enjoy the things you have and the people you love.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are working hard to develop educational and communication skills that will serve you well into the future. This is a challenging task, and there will be times when confidence in your intellectual abilities is low, or

when you simply feel the process is too long or too full of setbacks. This is when you have to apply yourself with more determination than ever. Avoid being defensive about what you do not know or cannot do; just plan to improve step by step. These influences started growing around January - 2015 and will ebb out around December - 2017. You will reach your goal, and in the process you will build a valuable network of contacts who appreciate your diligence and application.

In this period of your life there is a major transition process that puts the focus on home-building and family life. For several years it has been important for you to develop your educational and communication skills and increase your reach through travel and networking with others. But now it is crucial to put down roots, and you find yourself thinking back to your own heritage and upbringing with a view to create a nurturing environment for those who are dependant on you. These new influences start growing around December - 2017 and will ebb out around March - 2020. During this time you will have established a very solid base from which to make forays out into the world. But it is early days yet, and right now you may feel ill-prepared. It starts by taking responsibility for the family and working on the home.

Opportunities for Success

An awareness of the spiritual forces behind your individual evolution has enriched your understanding of your self and the universe, and this now ushers in a period from September - 2016 to October - 2017 when you are ready to emerge from seclusion and apply this inner wisdom more directly in your dealings with others. A new confidence is reflected by a more forceful personal presence in which your ideas and opinions pave the way for personal expansion.

Having gained tremendous insight into the direction your life in the period, a new period is ushered in from October - 2017 to November - 2018 when the focus moves to your earning capacity. You gain a better understanding as to what it takes to strengthen your economy, and what assets you need to develop. This understanding leads to increased personal resources and a broadening of your economic base, which will provide the foundation for increased growth.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 72. Three very important issues that make this year special are:

- A time that awakens a longing in your heart for a deeper experience of love. No one person can live up to these expectations, but a developing interest in the arts or in spiritual values can awaken a new, deeper and more compassionate approach. Love may require some sacrifice.
- A time that awakens a longing to use your time on projects that concur with your dreams and spiritual goals. A sense that you can get more out of your work and sexual life inspires you to discover new ways of working and new forms of physical expression.
- You are infused with energy and confidence, and have the courage to embark on an expansion of your intellectual or travel horizons. You are in a winning mood, and a positive attitude ensures that you sweep away any opposition and reach the finishing post first.
