Birth Report

Dear Wendy Miller,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Conjunction Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

How this influence affects your professional life:

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable

expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Sextile Venus". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

This period brings a major reorientation of personal taste and values. This will affect your likes and dislikes in all matters - particularly relationships. This is the testing phase for any relationship that you doubt. Weak relationships based on inequality, power misuse, submission or false kindness cannot, and should not, survive this influence. A strong relationship will benefit from a new psychological insight which develops from a new intensity and self-examination. But even strong relationships can undergo a crisis at this time. This is one of the best periods of your life for getting into contact with your erotic needs. You may well feel a desire to explore forbidden areas of sexuality to deepen your enjoyment of sex, and it is a good time for overcoming prudishness and letting go of inhibitions. Relationships started at this time will be passionate and incredibly demanding emotionally. Some may last, bringing about a transformation in the capacity to express love and sexuality. In others the new lover is forced

to give expression to every ounce of love and emotion, and may be squeezed quite dry. There is an obsessive element to love affairs at this time, and the sexual element plays a major role. There is a danger of losing one's heart to a person who does not truly care, and this can lead to a humiliating experience, and a draining sense of personal worthlessness. A relationship built on these premises cannot survive, and the sooner it is over the better. When you emerge from this period, you will have a much deeper awareness of your relationship needs. The names of those you could not trust will soon disappear from your address book.

How this influence affects your professional life:

This is a more challenging period professionally for women, than for men. This can strongly affect personal self-worth and esteem, even giving a certain unpopularity. You can no longer rely on personal charm to achieve results. There is considerable pressure on social relationships, and you may find that allies you have counted on disappear, because of basically different views on life. Redefining your self-esteem is dependant on getting rid of false values. It is essential at this time to cut back on material things - especially luxury items. The more you cut back, the better prepared you will be for the future. Do not throw good money after bad, even if this means selling something that is costing you too much. It is better to take a loss. You will be tempted to loan money at this time partly because of financial difficulties, but also because of changes in taste and personal values. Make sure you do not loan to acquire luxury or prestige items. Make double sure that your investment is good. If possible get by through economising. This is a good time for psychological dealings with people, and for the transformation of waste products into something of value. Where there's muck, there's brass.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials

regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
