Birth Report

Dear Aditya Praveen,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Venus Opposition Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

It is unlikely that you will be completely fulfilled in your love relationships during the first 30 years of your life. You may have a rather low sense of self-worth and a correspondingly low threshold of expectation as far as romance is concerned. You prefer to play it safe, having burned your fingers in your young days. You may be attracted to an older partner, who can provide structure and security in a relationship, although security of this kind can prove restrictive in the long run. Intimacy does not come easily to you because of a strong fear of rejection. You maintain a cool facade as a protective measure, though this only makes your world a little colder. As you get older you learn that it pays to be a little more vulnerable, it pays to take a risk with your emotions. First you need to build up a strong sense of personal self-worth. Then by showing your own feelings without demanding exaggerated demonstrations of love in return, you can create a safe space for the mutual exchange of love.

How this influence affects your professional life:

You have a strong sense of responsibility regarding your professional

relationships, and you value trust and stability most of all. You can therefore function well in long-term business partnerships, and you are especially good at relating to the public in a friendly, though formal manner. You have a pleasing diplomatic nature and a fine sense of protocol. Job security and a strong economy are important to you, and other things being equal you are very careful with money. This may give talents connected with the financial world, banking, investment etc. Women with this aspect can be especially ambitious and willing to endure considerable hardship to get on in a career. In general there is more emphasis on the professional life than on the personal. As time goes by you grow to learn exactly what you are worth, and expect to get paid for it.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Trine Jupiter". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

How this influence affects your personal life:

During this period you will eliminate old convictions and replace them with new. This can lead to a transformation as regards your political, intellectual or religious convictions and a far greater insight into the nature and meaning of your life. It is quite likely that you will encounter groups who have a special set of beliefs at this time. There will however be a tinge of fanaticism, so you may also choose to liberate yourself from those who tyrannically try to impose their convictions on you. You are made aware of your own tendency to be intellectually or morally dominating now. Bear in mind that beliefs do not necessarily last

forever. They have to be discarded from time to time as your spiritual development proceeds.

How this influence affects your professional life:

Big things can happen at this time, but there are great dangers. Over-expansion or overconfidence can be punished severely. If you are building your hopes on a bubble it will burst, and the results can be expensive. Unrealistic promises may be made, but not kept. There can be confrontation with the law or finance authorities at this time, and you will have to reach an accommodation with their demands. If there has been any cheating, laxity or corruption, this is the time bills are paid - especially as far as the tax authorities are concerned. If your plans are well-laid, success - even great success - is possible. Eliminate over-reliance on outdated advice and advisors, and search for your wisdom within. There is considerable risk of ideological confrontation. Old concepts should be eliminated in favour of new. This is an excellent time to learn and use positive thinking.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
