Dear Melinda,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

After the many changes in the early forties, and the successful resolution of challenges in professional and personal partnerships last year, during your 45th year you are in a position to consolidate the structures that have been established, and build upon them. There is a realization that you have a duty to give back to society as well as receive, and you may feel you have the surplus energy to do something for the community. This is a year when your energy peaks, and - as you now have a clear idea what goals you want to achieve - there can be considerable achievement. By nature you are warm, outgoing and creative, always willing to engage in romance and perform for others. Yours is a proud fight for recognition. You make no secret of your desire to win, and are known for a courageous and combative approach. It is your style to be first into the fray. With this new forcefulness and maturity the way is paved for promotion and success.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017.

Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities

during the age of 45. Three very important issues that make this year special are:

- You encounter obstacles romantically and economically that require that you take responsibility and lower expectations. You learn not to rely on others to confirm that you are lovable and attractive, but to build up your own self worth and esteem.
- A new cycle of professional growth begins now, but things go slow because you need to build a solid foundation if you really want to realize a long term vision. Allow yourself to be guided by the voice of experience, but maintain a clear vision of what you want to achieve.
- You are energized, courageous and willing to take a risk. Your conviction that you are right cannot be deflected, and this can lead you into confrontation with people who have a different opinion, or to people who feel bulldozed by your gung-ho attitude.
