Birth Report

Dear Asma Wafai,

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Sun Trine Neptune". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

How this influence affects your personal life:

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

How this influence affects your professional life:

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive

insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
