Report for January 15, 2018 to January 15, 2019

Dear Predrag,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

This is a year when you gain deep insight and expand your understanding of your role in the world. This gives rise to strong views about your life situation, and some concerns about what is right, what is wrong, and whether justice is being done. During this year you propagate your views and express your latent wisdom with confidence and optimism. You are blessed with a positive mind and ability to visualize the future, which brings the faith to believe in yourself and in the beneficence of the universe. A natural wisdom resides within your soul, and you nurture this through major journeys and an insatiable search for insight and understanding. This will reflect itself in your inner life and a profound sensitivity to the interrelation between man and cosmos. The current year brings more seclusion in which you grow spiritually and nurture your compassion for those less fortunate than yourself.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you

are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

Opportunities for Success

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 35. Three very important issues that make this year special are:

- You experience an awakening that shakes you out of the rut and leads you to break out of professional and personal limitations so that you can pursue your own unique path of self-development. Travel and contact with fringe groups bring self-awareness.
- The efforts you have made in the past to build up a stable framework in your life start to bring concrete results and advantages. You approach challenges with a confident and mature attitude and are able to consolidate your position both professionally and domestically.
- A new twelve year cycle starts in which you reaffirm or readjust the meaning and direction of your life. This is the time to tune in to your full potential as an individual

and to define a moral and spiritual mission that will inspire you in the years ahead.
