Report for August 17, 2017 to August 17, 2018

Dear Marieke,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

Your 43rd year is a time when you are aware that major challenges are looming in the future, particularly in relation to authorities and partnership. Whilst you feel that relationships bring limitations, this is also a time when you are willing to rise to the challenge and accept more responsibility. Challenges now have a lot to do with family circumstances that have been restrictive or repressive, or challenging in other ways. This has led to a certain emotional defensiveness which gives effective protection on the one hand, but stands in the way of harmonious developments later, that could bring a rewarding family life. It pays to soften up. These challenges have a lot to do with a latent insecurity that you feel about all those unmapped areas of the soul. You are not wholly sure that the world is a friendly place, and a history of loneliness or isolation paradoxically makes you even more reclusive. You have great karmic battles to fight, and the territory is your own soul, which needs spiritual restructuring. With confidence rising as the year progresses, you have a vision about how you would like the year ahead to develop, and you can achieve the goals you set yourself through hard work, good luck, and through help from people who support you on your path.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more about how to create a nurturing and stimulating environment for yourself and those

near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 43. Three very important issues that make this year special are:

- A time that evokes a sense of confusion about what you want to do. Decisiveness is undermined, energy is dissipated. Sexually there can be listlessness and a longing for more magic. Above all it is difficult to be inspired by routine work. Longing leads to a new creativity.
- A time that brings tremendous stimulus to your imaginative powers, and awakens dreams of a utopian future. Without the ballast of common sense, top-heavy dreams will collapse. Correctly channeled this is a time of spiritual development and growth.
- You put negative thoughts behind you and mobilize the power of positive thinking and faith in the future that is the basis of all growth and happiness. By visualizing the future you want, you plant the seeds for that future to grow.
