HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from World of Wisdom are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The World of Wisdom birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Sagittarius

PROFESSIONAL - LIFE-PATH: Influence & understanding
You are philosophical, love freedom and open horizons, and these needs will be reflected in your choice of job. You would be happiest in an employment which offers dynamic possibilities, constant change and future promise. You would work well in pioneering ventures, especially if they offered connections abroad, or the opportunity to expand your inner or outer horizons. You are a person of extremely strong convictions and you are a passionate believer in justice. As your ideals are all-important, you have a need to see your work having an effect on society in some way. It is also essential for you to feel that what you do has meaning on a larger scale. Winning the hearts and minds of other people is important, so you may involve yourself in further education projects, consultancy, publishing and the media, or shaping public opinion in some way.

PERSONAL - LIFE-PATH: Influence & understanding
You are powerfully motivated to understand your place in the world and the meaning of your existence. Your curiosity and need to explore your boundaries will lead you to travel considerably during the course of your life. If or when you prefer the settled life, then you will read, study and discuss to gain further insight into the world. You are philosophically orientated, seeking depth and answers. In partnership matters you may often feel that your opinions are trivialised; conversely other people feel you take yourself too seriously. When you are bombastic and opinionated, other people compensate by being flippant or, in your eyes, superficial. An acceptance of the relativity and diversity of truth, and a certain self-deprecating humour, can make you easier to get on with.

Ascendant Square Saturn

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The hard school
You take your professional life very seriously, rising to the many challenges that arise during the course of your career. As you convey an air of efficiency and self-discipline, you will gravitate towards positions of authority. Lack of

self-confidence, and a certain shyness in relation to others can hinder your progress, but the older you get the better you are able to overcome your fears.

PERSONAL - LIFE PATH: The hard school
You can be rather an inhibited person - at least in the early stages of your life. Experience has made you wary in your dealings with others, and rather taciturn in style. You may feel uncomfortable about your personal appearance, and you have low expectations as regards your potential in life. Nevertheless you can inspire trust in others because of your considered, serious nature. The older you get, the more you lighten up.

Ascendant Conjunction Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The spiritual path
You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path
It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Ascendant Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Aura of mystery
You are attracted to positions of power in which you can exert control over your environment and professional

relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Jupiter In Leo

PROFESSIONAL - WISDOM: Have faith in yourself

The year of your birth brought powerful leadership issues to the fore, for good or ill. It was also a period when there was a strong focus on national entertainment, issues connected with children and education, the world of the elite, and matters of privilege. By tuning in to this influence you will discover the capacity to win respect and honour in a particular area of your life. With your winner mentality and burning faith in yourself, you simply attract success. Self-esteem is the key to achievement for you. By developing the capacity to visualise your future, and by consciously and vividly imagining the kind of circumstances you would like to experience, you can create the conditions for a prosperous future. Remember however that everyone is expendable - you tend to overdramatize your influence and effect, and to be unreceptive to the advice of others.

PERSONAL - WISDOM: Have faith in yourself

Making a favourable impression is very important for you, and you are good at it. When you channel this planetary influence you will radiate a natural confidence and charisma. You appreciate the luxuries of life and have a taste for quality items. You are a gambler by nature, and you believe in endless expansion. As you have a tendency to overestimate yourself it is important for you to cultivate the capacity to quit while the going is good. You are also concerned about gaining insight into your identity, and this may incline you towards self-development, though you hate to subordinate yourself to anyone else in this process. You have strong personal convictions, and your identity is very tied up with them, making it difficult for you to show flexibility or admit mistakes. You can have considerable influence on the ideas of those who surround you.

Jupiter In 8th House

PROFESSIONAL - WISDOM: Depth understanding

You understand the importance of influence and power in all your professional dealings. You have the intellectual ability to see behind appearances and draw wise conclusions as regards most matters concerning finance and investment. In this respect you like to think big. People trust you with their money and other resources, and you can make them grow. You may also have good fortune concerning legacies or inheritances. You have a choice of direction as far as expansion is concerned. You can make a lot of money, if you put your mind to it. You certainly have the know-how. But it is unlikely that you will be satisfied by material success, and you would achieve greater satisfaction expanding your influence, ideology and power. True satisfaction especially comes when you turn your understanding and investigative talents onwards to explore the fascinating realm of psychology and related subjects.

PERSONAL - WISDOM: Depth understanding

You can have a rich and rewarding emotional life. Not being satisfied with any superficial relationships, you have a hunger for intimacy and a deep understanding of the emotional motivations of your partner. You are both curious and talented as regards gaining access to the feelings of others, and you have the capacity for explaining hidden psychological factors. You may have a tendency to tout your own opinions and beliefs in a rather dominating way though. Stubborn insistence on matters of principle or conviction can easily sabotage emotional harmony. When you look back on your life you will notice that you have totally changed your own convictions at least once, so why let them become an issue in relationships? In a good relationship there should be plenty of space for a divergence of opinion.

Identity

Sun In Libra

PROFESSIONAL - IDENTITY: Create balance

It is in the complex inter-reaction with others that you learn to develop a sense of self. You can be an expert in social relationships, and skilled in initiating social contact. You are powerfully motivated by a natural sense of aesthetics, justice and harmony, and in your dealings with other people you are skilled at the art of diplomacy. You dislike taking sides and have the ability to see things from several different points of view. To others you may appear to be indecisive; but actually you need time to consider all the

issues. Your natural talent to put yourself in other people's shoes can mean that you play down your own needs. By cultivating an inner firmness which gives you the courage to take on a confrontation when necessary, you will be able to make the most of your ability to relate harmoniously to others.

PERSONAL - IDENTITY: Create balance

The major formative experiences in your life are connected with relationships. In these key periods changes connected with your intimate bonds to another will lead to a revaluation of who you are and what your role is in life. You learn at these times that being true to yourself means not always compromising your needs for the sake of a relationship. Indeed this kind of compromise often involves an element of manipulation - if only through your natural charm. Nevertheless, you feel a sense of self most strongly when in a harmonious relationship and it is here that your talents lie. Your appreciation of beauty and your good taste brings an atmosphere of peace. You show a natural concern for others, but you demand that this concern goes both ways - you cannot accept a relationship, if the romance has gone out of it, and you are skilled at recreating conditions for love.

Sun In 10th House

PROFESSIONAL - IDENTITY: Professional manifestation

You are capable of having a high professional profile - indeed society demands that you become deeply personally involved in your career. You are a natural leader in your field and it is an advantage for you to strive to become known. More than most you define yourself through what you do, and through how other people judge what you do. You are suited to a profession in which you either are self-employed or employ others. Should you find yourself working in a subordinate position, you may have differences of opinion with your employers. They will think you are arrogant, you will think you can do better than them! Successful leaders become role models for you.

PERSONAL - IDENTITY: Professional manifestation

You are extremely involved in issues of self-esteem and feel that your own self-worth must be measured by your achievements in society. This attitude stems from the influence of a parent - probably your father - who imbued in you ideas of respect and duty to society. Attaining goals, then, is the strongest motivational factor in your life. The problems is that you tend to move the goalposts in a constant spiral of striving. Perhaps it would be wise to relax more and enjoy the fruits of your labours? Because you identify so strongly with your professional position - you are

what you do - you may have difficulty being spontaneous and natural on an intimate or emotional level. You also have a deep need to be respected and appreciated by your partner. Being known or respected makes you take yourself too seriously.

Sun Trine Moon

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Conscious/Unconscious

As these two planets represent the basic building blocks of character, your success will very much depend on the nature of the aspect between the Sun and Moon, and other planetary influences. The main issue is your ability to assert yourself without unconsciously distorting the reactions you receive from others. Harmonious contacts between the Sun and Moon indicate a talent for nurturing and strengthening others through the capacity to understand them, as well as giving a wealth of creative talents in many areas. Disharmonious aspects give a tendency to misinterpret or distort the reactions of people who have influence in the world. Emotional conflict with people in authority can undermine progress in business life, and this will be connected with some immaturity on your part. Often the problem will lie in environmental instability in which your domestic situation is at odds with professional visions. At the conjunction - or the New Moon - there will be a strong self-sufficiency and a strongly integrated character, but it may be difficult for you to get an objective picture of yourself. This would be a definite disadvantage if you have to deal with others on an emotional level.

As you mature you gain greater insight into the role the unconscious plays in human behaviour, and in some cases this can lead to work of a caring nature relating to the emotional make-up of others.

PERSONAL - IDENTITY: Conscious/Unconscious

As the Moon waxes and wanes, it goes through different phases showing its relationship to the Sun. Each phase has a specific effect on personal character. At the New Moon - or conjunction - there is a strong self-awareness, but some frustration as regards getting on in life. Past bonds have a strong hold on the personal nature and will often stand in the way of progress. In relationships the conjunction can make it difficult to gauge one's effect on the partner, and although there is a strong sensitivity, it is felt very

subjectively. Often the bond to the parents is rather unique with this aspect, and the family life is characterised by an insular self-sufficiency. The father may exhibit a strong emotional or caring nature, and the mother may well have strong independent characteristics.

The full moon - or opposition - on the other hand gives almost too much objectivity, and emotional interactions in relationships are quite dominant. There is a tendency to project behaviour and attitudes on the partner, which in reality belong to oneself. This may be due to an upbringing in which there was a strong contrast between the parents. If so, you will have identified strongly with one parent to the detriment of the other.

The half moon - or square aspect - also bring conflict between the identity and emotional needs. As you mature it becomes essential to control inappropriate emotional reactions which relate back to frustration regarding your interpretation of parental conflict.

When the Sun and Moon have a harmonious relationship to each other, through the trine or sextile aspect, there is much greater ease in expressing feelings and ascertaining one's effect on others. Whatever the aspect, you will have a very strong emotional nature, and feel an enormous pull from the past. You will have well-developed instincts and a talents for delving in to the dark realms of the unconscious. Generally speaking with all aspects between the Sun and the Moon it pays to exert the influence of the will on your emotions, so that you gain greater consciousness of the deep-seated emotional programmes which still unconsciously affect your behaviour.

Sun Conjunction Mercury

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Subjectivity

As Mercury is never more than 28 degrees from the Sun, the only aspect possible between them is the conjunction - the closer they are together, the stronger this aspect will be. There is a great mental talent and a restless desire to learn more and gain experience. You would thrive in a job which gave you the opportunity to be on the move and meet people, as communication is definitely one of your strong points. You hate to be stuck in any job, and you need constant mental stimulation. This can of course lead to a number of radical job changes. Alternatively you can satisfy

your need for stimulation by going on courses or undertaking study projects. You have good teaching abilities and would prosper in any position in which you had to get a message across. Your strong points are your versatility, curiosity and a youthful enthusiasm. Your weaknesses are connected with restlessness and lack of concentration - and a tendency to be very subjective in your evaluations. You are overconcerned with making an impression and like to have the last word. You hate being wrong, and have difficulty admitting it when you are.

PERSONAL - IDENTITY: Subjectivity

Intelligence and communication are important issues for you in your personal relationships. You identify strongly with what you say, and it can be a blow to your personal pride if you are ignored or misunderstood. As a result you tend to be forceful in your opinions and at times unreceptive to what other people say and think. You are overly subjective, and you can spend a great deal of time running an inner dialogue in which you talk to yourself. By nature you exude a youthful spirit and a certain naiveté

Sun Sextile Neptune

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - IDENTITY: Find meaning in spirituality

On a professional level almost anything is possible for you - as long as you feel that what you do is meaningful. Whatever field you choose, your success will not satisfy you unless you work creatively or have altruistic goals. True satisfaction comes when you transcend material goals and personal ambition. You have high, and perhaps unattainable expectations of yourself...and often of others. You have an intuitive insight into others, and a natural creative talent, but you seem to have an unconscious drive to set up situations which guarantee disappointment or failure. You function best when there is an overall ideal that goes beyond your personal needs. There is a talent for working with visions and dreams, and areas of social concern.

PERSONAL - IDENTITY: Find meaning in spirituality

You are a sensitive and impressionable person with a strong need to be able to define who you are. You often feel that your grasp on reality is not tangible. If life becomes boring or monotonous, this can strike at the very core of your identity. Women with this aspect put their men on a pedestal from

which they rapidly fall. In your longing to find an ideal that does not dissolve like a mirage in front of you, you will constantly refine your nature. Your longing and dissatisfaction is the engine of spiritual change in your life. You find yourself by going within yourself. Meaning in life comes when you seek to attain idealistic goals and develop a collective vision which benefits others. You would definitely benefit from meditative practice.

Sun Conjunction Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - IDENTITY: Transformation of identity

It is important for you to make a strong impression on people, and you invest a lot of energy in this - more than you are aware of. Much can be gained by toning down your personal energy. You are suited to positions requiring the use of power and psychological insight. Whatever you do, you like to be deeply - sometimes fanatically - involved. This may often lead to battles of will, and you tend to win, basically because you cannot contemplate personal defeat. More flexibility would actually benefit you and help you avoid tiring power games.

Personal power is a natural asset - as you will discover after a number of significant personal crises which lead to a revaluation of your role. These crises are centred around achievement at all costs, or fanatical attachment to a particular role which outlives its meaning for you. When you learn to tone down your sensitivity about self-esteem, and invest your considerable willpower into projects which really mean something to you, and to others, you can achieve success. You may have a talent for psychology or dealing with the powers of the unconscious.

PERSONAL - IDENTITY: Transformation of identity

Early personal experiences have made you sensitive about your identity, and anxious about self-esteem. However this means, paradoxically, that you often overwhelm others with your presence. Thus you tend to be a dominating figure in intimate relationships. You need a partner who is not superficial and who shares your intense approach to life. To achieve harmony here you should relax instead of asserting yourself, otherwise relationships will become very exhausting. It is important to realise that power battles are related to inner fears about your identity. Women with this influence will often be attracted to a dominating man, only to find that he does not match her own strength which was

acquiring through trying times in childhood. More intimacy can be achieved by daring to show vulnerability.

Jupiter transiting Conjunction Sun

16-03-2017 -> 27-08-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Saturn transiting Square Sun

03-02-2019 -> 29-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Long-term strategy

You can use this period to rise to the many professional challenges in your life and create the foundations for lasting growth. This is no easy time; many difficulties arise and you will have to work harder and shoulder more responsibilities. Authority figures make demands on you, seemingly without giving you any recognition. If you try to avoid commitment now, you are likely to be dogged by worries and problems. Your self-confidence may be low, and you may feel that you cannot live up to the expectations of others. Time will show that you can overcome difficulties and achieve goals.

Planning and strategy is of the essence, and it pays to plan months ahead and to tighten up schedules, working to realistic deadlines in a committed manner. By completing your work in stages and dividing large projects into smaller sections, you will find that you can handle enormous responsibility. You will not get something for nothing now, but hard work will be rewarded in the long term, so roll your sleeves up and get down to it.

PERSONAL - IDENTITY: Long-term strategy

At the beginning of this phase you will probably not be feeling so good about yourself. You may feel that you do not get enough - or don't deserve - recognition. There is a strong inner feeling that you must pull yourself together and do something worthwhile, and the sooner you do this, the better you will feel. There is a general feeling of being weighed down by burdens, and there may be a lot of pressure to live up to the expectations of others.

It is time to take responsibility for your own life and to define new goals, whilst you can send a strong signal to other people - parents in particular - that you can look after yourself. By rising to the challenges of the time, you can develop a strong inner feeling of self-satisfaction, based on the results that come from hard work and effort. You will be facing central issues concerned with identity and self-sufficiency, and will emerge from this period as a stronger and more self-reliant person.

Pluto transiting Square Sun

01-01-2017 -> 15-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - IDENTITY: Personal transformation

This is an intense period in which you are under considerable personal pressure. You will radically redefine your identity at this time, so if you identify strongly with your career, you can expect fundamental restructuring of your goals. This is the time to sort out basic issues, as you do not want to waste valuable time on work that does not interest you. If you are dissatisfied with your job, you will now feel that it has no future whatsoever. However you will also feel that there is no alternative but to continue. But there is. You have to take a jump in the dark without expecting any guarantees whatsoever. When you jump, you will land in one piece, but old structures must be destroyed and a new foundation cleared, before you can start anew.

Leadership issues will be paramount. If you have an executive position, you will want to totally change your role. Leaders around you may fall from power. After this exhaustive process is over, you will have discovered new depths to your being, and buried talents will have risen to the surface.

PERSONAL - IDENTITY: Personal transformation

This is the major time in your life in which you undergo a deep, transformative purging of your identity. The image of yourself you have cultivated in the past, and the ideas you have had about yourself, will now be cast off - you have simply outgrown your previous self. You may feel exhaustion, with a strong sense that old goals are dead. So now it is just a question of burying them and discovering what you really want to do, no matter what it costs. Crises will lead to self-examination. Layer after layer is peeled off, until you come to the core of your being. This can be a very trying psychological process. You may feel that you are in a dark tunnel, with no hope of light at the other end. Your trials may seem to go on for ever, but within a year you will have experienced a profound transformation and developed a profound insight into yourself.

Therapy or psychological interests are favoured at this time. You will discover your personal power. Women who have lived out their identity through their father or partner will cast off the chains of their projection. Powerful men are eliminated from the consciousness, as you assert your own identity.

Emotions

Moon In Aquarius

PROFESSIONAL - EMOTIONS: Caring humanity

You are a very socially conscious person, strongly

motivated to create cohesion in groups. Paradoxically however, you often feel on the fringe as far as your relationships are concerned. You have a taste for unusual environments and function best when you consciously choose alternative relationships where people's differences are more apparent than their similarities. This gives an attraction to foreign environments or experimental life-styles. With your natural friendliness, deep social commitment and group consciousness you will have a special ability for working with people on the social fringe. You have a striking intuition, and may have talents for an unconventional profession.

PERSONAL - EMOTIONS: Caring humanity

You were brought up in an unusual parental environment characterised by rather special family relationships. You probably learned at an early age that it did not pay to be too dependent, and neither does it suit you, as you prefer friendships based on equality and shared interests. As such it is likely that your family relationships were characterised by intellectual principles of equality or liberation, whilst you may have missed the emotional supportiveness most children take for granted, although you may well have had a very friendly relationship to your mother. As many of the deepest bonds in your life are to true friends or groups, some of your greatest difficulties are experienced when these attachments are broken.

Moon In 2nd House

PROFESSIONAL - EMOTIONS: Attachment to personal values

Security and stability are major issues for you. You have a strong appreciation of what has value, and what doesn't, and as such you can achieve professional success dealing with property, food and catering for the basic needs of others. You prefer a job with a guaranteed income - childhood experiences connected with parental economy have taught you to play it safe and hang on to what you have got. Early memories of economic insecurity, especially as reflected by your mother's attitude to the administration of family finances give you a profound hunger for economic stability, and this inner need to avoid threats to you own financial security can mean that you stay longer than necessary in an unsatisfactory work situation.

PERSONAL - EMOTIONS: Attachment to personal values

You are very attached to the things you own, as they represent important emotional connections for you. You really do tend to hold on to things from the past, and they can clutter up your home. Your children and family

connections are major values for you, and it is a traumatic process when upheavals come in this area, and when bonds have to be cut. Some people may view you as materialistic and possessive, but you are a very giving person, just as long as you feel secure. Sometimes you eat just to feel secure. However you may be too fixated on security, and there will come periods in your life where you will lose the things that you are most attached to. Learning to adjust to economic fluctuations is part of a process of maturity for you.

Moon Square Venus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty

asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more detached attitude and a greater indifference to the need for constant approval.

Moon Square Mars

It may be difficult for you to discern the influence of this combination of planetary energies, as it has only a mild effect in your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Temperament

You have a dynamic and forceful personality, and generally get your way in your professional dealings. Your greatest enemy is your temperament - you get angry easily, and when you get angry, you take ill-considered actions. So if your job involves dealing with the public, there will tend to be a lot of conflict. You may however function well if your job entails the need to confront people and get things done, but not if it involves diplomacy or sympathy. You are impatient, but on the other hand you tend to invest your heart and soul into your work and get things done quickly and efficiently. However, you create an atmosphere of tension around you, and are extremely sensitive to criticism. You often imagine attacks which do not actually take place, instinctively going on the offensive, or defensive, to deal with supposed threats. Obviously this kind of reaction evokes the very kind of attack you are seeking to avoid. Only by taking a long, cool look at your assertive nature and by developing greater sensitivity and calm as regards others, can you hope to win goodwill in your professional life.

PERSONAL - EMOTIONS: Temperament

You were brought up in an atmosphere of tension which has

made you constantly on guard. Perhaps your mother was an unusually aggressive woman, or perhaps there were many struggles in your family life. Whatever the reason you tend to get easily upset now - especially in your domestic life. Women with this aspect are often attracted to emotional men who express their feelings passionately and intensely. However this may be because of unconscious provocation from the woman, who - never having experienced peace and calm in her early life - recreates the atmosphere of tension through criticism or angry moods.

Men with this aspect tend to have a short fuse, and often go about in an irritated state of mind. By identifying early childhood patterns of tension it may be possible to combat these negative emotional anger-states, which can be the source of a great deal of internal pain. Expression of anger rarely solves anything. It does not pay to let anger out, as you may fondly imagine. It pays to be conscious of the reasons for anger, before it arises.

As you mature and you gain insight into your emotional nature, you can learn to create an atmosphere of excitement around you. You will be inspiring to be with, and moreover, you learn to combat insecurity by giving freedom of movement and encouraging independence in those you are attached to.

Moon Square Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Unpredictability

You are something of a gipsy, and this means you can adjust to extremely unusual professional environments. You would thrive in a job in a foreign country for example - the more exotic the better. You are well-suited to working with people who are alienated from society in some way, especially if they come from a different culture. On the other hand you function very badly in a conventional place of work, where the same functions have to be performed day in, day out. You have a very low threshold for boredom, so you are suited to a job which brings exciting changes and variation during the course of the day - preferably meeting people. You have an advanced intuition and very sensitive antenna - this may give you some talents in the New Age sphere.

PERSONAL - EMOTIONS: Unpredictability

You do not have conventional desires as far as domestic harmony is concerned. In your childhood there were many unsettling influences and a general atmosphere of unpredictability, excitement or stress. You need to feel that something is happening around you. This means that you can get very restless in relationships, and if you feel bored - and you often do - then you start getting provocative. You are best suited to relationships which keep you occupied with new daily challenges - and you have a strong need to express your emotional energy in group scenarios. Your partner will not be able to satisfy your need for stimulation on his or her own. You thrive in unusual domestic relationships - for example communal living, flat-sharing or residence abroad. For partnership to function satisfactorily it is essential that you stop distancing yourself emotionally - this gives the impression that you do not care for your loved one.

Moon Sextile Neptune

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity
The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have

difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

Moon Trine Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement
You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Square Moon

28-12-2017 -> 01-10-2018

Major irritation factors arise as a result of this influence, yet

if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - EMOTIONS: Expanding your base

This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Libra

PROFESSIONAL - MENTALITY: A balanced view

You have diplomatic skills and a refined way of expressing your views without offending others. Your ability to see both sides of an issue and conciliate between opposite camps means that you can be a fine negotiator. You prefer to deal with people rather than things, and this may express itself in a profession where contact with others is the norm. Some people might consider you vacillating and indecisive. Actually you can make a decision, but you like to spend considerable time weighing the pros and cons. You probably prefer to put off decisive action until the last moment. When you do decide, your judgement is normally quite sophisticated, and guided by social and aesthetic considerations.

PERSONAL - MENTALITY: A balanced view

You are probably a soft-spoken person, eschewing coarse forms of expression. Even if you disagree with someone, you do so with good manners. You express yourself with grace and style, and during the course of your life you propagate a balanced view based on a strong cultural foundation. You may well have a love of the arts and literature. You probably enjoy friendly debate, and although you often enjoy the intellectual exercise of taking the opposite point of view, your deepest motivation is to create agreement. You rarely raise your voice, and for some people your even manner can be exasperating - you are just too reasonable. Your fair-mindedness and diplomatic style wins friends.

Mercury In 10th House

PROFESSIONAL - MENTALITY: Get your message across

You have certain specific professional talents which will lead you to work in several different areas in your life. Basically however your greatest professional asset are your mental talents and your special communication abilities. Contact with a variety of people, both locally and internationally, and a sense of being in touch with others - whether it is being up to date on what goes on inside the office or faxing and telephoning outside - are essential ingredients for professional success and satisfaction. You may do a good deal of local travelling, and work for you will be a constant learning and teaching process. New mental challenges are essential for your well-being - otherwise you will get bored. Develop your communication abilities through courses and improving communication techniques.

PERSONAL - MENTALITY: Get your message across.

You are a busy person, and your ceaseless search for the good professional opportunity distracts you rather from

personal and emotional issues. Sensing your destiny is to communicate, you have a tendency to feel that relationships make you deviate from your path - unless you have a partner who can share your interests in your career. Professional worries and a chronic tendency to plan ahead mean that you set too little time aside for domestic pleasures. A partner who was active in the home would be the ideal counterpoint for you because when you come home from work you need an atmosphere which encourages relaxation.

Jupiter transiting Conjunction Mercury

29-01-2017 -> 06-10-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader

public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Uranus transiting Opposition Mercury

20-03-2017 -> 07-02-2019

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - MENTALITY: New communication boundaries

This is a period of great mental inspiration and excitement. To attain professional success now it is essential to think in new channels, and not allow yourself to be limited by conventional ideas or "the voice of experience". It is the new and untraditional that brings success, so experiment, invent and surprise people. If you are involved in a long and boring period of education or training, then you are in trouble. Mental restlessness at this time will incline you to abandon traditional teaching and seek new ideas which will stimulate your imagination. You will learn best in experiential groups or by yourself.

This is an excellent time for improving New Age interests - particularly astrology. It is a time to travel and meet different kinds of people, and a good period to learn or use another language. You should modernise communication systems now, improve computer capacity and generally hook into networks which unite people. As far as contacts and agreements are concerned, this period is rather unpredictable. Being tied down or committed to time schedules does not suit your needs at this time.

PERSONAL - MENTALITY: New communication boundaries
During this inspiring period, you should grasp opportunities to drop activities which bore you, and start learning new things which keep you up to date with modern trends. Many inventive ideas pop up into your mind now, and you have to find people to share them with. You will be impatient with people with entrenched ideas and opinions, and you may feel the urge to provoke others into thinking in new ways. This impatience can bring tension and misunderstanding in relationships, in which case you should associate with people with whom you can communicate and share your visions.

Time moves fast in this period, and you too may be on the move, travelling and meeting people. Avail yourself of new

transport opportunities, buy yourself a car, or hop on a plane. Develop language talents, and immerse yourself in new technological developments, particularly as regards communication. Enrol on consciousness-raising courses, or get involved in grass-roots movements. There are very few times in your life when you will be so mentally open to radically new ideas,

Values

Venus In Scorpio

PROFESSIONAL - VALUES: Relationship depth

You are a private person, loyal by nature, with considerable perspicacity in personal relations. You are not suited to employment which demands that you relate superficially to other people, although you certainly know how to maintain an aura of privacy around you if you have to. One or two strong professional bonds to which you are very loyal is more your style. You can deal with many issues, but often some secretiveness is required, especially as regards financial matters. You have a talent for administrating finance. In the first part of your life, you may be strongly attracted to material success and personal prestige, as your personal worth is a central issue for you and a good salary does wonders for self-esteem. This may change later because of a financial crisis, which forces you to re-evaluate what is important to you.

PERSONAL - VALUES: Relationship depth

Emotionally you would prefer to mate for life - love is a serious issue for you, and you are inclined to be faithful, though possessive. There is considerable anxiety in relationships, and often a powerful jealousy, which in reality is testimony to the intensity of your love. Women with this position expect 100% emotional involvement from their mate, and the erotic element of the relationship will be a major factor. Indeed sexual satisfaction may serve as a barometer for the relationship. Men are attracted to the silent type of women, the aura of mystery and the sense of fated attraction. There is a tendency to become enslaved by the passions. It is important to avoid economic and emotional co-dependency. It is difficult for a relationship to survive unfaithfulness - love is all or nothing.

Venus In 12th House

PROFESSIONAL - VALUES: Spiritual devotion

You are a romantic at heart, and would function well in a job which gave you the opportunity to express your aesthetic sensitivity. You are undoubtedly a very giving and

devotional type, and these qualities can be expressed in many ways. On the one hand you may wish to find a channel for your compassion by giving your services to people in need of care. You may also have creative talents in connection with the arts or marketing because you know what has subliminal appeal to the broad mass of people. And you may prefer your own private, inner world where your aesthetic qualities can be expressed for your inner benefit alone. Although you may experience material benefits from your work, this will not be an important motivating factor. Inner satisfaction is far more important for you.

PERSONAL - VALUES: Spiritual devotion

You have a deep longing for a meaningful love relationship. It is not the sexual or material benefits that are important so much as the need to experience a form of spiritual communion or ecstasy. In your pursuit of romantic ideals you have a tendency to imagine qualities in the partner which he or she does not possess. Of course experience will divest you of your illusions, and you may be afflicted by a feeling of disappointment in your partner. If you indulge this feeling too much, your partner will begin to feel unsure or unhappy, and become isolated in relation to you. Women with this influence often have a tendency to become involved in love affairs in which they are the courtesan - wife number 2. Obviously such a relationship allows one to indulge the illusion that if the man left wife number one, then everything would be rosy. This of course never happens, or if it does, how can one then maintain the precious romantic illusions? Men too have the longing for the ideal love - but only through spiritual devotion can these deep longings be satisfied.

Venus Conjunction Mars

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Enjoyment

You have a dynamic creativity, but how you use it depends greatly on the nature of the aspect. Harmonious contacts between Venus and Mars give an exciting and winning nature, and the ability to work creatively with both sexes in whatever field you may be in. Inharmonious aspects also give considerable creative power, but conflict regarding sexual roles can sabotage success in one way or another. There is a strong erotic element in your character, and this

can lead to sexual involvements which distract you from your business. Men with these aspects tend to be more active in their sexual pursuits, women often feel they are on the receiving end. It all depends on the unconscious signals that you send, as you have a natural sex-appeal. If all goes well you can emanate warmth and congeniality which brings professional popularity. This can lead you to success in many fields, especially those in which physical strength is combined with grace in some form. You would also work well in public relations, and in dealing with children. Entertainment and having a good time can be very important for you in your work.

PERSONAL - VALUES: Enjoyment

As Mars and Venus are the male and female archetypes, this combination brings a powerful need to resolve the dilemma between the sexes. Harmonious aspects show greater ease in this matter, but inharmonious contacts and the conjunction bring extremely difficult challenges. Often confusion about the sexual role stems from the impression given by the parents concerning their love-life, particularly if infidelity was involved. Women with this aspect often experience a strong contrast between the demands of femininity and those of sexuality, and in extreme cases the man is perceived as being a primitive only interested in sexual satisfaction. Actually the woman sends strong sexual signals but gets confused about the response she receives, not knowing whether to take the initiative, (ladies don't do that), or be passive. The paradox is that women with this aspect have strong masculine traits, and can resent the man taking the initiative. Men with this aspect will sometimes have rather feminine traits, and have difficulty taking the initiative.

Whatever the circumstances, the erotic life plays an important role in the character, and there is a strong tendency towards sexual involvements which can be a threat to stable relationships. There is in both sexes a difficulty in integrating the loving nature with passion and desire - when to be tender and affectionate, when to go your own way? When to be attached, when to be detached? When to be chaste, when to let the body take over? When a balance is found, then there is great potential to have enjoyable relationships on both the physical and spiritual level.

Venus Conjunction Uranus

It may be difficult for you to discern the influence of this combination of planetary energies as it is not a strong configuration in your chart. This conjunction shows a fusion

of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Untraditional relationships

You need to work in an exciting environment where you are together with people who have untraditional ideas, or who come from unusual cultures or backgrounds. You function best when you meet a number of different people during the course of your working day - preferably interesting or unconventional types. You have a talent for working with the media - you may also function well in a job which brings travel to exotic places. As you have a strong interest in consciousness-raising groups you may get involved with political, spiritual or social movements. You function well in a team - but not in a conventional working environment where you meet the same people all the time. You need to feel as free as a bird. You have a talent for making friendships - you make an electric impression on others, but actually you are rather detached yourself.

PERSONAL - VALUES: Untraditional relationships

The major characteristic of your love-life is your need for excitement and the unpredictable, coupled with a restlessness which you feel when relationships do not offer you the opportunity for personal development. You have a tendency to form relationships to people from foreign countries, different cultures or unusual environments - in other words with a person who can bring an element of the exotic into your life. Often you can find yourself in a situation, in which you choose not to actually live together with a partner. Preferring to keep your independence - especially as regards the freedom to have your own friends - you maintain the excitement of romance by periodic meetings where you can constantly have your need for excitement fulfilled. In extreme cases you experience "airport-love" - short but exciting relationships with someone from another area of the world. In this way you avoid committing yourself emotionally. If you want a more permanent or stable relationship, or if you would like to feel more secure with your loved-one, it is essential to make a deeper emotional commitment.

Jupiter transiting Conjunction Venus

15-01-2018 -> 16-10-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period

than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Drives

Mars In Scorpio

PROFESSIONAL - DRIVES: Cut through to the essence
You have deep energy reserves at your disposal, and there is the capacity to work under considerable pressure - indeed crisis situations can evoke outstanding qualities in you. You work in an intense and determined manner, and are capable

of sticking to a project over a long period of time - you can even become obsessed by your work. There are special talents with regard to analysing a situation in detail, and you have an uncanny instinct for getting to the source of a problem. If a difficult decision has to be made, you can do it, even if it might mean telling someone an unpleasant truth or getting rid of someone who is superfluous. In some cases there can be a reputation for being ruthless, but this quality is often necessary if one feels limited by something which has outlived its usefulness. You have the capacity for helping others in crisis - especially on a psychological level.

PERSONAL - DRIVES: Cut through to the essence

You are a dangerous person when cornered, even though you may not give this impression at first glance. Other people sense your power and can feel rather nervous in your presence. Many passions rage in your centre, and you are very sensitive to situations which undermine your prestige. It would be an advantage for you if you could cultivate a more relaxed attitude to competition. Men with this position of Mars have a magnetic aura and powerful sexual drives. They like to exert a subdued power in love relationships. Women also exude an aura of power and sexuality, and are drawn to a man with an aura of mystery or secrecy. Jealousy - and even revenge - can be powerful unconscious factors in relationships. Both sexes hate to feel powerless and expend a lot of energy maintaining control in any given situation. During your life emotional negativities will be transformed through powerful psychological upheavals, and you can become a silent force for good in your environment.

Mars In 11th House

PROFESSIONAL - DRIVE: Solidarity

You are dynamically inspired by social causes and can find professional satisfaction working motivating groups in one way or another. You are a reformer by nature and are prepared to take on the necessary confrontation to get your ideas accepted. Your motivations as a reformer are not selfish; you are prepared to be in the vanguard working for collective interests. You have very little respect for restrictive social norms and prefer to be direct in your dealings with people, therefore you function best when you are a spokesman of some sort, or when you carry the banner of a social or political movement. You may have very strong ideological principles, and you are prepared to fight for them.

PERSONAL - DRIVES: Social agitation

You are very interested and involved with your friends;

fiercely loyal, you are prepared to fight shoulder-to-shoulder with your brothers and sisters for a common cause. However many troubles arise in your social circle - perhaps because you have a tendency to speak your mind to a provocative degree, perhaps because you are a bit of an outsider. Not one to take social niceties into consideration, you tend to stir up discontent in groups. You are also attracted to rough and ready people who you can trust for their honesty and directness. You have the ability to take on a dynamic role in a group, perhaps connected with sport or outgoing enterprises. Generally speaking you will thrive in the company of men. Women with this influence may often be sexually attracted to a friend; men may prefer to be with amongst other menfriends as they can feel too limited by intimate partnership.

Mars Conjunction Uranus

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

PERSONAL - DRIVE: Experimentation

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability

is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

06-12-2017 -> 06-09-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their

masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

25-10-2017 -> 21-11-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these

phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Journey into Space

This is a very dynamic period for the expansion of your horizons. There will often be long-distant travel to exotic destinations at this time, or increased contact with foreign countries. International contacts can prove valuable to your profession, and should be cultivated. During this explosively expansive period there can be considerable restlessness - you can hardly be satisfied with a desk job now, or any kind of education or training which does not offer an experiential curriculum. Surprising and unpredictable developments can arise - particularly in connection with legal matters; therefore care should be taken as regards contracts or commitments. You can use the energies of this period optimally by integrating new visions of the future into your goals. Enhanced consciousness and interest in unconventional subjects can play a role in your future.

PERSONAL - WISDOM: Journey into Space

This may well be a period of increased social activity and intellectual curiosity. During these months revolutionary new opinions can lead to a radical change in your viewpoint. Contact with foreigners and their cultures can be a catalyst in this process. You may find yourself getting involved with New Age or international groups. This is a great time for inspiration and radical consciousness change, but you may find yourself at cross purposes with people who have traditionally had a strong influence in your life. You have a desire to overthrow intellectual and religious authorities now, and replace restrictive ideologies with ideals about freedom of the individual. You want to define and follow your own path to personal growth at this time, without the heavy hand

of any guru or mentor.

Jupiter transiting Conjunction 1st House

27-12-2018 -> 17-09-2019

PROFESSIONAL - WISDOM: Gain understanding

In some ways you have a larger than life image, with considerable intellectual charisma. Generally you will take an optimistic view of life's challenges, and seek to gain a deeper understanding of the meaning of your existence. Professionally you have the ability to motivate others through your example, especially as regards empowering others with hope and faith in what the future may bring. Other may come to you for professional advice, and your opinions will generally carry weight. Intellectual, philosophical or religious interests, coupled with a desire to expand your horizons, may play a part in your career. Important journeys can bring profound changes in your views about life, and work abroad may have appeal for you. You receive a considerable boost every 12 years of your life, as Jupiter returns to its birth position.

PERSONAL - WISDOM: Gain understanding

You will have considerable influence on others through your opinions. At best you can really expand the vision and understanding of others, but at worst you can be rather intellectually dominating. You like to embrace broad views and have little time for triviality - though plenty of time for humour. You enjoy life and know when not to take things too seriously. Other people can feel small or even ignorant in your presence - make allowances for this. You have deep convictions on a religious, political or philosophical level and probably enjoy a good discussion. Generally you display a great appetite for life, are willing to take a gamble and often ride to success on your unshakeable faith in a benevolent future.

Jupiter transiting Conjunction 11th House

15-09-2017 -> 13-10-2017

PROFESSIONAL - WISDOM: Social influence

You benefit professionally from the influence of good friends and people in high places. Your social connections are thus very valuable, and you tend to be very lucky as regards meeting the right people in the right places at the right time. You would function well in a large organisation - especially if it has international connections. Your ability to gain an overview over large social organisations, combined with the many friendly relations you cultivate with people who have great influence, will bring success and prosperity in your life.

Perhaps being member of a club will bring certain privileges for you - at least it certainly does not harm your career if you mix with the higher echelons of society.

PERSONAL - WISDOM: Social influence

Great benefits come to you through the kind guidance of good friends. A particular person or a particular group can have a considerable influence on your intellectual development. You cultivate the best contacts and other people may experience you as rather elitist or snobbish because of the people you choose to spend your time with. From your point of view, mixing with successful or cultured people is essential for your own development. Their good fortune rubs off on you. You too will in turn be able to benefit other people through your own insight or knowledge - particularly if you work with groups in some way. You can attain an influential position in society thanks to your social vision or ideals about the future.

Challenges

Saturn In Virgo

PROFESSIONAL - SELF-RELIANCE: Systems organisation
Saturn was in this sign in the periods 1948-50 and 1978-80.

This was a period of reconstruction, focus on labour relations and public health, and emphasis on the concept of service. Should you manifest this influence in your career you will be very hard-working and conscientious, and make enormous efforts to get your professional life on an even keel. You probably feel that organisation is not your strong side, yet as you get older you learn to systematise your time and effort until you become a skilled organiser with a fine sense of detail - though this can sometimes border on the pedantic. Your greatest professional challenges are concerned with integration with the work force and getting things to function on a practical level with colleagues.

PERSONAL - SELF-RELIANCE: Systems organisation

You were born in a period where there was great focus on principles of efficiency, hygiene and being of service to others. Many of the challenges in your life are concerned with how to make yourself useful to society, without becoming a slave of the system. On one level there is a need to be accepted and integrated in your environment, but on the other hand it can be difficult for you to find your place. It is a question of being able to set limits for when to offer your help, and when to refuse it. If you are too service-minded you will feel misused, if not enough, you will feel isolated. It is difficult for you to feel that the efforts you

make are good enough, and you will often spend a lot of time trying to improve things and make them more efficient. In other words you can develop considerable perfectionism, and whilst this will often bring good results, it also creates inertia and prevents progress.

Saturn In 9th House

PROFESSIONAL - SELF-RELIANCE: Intellectual training

During the course of your life you overcome a feeling of inadequacy as regards your intelligence and judgement, and through concentration and training - and perhaps a commitment to higher education - you can become a kind of intellectual authority in one field or another. Your ability to draw wise conclusions from experience, and your careful analysis of the truth, may give you a talent in an area which requires sober analysis and judgement. You have the capacity for serious study, and you are able to show other people a path of understanding through a philosophical system or set of rules. You are very conscious of your place in the intellectual hierarchy and a little too inflexible in your opinions or understanding of what truth is.

PERSONAL - SELF-RELIANCE: Intellectual training

Gaining intelligence and understanding has a high priority for you. As a young person you were probably exposed to parents or teachers who had strong and rather inflexible opinions and you may have had difficulty because of some kind of orthodox dogmatism. Hindrances may have arisen as regards the pursuance of a further education. Ultimately a lack of intellectual confidence drives you to improve your mind, so that you become able to define your own beliefs about the meaning of your existence. You are attracted to some kind of spiritual system or hierarchy, and have a tendency to believe in a strict set of moral rules connected with spiritual growth. You have the capacity to study long and hard - you do not expect the way to understanding to be easy. Special challenges may be connected with abroad, or a spiritual teacher who demands personal discipline. It pays for you to be more receptive to the opinions of others, and less defensive about your own convictions.

Jupiter transiting Square Saturn

08-12-2018 -> 04-01-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Originality

Uranus In Scorpio

Uranus In 11th House

PROFESSIONAL - ORIGINALITY: The outsider

You have the ability to integrate some rather revolutionary concepts about social organisation into your professional career. Being rather dissatisfied with the social status quo, you have a vision of reform in which social benefits are distributed on a fairer basis. You may find yourself associating with progressive organisations which espouse the interest of special groups. Your role in these matters is more as catalyst than organiser - you are very good at galvanising people or ushering in an era of change because you have the capacity to identify social structures which stand in the path of development. You have the ability to work with untraditional groups - especially people from foreign countries who feel themselves as outsiders. You may also have a talent for group work with untraditional, perhaps New Age, interests.

PERSONAL - ORIGINALITY: Outsiders

You seek inspiration in unusual friendships being more interested in the spiritual benefits of the company of others rather than the need for security or to be one of the crowd. You prefer the outsider role - early experiences in your school years will have alienated you socially and left you little time for the false comfort of the group. You benefit greatly, however, from contact with consciousness-raising groups. You are attracted to people who stand out from the crowd - people from abroad, or from unusual cultures, or with unusual opinions or provocative life-styles - and though you can have a number of strong friendships with this type of person, these bonds are loose and characterised by long periods of estrangement. Shocking or unpredictable developments come through friends. Friends can sometimes break off contact without warning and this may be because they find you too emotionally remote, or because you befriend the kind of person who is not really capable of forming deep emotional bonds.

Jupiter transiting Conjunction Uranus

06-12-2017 -> 06-09-2018

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So

experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Transcendence

Neptune In Sagittarius

Neptune In 1st House

PROFESSIONAL - TRANSCENDENCE: Divine discontent

You are a person with an indefinable aura of mystery and longing. You tend to drift along as you seek to define your mission in life, and the litmus test for whether you are going in the right direction is the strength of your constant inner feeling of discontent. This feeling is the light which refines your being and your life-goals. When you find your professional niche, it will often have a deep spiritual meaning for you, perhaps connected with helping others in some way. You can never truly thrive in a profession which only offers material perspectives. You can feel truly satisfied professionally when you feel that you are being of service to others, or living out your higher destiny.

PERSONAL - TRANSCENDENCE: Divine discontent

Although there are times when you are visionary and inspired, you tend to emanate an aura of dissatisfaction - as if something is lacking in your life. Other people may feel frustrated because of their lack of ability to give you satisfaction. You tend to downgrade yourself and allow others to superimpose themselves on you. You function best when you cultivate a caring attitude towards others. You may be marked by early spiritual experiences which open a window to your consciousness. This becomes a driving force in your life-path, and you are driven to strive for the seemingly unattainable. In partnership matters, you have to overcome a tendency to be a wet blanket. Romantic love can never quite give you the spiritual nourishment that you require, so it is important to cultivate transcendental interests.

Neptune Sextile Pluto

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect

between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Conjunction Neptune

08-01-2019 -> 07-10-2019

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take

wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Neptune transiting Square Neptune

10-04-2017 -> 31-12-2020

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Spiritual readjustment

This influence is experienced by everyone around the age of 41, and as such its effect is rather general. It is however important to consider to what extent your career lives up to your dreams and ideals, because this is the time when you can adjust working rhythms to incorporate some of your dreams. If you have a predisposition for escapism or lack of organisation, you can expect to be confronted by a general sense of dissolution. It can pay to take some time off to tune in to Nature and spiritual or creative interests. At the same time you may wish to review the influence of alcohol or drugs on your life and make some changes.

PERSONAL - TRANSCENDENCE: Spiritual readjustment

Everyone aged 41 will experience this influence, though those with Pisces on their Ascendant may react more strongly than others. This is a good period for spending time on spiritual, creative, musical and artistic interests, and in general you should pay more attention to inner rather than outer needs now. You may expect some spiritual reorientation as you consider the basic meaning of your life. If you feel any inner despair or meaninglessness, then this is a signal for you to take steps to nurture your soul life. Be particularly aware of the negative affects of alcohol and medicine misuse.

Transformation

Pluto In Libra

Pluto In 10th House

PROFESSIONAL - TRANSFORMATION: Transform your

ambitions

You can invest enormous energy into achieving your goals - even to the point

of obsession. Behind this compulsion lies a deep subconscious need to prove

yourself. On the positive side, this will bring results, simply because of the

efforts you make. However, there will come a time in your life, where you will

discover that your personal destiny is something quite different from what you

have hitherto strived for. The career transformation which follows - perhaps around the age of 40 - will lead to totally new interests, where your talent for going into depth and giving yourself 100% will bring success. You are suited to a job where you wield a certain amount of power. When it is a question of taking unpleasant decisions, even if this can affect the jobs of others, you are capable of being quite ruthless - even with yourself. You have a special talent for identifying factors that undermine success, and rooting them out. As such you are a skilled reformer. There may also be a talent for working with computer technology or psychology-related subjects.

PERSONAL - TRANSFORMATION: Transform your ambitions.

You have been powerfully affected by a parent on a hidden psychological level. Perhaps there were unspoken but unpleasant expectations connected with you getting ahead in life. You have developed a hidden need to sabotage the expectations of others because of this parental theme. Later in life you may even find yourself working under a person who is rather unreasonable - even tyrannical - in his or her treatment of you, repeating the pattern from childhood. If you find this kind of situation arising, the root cause is of course your own attitude to authority. The need to sabotage is projected on people who you identify as having too much power. For true success and satisfaction in life you need to unearth these unconscious motivation factors - otherwise you will sabotage your own success.

Jupiter transiting Conjunction Pluto

28-03-2017 -> 18-08-2017

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - TRANSFORMATION: Power play
During this period you will be initiated into the use of power

and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Saturn transiting Square Pluto

21-01-2019 -> 16-12-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Bonds on power
This influence may not be felt very strongly, unless you have strong Scorpio traits. This is a period when you are confronted with power manifestations in society, and it can be necessary for you to summon up reserves of strength and determination to handle situations which seem beyond your control. Take care in your dealings with police, tax authorities or underworld characters, as you are liable to meet people and groups who are in a position to humiliate you. In professional matters you have to take a closer look at what goes on under the surface. Eliminate any corrupt elements, and look more closely at your motivation when asserting your power.

PERSONAL - TRANSFORMATION: Bonds on power
Though sometimes rather subtle, this influence can release powerful elements in your unconscious mind. If you are a victim of emotional states such as jealousy and paranoia, now is the time to make an effort to deal with them. Deep-rooted psychological complexes which manifest as

obsessive behaviour will surface now and the more you try to repress them, the greater power they will have over you. A sure danger sign is if you start accusing other people of evil behaviour, or if you feel that you are being shadowed or persecuted. Inner demons manifest in outer events now, yet solutions are to be found within your own being. You can contact archetypal forces now, for example through shamanism.

Destiny

N.Node In Virgo, S.Node In Pisces

PROFESSIONAL - DESTINY: Down from the cross

During the course of your professional life the emphasis shifts from a passive role in which you subordinate your needs to those of others, to a more active concept, in which you seek to perfect and tune the skills you have. In your early years there is a tendency to rely on natural talent, because you lack the discipline to make tangible improvements. Later on you perfect your skills through training and hard work. You may often feel that you are striving to create order out of chaos, and that all your efforts to create a stable working environment can come to nothing through a shift of fate. Being able to relate to those you work closely with without tension, and learning to establish basic working rhythms are major life challenges for you. As time goes by you gain more security and confidence in your professional life.

PERSONAL - DESTINY: Down from the cross

You are born with considerable spiritual ballast and a strong sense of your place in the cosmos, though you may feel alone in the world. You have to struggle with a sense of isolation in your early years, and there may be an indefinable sense that circumstances are quite fluid around you; things can dissolve and nothing can be relied on. A strong desire to create order on all levels is born in you. This can mean greater attention to diet and the needs of your body, and considerable effort to establish a disciplined daily life. There is a shadow of sorrow that can pervade your mood, and it is essential that you reject feelings of martyrdom and passivity. There will undoubtedly have been major events in your early life which can give good cause for unhappiness, but work is often the best solution, as well as an attitude of acceptance for that which cannot be changed.

N.Node In 9th House, S.Node In 3rd House

PROFESSIONAL - DESTINY: Gaining an overview

You are a person with a natural talent for communicating.

The need to maintain connections and keep in touch with others is a powerful motivating factor early in your life. You know a lot of people, and you spend considerable time socialising with them. As you mature, you will derive less and less satisfaction from the endless whirl of your social rounds, and there may be the sense of being full up to the brim with other people's ideas and opinions.

At this point you embark on a wisdom-seeking journey.

PERSONAL - DESTINY: Gaining an overview

A turning point comes at some point of your life - particularly around the age of 37. You feel a strong need to define your own ideas and opinions, instead of regurgitating the ideas of other people. You also need to seek the mountain air, getting away from the demands of family and friends. The triviality of your everyday life begins to pall, your words seem empty or borrowed, and the things you have learned seem bereft of deeper meaning. This dissatisfaction may lead you to a life of serious study, in which you strive to gain an overall perspective which makes sense of people's busy lives. This may be coupled to a strong philosophical or religious experience.

Jupiter transiting Square N.Node

08-03-2019 -> 26-11-2019

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Understanding karma

You can expect an expanded circle of contacts at this time, with a special emphasis on people who are seeking influence on a large scale in society. Opinion-makers, advisers and foreigners can bring a new perspective in connection with future planning. You may feel that your destiny is interwoven with some larger plan. Greater awareness of the direction you wish your life to take can mean making a few adjustments. Do not let inflated ideas about your destiny or personal importance lead you astray.

PERSONAL - DESTINY: Understanding karma

This is a time when meetings have particular significance in terms of karma and your growth as an individual soul. You may have a powerful experience connected with some group activity now and gain greater insight into your soul and your fate as a human being. There is also a strong tendency to be drawn into a web of spiritual illusions - though you will surely also have rewarding experiences. You are drawn to partners who have a deep significance for you now, for good or ill.

Saturn transiting Square N.Node

12-01-2017 -> 07-12-2017

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DESTINY: Group responsibilities

This period is characterised by a professional commitment with a group and the responsibilities that this commitment involves. The interests of the collective may turn out to be more relevant for your career development than your own ambitions or desire for status. Older people in authority may impose limitations on your development, and you can experience a compelling need for greater self-discipline to deal with the demands made on you. The decisions made now can have an important formative effect on your destiny. Benefit comes through subordinating ego needs for the good of others, and accepting the hand of fate, as it moves in your career.

PERSONAL - DESTINY: Group responsibilities

This is a time when time will stand still for a while, so that you can take stock of your ambitions and goals in life and see where they have led you. It is a fateful period in which your responsibilities to others and your role in society can become very important. Some people feel that their life direction leads to a blind alley in these months, or that plans for the future are futile and empty. There is benefit to be attained through inner spiritual discipline, as the hunger felt at this time can not be satiated by outer success.

THE TWELVE HOUSES

The Ascendant - Lifepath

This is by far the most important position in the horoscope. It represents you, your life and how you occupy the stage - your style. Planets placed here dominate the life.

The Second House - Resources

This house is connected with self-worth. How you feel about your body, your assets and talents - and therefore your financial status - is reflected by planets in this house.

The Third House - Connections

This shows mental abilities and experiences connected with education, siblings, neighbors and everyone in the local environment. The house of travel and networking.

Descendant (7th) - Relationships

Whilst the Ascendant is connected with yourself, the Descendant is to do with others. This house shows where we reach out and meet people, and form lasting relationships.

The Eighth House - Intimacy

This house is connected with life's inevitabilities like sex, death and taxes. This is where we feel most anxious and vulnerable, and where we confront emotional and sexual taboos.

The Ninth House - Understanding

Planets placed here express themselves through insight and understanding gained through travel and further education. This is where beliefs are formed and judgments given.

The IC of Fourth House - Roots

This shows the family heritage, the atmosphere at home, and the ability to connect to roots and put down new roots. Parents and family are shown here, as well as property and ancestry.

The Fifth House - Expression

Planets placed in this house are strongly identified with and projected onto the stage. This house is connected with feeling confidence through creativity, children, love and play.

The Sixth House - Service

Planets placed here show the need to relate with others via practical issues such as work and domestic tasks. This house is connected with health and the daily environment.

Midheaven (10th) - Achievement

This house represents crowning achievement - your goals and mission. It also shows your career and superior authorities like parents, bosses etc. Planets here achieve success.

The Eleventh House - Groups

This house is connected with your social life. It has to do with friendships at school and in later life, as well as groups and associations, or the social sphere you are a part of.

The Twelfth House - Isolation

This shows isolated places in society like prisons and hospitals, or simply living away from it all. Planets placed here show where inner development takes place when feeling alone.

THE ASTROLOGICAL ASPECTS

The Conjunction

(0 degrees... orb allowed: 12 degrees)

Key word: Fusion
