HOW TO READ YOUR ASTRO CALENDAR REPORT

The AstroCalendar report from World of Wisdom enables you to plan your moves for a period of three months and to perfect your timing in your love life, your relationships and your career. This report is based on the movement of the planets in this period in relation to your birth horoscope (which is shown as a full color wheel at the beginning of the report). Transits of all the planets - Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto - are mapped, and the precise influence of these contact to your birth chart is described in a short and concise text.

However, it is not enough to read about an influence. What is important is to know how to act. There are times when it is crucial to take action, and times when it is wise to keep a low profile or remain passive. In relationships, sometimes you need to powerfully defend your position, at other times it helps to know when you may be on the wrong track. The AstroCalendar report helps you by imagining what kind of questions you might ask yourself as a result of the astrological influence. And providing answers.

What would happen for example, if the planet of love, Venus, came to conjoin Mars in your horoscope? The AstroCalendar report describes this influence in this way:

Love and Excitement: You are turned on today. Dance, romance and make love. Be assertive and forget the finer sensibilities for a while. Enjoy your desires.

It then goes on to suggest that you may ask the question: Is it OK to flirt? and the answer is clearly: If you don't flirt today, you'll never flirt. The suggestion of sex definitely spices up life, and today you should be thinking about how to be more alive..

By using a question and answer technique in the reports (there are three questions and three answers for each influence) you, the reader, have to really think about what you are feeling, and if you are in doubt, then the answers will enable you to follow what you unconsciously know is the right path. In this way you can use the report to plan ahead, avoiding days when negative trends decrease your chances of success, and making the most of days that are astrologically favorable for you.

Whilst this report shows trends that last from just one day to several months, it is important to also understand your personal birth chart in depth. If you have not already had one made, it is really worth ordering World of Wisdom's Birth Horoscope report. This describes your character in detail, both in relationships and in your career, and it also contains a more detailed description of long-term trends that are affecting your life in the years ahead. If you would like to learn more about your horoscope, a concise description of the planets, signs, aspects and houses is included at the end of this report.

Some things to remember when you read your report: Some things to remember when you read your report:

Your birthday: The program registers when the Sun returns to the exact place it was when you were born. In some cases this can happen on the day before or after your official birthday!

If you find there are days when there are no influences, this is because no planets activate your birth horoscope that day (although the Moon will).

The influence of the Sun, Mercury, Venus and Mars is very transient, whilst that of Jupiter, Saturn, Uranus, Neptune and Pluto can last many months. All the interpretations take this time element into consideration.

Retrograde movement: Occasionally the planets appear to stop and move backwards (owing to their relative movement in relation to that of the Earth). This can mean that the same influence will be shown more than once in the report.

It's a question of balance. You'll never get away from life's commitments, invest your prestige in doing your best, and personal growth comes automatically.

Shall I let people know what I really think?

Everyone identifies with their opinions, and is convinced they are right. Your views are almost certainly too subjective.

What's the best way to react to the persuasive techniques of others?

Resist their influence. Come with reasoned arguments if necessary, but don't get involved with long-drawn out discussions. Keep your inner counsel.

Can I trust my judgment today?

It's liable to be very subjective. Get a second opinion, and wait a few days before making a decision.

Transiting Venus challenges your Uranus

ROMANTIC RISKS: You're tempted to cross boundaries today. Risks in love bring excitement but no security. An experiment may be called for to reduce distance.

Should I make a sudden move in a relationship?

demands of love, and meet some interesting and exciting people.

How are new people who come into my life today?

Transiting Sun challenges your Midheaven

Things are exaggerated out of all proportion today. Beware of getting sold something of inflated value, and don't listen to bigmouths.

Transiting Mercury challenges your Midheaven

DISTRACTIONS AT WORK: Hectic activity and interruptions can distract you from your goals for the day. You'll have to get organized to get your message across.

Should I shut out distraction and concentrate on the matter at hand?

You probably won't be able to. Accept the fact that people are going to come in and out, and deal with one thing at a time.

How should I react to communication from family members?

Expect distractions on this front today, too. You may not agree with them, but give siblings and other family members your patient attention.

Just study them carefully for flaws. Adjust and adapt. This is just a change of course, not a brick wall. Break large projects down into smaller, and make a plan to handle each of them.

Should I trust what I hear?

It's a good day for business and other plans, but don't trust blindly. Give yourself plenty of time to consider proposals, ask advice, then you'll be ready to make a commitment.

Transiting Sun positive your Saturn

WELL TIMED PLANS: Make important agreements today, and they will have a long-lasting effect. Self-discipline and determination now bring great results later.

Plan ahead. Think in terms of years. First of all prioritize what you need to achieve in your life, then move forward a step at a time.

What is the right attitude to setbacks now?

There are no problems... just challenges. Setbacks are valuable because they harden your resolve and force you to concentrate. This creates the foundations for a solid future.

Be patient. Keep a low profile. Get yourself noticed by those in authority, but don't make demands. You need to prove yourself.
