# Birth Report

**Dear Emmanuelle Olivier,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Opposition Jupiter". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

Gaining intelligence is a strong motivating factor in your life. Attending courses and studies, learning languages, travelling and meeting people, are all important activities for you, because they give you the opportunity to train and expand your mind. A foreign language may play an important role in your life - you certainly have the capacity to master more than one language. You can be witty and a mine of information. On the other hand you may feel a strong need to impose your ideas and opinions on others. You hate to be belittled mentally, and you may compensate for this by becoming argumentative, or by dutifully trying to enlighten people about what the truth is. It is better to fulfil this need in some job for which you get paid - rather than tire your partner with your constant need to explain and inform. It is wisest to give your opinion only when it is consciously sought by others.

## **How this influence affects your professional life:**

One of your great professional assets is your intellectual curiosity and interest in communication and information. You can be something of a perpetual student, accumulating knowledge and insight for a rainy day.

These intellectual talents bring you success in fields which require study, writing, meeting people, travel and generally exchanging ideas. You have excellent teaching talents, because you both have the capacity to concentrate on details, and at the same time can draw wide-ranging conclusions. You can maintain an overall perspective, even when drowned in facts and figures. You can also be extremely persuasive, and this can give a talent for sales. People can come to you for advice and information. You are also suited to a position in an office, where you have access to phones and faxes, computers etc. You may be rather restless, so you need to work in a position in which you work with a whole spectrum of daily tasks, or in a situation in which you meet a variety of different people, perhaps whilst travelling around.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Pluto Sextile Jupiter". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

During this period you will eliminate old convictions and replace them with new. This can lead to a transformation as regards your political, intellectual or religious convictions and a far greater insight into the nature and meaning of your life. It is quite likely that you will encounter groups who have a special set of beliefs at this time. There will however be a tinge of fanaticism, so you may also choose to liberate yourself from those who tyrannically try to impose their convictions on you. You are made aware of your own tendency to be intellectually or morally dominating now. Bear in mind that beliefs do not necessarily last

forever. They have to be discarded from time to time as your spiritual development proceeds.

### **How this influence affects your professional life:**

Big things can happen at this time, but there are great dangers. Over-expansion or overconfidence can be punished severely. If you are building your hopes on a bubble it will burst, and the results can be expensive. Unrealistic promises may be made, but not kept. There can be confrontation with the law or finance authorities at this time, and you will have to reach an accommodation with their demands. If there has been any cheating, laxity or corruption, this is the time bills are paid - especially as far as the tax authorities are concerned. If your plans are well-laid, success - even great success - is possible. Eliminate over-reliance on outdated advice and advisors, and search for your wisdom within. There is considerable risk of ideological confrontation. Old concepts should be eliminated in favour of new. This is an excellent time to learn and use positive thinking.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
