**Dear alyssa,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

The age of 21 sees you poised on the threshold of adult life after a radical process of change during which you have asserted your unique individual qualities and to a certain extent tuned in to the essential aspect of your fate that gives your life purpose. Now is the time to consider how you can use your natural resources and childhood inheritance to define the direction you want your life to take so that it will have meaning for you. You will meet people and get involved with groups who guide you on this path. This is a year when you tend to assert your opinions strongly, sometimes for no other purpose than airing your views. You exercise your intellectual muscle, but you are not always right. Your opinions are considerably constrained by the demands of society. A strong sense of duty guides you, and the insights you gain remind you that some kind of structure is necessary to contain growth. Optimism is therefore tempered by a somber realism. With age, you can become an intellectual authority. This will reflect itself in your whole appearance and style, which is characterized by a confidence in the rightness of your beliefs, and a pedagogical attitude in general - areas which will expand and bring satisfaction in the current period.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the

challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past, initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

### **Opportunities for Success**

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 21. Three very important issues that make this year special are:

- A series of educational or communication challenges undermine your confidence in your abilities. Through mental focus and improvement of skills you rise to the challenges and become more adept, even if you are initially overcome by worry or dejection.
- There are many changes in your social life and relationships, as you seek more excitement, space and freedom. Involvement in fringe groups brings consciousness

growth. Encounters with people from radically different cultures bring new methods of relating.

- An exceedingly optimistic period begins when you gain insight into the meaning and direction of your life, expand your boundaries of knowledge and learning and widen your horizons through travel. This is a time when you develop a humorous attitude to life.
