**Dear dinessalem@aol.com,**

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

### **The Significance of your Age**

Other things being equal, the age of 72 is a time when you can allow yourself to feel satisfaction regarding your life up to now, and appreciation of both yourself and the others who bless your existence. Relationships are important this year. In relationships, commitment is the key for you. You are prepared to overcome many challenges to be, and stay with, the partner you are destined for. Love and status go hand in hand as you consolidate your position in society. Your relationships come first. The impact you make when entering the scene guarantees a very active love life. You can experience so much pleasure in the things that you have accumulated and values during the course of your life, and through the beauty around you. Material objects have a limited lifespan, what counts is the pleasure and satisfaction they bring. This is a year to enjoy the things you have and the people you love.

### **The Challenges Ahead**

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you continue working on a new framework for your personal development by defining the path ahead. There are a lot of challenges, delays and obstacles to be overcome, but now you know what you want, and you are prepared to work long and hard to set in motion your new plans. In the past,

initiatives tended to dissolve before being put into practice, because you were trying to achieve outdated goals. Now initiatives really kick in and gain traction. These new influences started growing around December - 2017 and will ebb out around March - 2020. You are setting the scene for a whole new epoch of personal development. The time has come; other people need to accept that your greatest responsibility is now to yourself, because unless your life is on a strong footing, and unless you are following your own mission, you cannot be strong for others.

### **Opportunities for Success**

With professional achievements and an increase in status behind you and many career goals achieved, you are ready to capitalize on recent success by consolidating your assets and expanding your influence socially in the period from October - 2017 to November - 2018. Generous friends and mentors smooth your path and give you access to the highest places, and you harvest wisdom and influence at social gatherings.

After a period of expansion and satisfaction in your social life, your search for meaning and understanding goes within, and in the period from November - 2018 to December - 2019 you discover the spiritual riches that can be attained through seclusion and introspection. This is a time when learn how man and cosmos are interconnected, when you feel empathy and solidarity for fellow human beings.

### **Crucial Issues This Year**

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 72. Three very important issues that make this year special are:

- Both on the romantic and economic front there are obstacles and difficulties. The flow is blocked, and you do not receive the support you want, which initially undermines your self-worth. Keep expectations low and cultivate frugal habits - you are building solid foundations for the future.
- You feel an exhilarating urge to throw out ideas and beliefs that have been imposed on you by so-called intellectual authorities and experiment with a whole new set of convictions, especially as regards the future. Intercontinental travel and unconventional groups expand your mind.
- Positive professional trends bring expansion opportunities. Your track record attracts the attention of influential people who know how to bring advancement with less effort, and who want you on board. Your decisions about the future carry

more weight and growth is guaranteed.
