# Birth Report

**Dear Simone Carole Ebilegue Balondona,**

Thank you for ordering your Birth Horoscope MiniReport, which is sure to help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

In designing this short reading, I have focused on what is especially unique to you. But - even more important - I have identified the most crucial influence on your immediate future and this will enable you to optimize good fortune in your life. Read on and prepare yourself for a great journey...

The strongest influence in your birth horoscope is "Mercury Trine Saturn". This is both a great talent and a great challenge. Know yourself, and you will be able to optimize the talent and overcome the challenges.

## **How this influence affects your personal life:**

You are oversensitive about your intelligence and have a tendency to work twice as hard to prove to yourself and to others that you can meet intellectual demands. As you put so much effort into improving your mind, you can become quite an expert in your chosen field. However in personal relationships you can become very defensive when you are misunderstood, and in situations when you try to understand another person, a mental block can descend because you invest too much self-conscious effort in the process. Relationships would benefit dramatically if you were more relaxed in this respect. You are reluctant to admit it when you do not understand, and this can lead to an escalating situation of misunderstandings. You are also rather a stickler for detail and can be frustratingly pedantic, and your formal style tends to stand in the way of mental spontaneity. Many of the problems around communication improve after the age of 30, as you learn that communication is not a competition but rather a two-way process in which understanding brings mutual benefit.

## **How this influence affects your professional life:**

You have a logical and disciplined mind, and special skills as regards working out systems and performing tasks which require patience for long periods of time. You prefer to stick to rules and established methods, but you can apply your mind to any task in a very conscientious way, if required. You may be rather suspicious in allowing the imagination to have too much influence - you are the kind of person who reads instructions carefully and follows them. This can make you a little inflexible as regards integrating new methods. Furthermore your admirable attention to detail can hinder you in getting an overall perspective on things. In the first phase of your professional life you can be afflicted by a sense of mental inferiority, so it is important for you to spend time on further education in a constant process of acquiring new skills.

As you mature, you will get better and better at making the most of your talents and changing unwanted behaviour. Opportunities arise because the universe does not stand still. In astrology current trends in your life are identified by following the movement of the planets and how they relate to your birth horoscope - called planetary transits. Below I have identified the single most powerful influence in your life right now. When you understand this influence, you'll know exactly how to make the most of the opportunities presented to you.

The most powerful influence in your life right now is "Uranus Square Sun". Transits tend to last for about a year, and there are three intense peaks of power during that period. If you don't get it right first time, understanding the following trend will certainly help you get it right the last time!

### **How this influence affects your personal life:**

This is an exciting and breathless period which brings dramatic new awareness and consciousness change. Above all it is a time to set yourself free and enjoy a world without boundaries and restrictions. Perhaps your loved ones will have difficulty appreciating how strong your need for change is, but this is not the time to compromise. This is your time, and you must avail yourself of the opportunity to change your attitude to your life. You can meet some very exciting people at this time who come from exotic countries, or who have unconventional

and inspiring interests. Involvement in groups is particularly favoured, especially as regards consciousness-raising activities. It is as if you are electrically charged and full of new energy, so grasp the opportunities that arise. You can accomplish far more than normal in this short period. It is also possible that you feel bored or tied down now, and this is because of the awakening need for change. Change can come suddenly and unpredictably, and when it arises, you should not miss your chance. This is an excellent period for sudden insight into your identity, and for renewed spiritual awareness.

### **How this influence affects your professional life:**

This is a dramatic time of change which favours those who are willing to take a risk concerning the future, but upsets those who would prefer things to continue as they are. Now is the time to make some revolution in your life by grasping modern trends and setting out on untrodden paths. If economic safety and job security are your main priorities, you could be in trouble. Unpredictable things can happen now because change is on the agenda. If you take an objective view of what you are doing now, you will almost certainly see that if some kind of renewal doesn't take place, you will die of boredom. Do not avoid necessary change now - you should be prepared to make daring and radically new decisions - let yourself be swept along by the excitement of the times. Opportunities now are connected with greater freedom and independence. You can drop work which restricts your movements and consider more flexible working hours. This is a favourable period for free-lance work, or temp work which gives you more time to do the things which really interest you. Working with new technology, computers, fax and modern communication is particularly favoured. If you have New Age interests, this is the time to really go for them. You may find yourself travelling more internationally, or getting involved with foreigners. Humanitarian issues can be important.

Now you know something about what makes you special, and something about what makes this period of your life special. However, this MiniReport has not taken into account two very important factors, which make a chart reading even more accurate. When you also supply your birth time and birthplace, the planets can be placed in context in your horoscope using the 12 houses. With this information you can

obtain a really accurate description of your challenges and potentials regarding work, love, sexuality, attachment and a lot more. I'd love you to take advantage of this opportunity to get a full horoscope report of about 20+ pages delivered to your email.
