Dear Sherri,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

Your 52nd year is a time when you breathe new life into communication and educational influences and are very active in networking with others. Your communication talents lie in your ability to think fast and think ahead. Your competitive frame of mind brings success in getting your ideas across. These talents are channeled into a variety of imaginative interests that you pursue on a private level. You are moved by human dilemmas. Your interests go far beyond your material life, relationships and career now - you are interested in finding more meaning in your life, and if necessary making radical changes and a personal transformation to live a life of intensity and authenticity.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life the major challenges lie in breaking down emotional barriers between yourself and those you love. This influence started growing around January - 2015 and will ebb out around December - 2017. There are hidden complexes both in yourself and in partners, which can prevent intimacy, and these will be especially reflected in sexual frustrations that at their root are to do with anxiety. Working with therapy can loosen these blockages. Dealing with faceless

authorities like the tax, police, council, trade unions and powerful financial institutions can also be a challenge at this time, because you are likely to meet a power over which you have no control. Generally this is a very challenging period emotionally, because you have to deal with more extreme circumstances than normal but you develop great resilience and survival power.

In this period of your life old emotional challenges make way for new philosophical growth. On the one hand there are still a great number of issues concerned with emotional relationships, sexuality and sharing that you are working on. There are times when it feels like you are in a state of purgatory, and that a cloud obscures the future. Nevertheless you will soon emerge from this rather heavy emotional state, and see the path ahead. This new influence starts growing around December - 2017 and will ebb out around March - 2020. In the process you gain an overview of what the future will bring, and develop the skills and understanding necessary to tackle it. You will develop your full intellectual potential and build up your influence in the world through travel and cultural exchange. A new set of beliefs will take form, bringing a positive view of the future.

Opportunities for Success

After a period of living life to the full through creative projects, children and festivities, new possibilities arise in your working environment from September - 2016 to October - 2017 because of opportunities abroad, or through an expansion of your area of expertise and encounters with intellectually inspiring colleagues. This is a time to expand the influence of your ideas and disseminate information that you really believe in. It is possible that there is more work to do, but it is more interesting work and it brings personal development for you.

Having thoroughly established considerable success in your working environment, you are ready to build up one-to-one relationships through partnership in the period from October - 2017 to November - 2018, expanding your sphere of influence and reaching out socially. Fortunate meetings with cosmopolitan and wise people can bring happiness and a new optimistic view of your potential to make an impact on others.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 52. Three very important issues that make this year special are:

- An awakening of your capacity to experience love at its highest level, especially through spiritual experience and the arts. Whilst this is a romantic period, personal love is often experienced as illusory or unrequited. It is the universal nature of love and compassion that enriches.
- A time that reveals the weaknesses in any latent tendency you have to control your environment through power and manipulation. Forces larger than you are take you on a voyage into unknown realms of the unconscious, revealing the universal forces that govern the human condition.
- A time that brings the sense that structures that you have spent years building up are the subject of forces beyond your control which are dissolving them. The best course of action is to surrender and let go - when the ocean comes the castles of sand are swept away.
