Dear Tony,

Thank you for ordering your Year Ahead report, which I hope will help you to understand the harmony between yourself and the universe and enable you to initiate the changes you want in life.

Our lives are formed from the decisions we make. Knowing when to accept an invitation, or call someone you are attracted to, or accept that new career opportunity that has come your way, can mean the difference between extraordinary success and failure. Read on and prepare yourself for a great journey...

The Significance of your Age

As you enter your 81st year, there is a sense that limitations are crowding in on you. Whilst you have built up strength and resilience during the course of your life, the same kind of problems continue to appear. Challenges now have a lot to do with dealing with long term issues of dissolution, chaos or suffering in the society in which you live. Wise beyond your years, you are witness to the eternal truth that everything dissolves with time, and this in turn can undermine your will to build things up. The responsibility you feel needs to be channeled into active compassion. These challenges have a lot to do with a latent insecurity that you feel when you are exposed emotionally, which happens in particular in intimate relationships, both in regard to sexual expression and sharing. Learning to loosen up emotionally, perhaps through therapy, is a prerequisite for a deeper and more satisfying sexual life, as well as feeling more secure in general. Slow and steady wins the race, so it is the usual recipe of hard work and determination that works. At the same time you are profoundly aware that in your journey down the river of life the ocean is approaching. There lies the promise of spiritual fulfillment, as well as the fear of the dissolution of everything you have worked for. Only spiritual values count now, but the material world still makes demands.

The Challenges Ahead

The process of attaining success during the current year depends on the one hand on how well you build upon early experience and on the other on formulating your vision for the future. Once you have a vision, you can plan how to achieve it step by

step. An optimistic attitude and belief in yourself will help you to overcome the challenges that naturally arise during the course of the year.

In this period of your life you are focused on developing your creative skills and displaying the fruit of hard-working efforts to express yourself. This influence started growing around January - 2015 and will ebb out around December - 2017. Overcoming reticence and concern about whether what you produce is good enough is a major issue. There is considerable sensitivity about everything which is a reflection of who you are - your children, your love life and your ability to shine in social gatherings. In brief your ability to enjoy the art of living. If you cannot achieve spontaneity and be carefree, do not worry. What is needed is committed application to activities that interest you. Repeated failure always paves the way to success if you cultivate the virtue of perseverance.

In this period of your life you are searching for ways to apply your creative skills in practice. You have been working hard to overcome blockages in self-expression and to acquire the confidence to put yourself and your creativity on the line. A transition is now taking place that requires committed cooperation with others to put your skills to good use. This new influence starts growing around December - 2017 and will ebb out around March - 2020. It is no longer so much about you, but about how you integrate with others and offer your services for the benefit of the whole. In this process you will encounter challenges at work and with colleagues, which test your humility and willingness to serve. It is good training. This is also a time to focus on your body, which, if it is to serve you well, needs to be nurtured with healthy daily habits.

Opportunities for Success

Once you have learned how to capitalize on your unique resources and gain confidence and self-assurance, you need to reach out to others between September - 2016 to October - 2017. This leads to travel and an expansion of your skills educationally. This is a great year to widen your network of contacts. Through increased communication on all levels, you learn how to make sure-footed progress.

Having developed your education and communication skills, and widened your network of contacts through travel, there is an urge to expand your influence and potential on the home front between October - 2017 and November - 2018. This brings insight and good fortune connected with property and family. At this time you broaden your emotional foundations, partly because you gain understanding of the influence of your upbringing, and partly because you are curious to learn more

about how to create a nurturing and stimulating environment for yourself and those near to you.

Crucial Issues This Year

As you mature, acquire new resources and meet and overcome the challenges that present themselves, the stage is set for a series of developments and opportunities during the age of 81. Three very important issues that make this year special are:

- In terms of survival issues connected with work, and your drives and sexuality, this is a time when extreme conditions evoke drastic action and far-reach decisions for change. Power battles evoke an inner psychological strength that you never knew you possessed.
- You are infused with energy and confidence, and have the courage to embark on an expansion of your intellectual or travel horizons. You are in a winning mood, and a positive attitude ensures that you sweep away any opposition and reach the finishing post first.
- A time that awakens the power of fantasy and the imagination leading you to be seduced by beliefs that may not be able to deliver in reality. Ultimately this is a period of spiritual growth because you learn that beliefs are subjective and truth relative.
